EX REBUS ANTIQUIS ERUDITIS ORIATUR

Report

of the

Ontario Bureau of Archives

PREFATORY

No volumes of Ontario Archives have been more in demand than those containing the Journals of the Legislature and Legislative Council of Upper Canada, since the appearance of the first volume in 1909. It cannot be otherwise than gratifying that an interest sincere and widespread is thus manifested in the sources of our Provincial history.

The Ontario Bureau of Archives invites the co-operation of the growing class of students of local history throughout the Province, and will gratefully receive and carefully preserve papers and documents—especially of an official character—placed in its collection.

The contents of the volume now given to the public, calls for no special comment from the Provincial Archivist, than that no trace has been yet found of the missing numbers for the years 1794, 1795, 1796, 1797, 1809, 1813, and 1815, and that the search shall not be abandoned.

As in preceding volumes the aim has been to furnish a literal reproduction of the original MSS.; no liberty has been taken with the form in which the Clerk of the House recorded the proceedings.

Continuing with the Journals for 1812, the MSS. for the next Report is already in the printers' hands.

Provincial Archivist.

HOUSE OF ASSEMBLY, UPPER CANADA.

York, Friday, 1st February, 1805.

At the First Session of the Fourth Parliament of Upper Canada, begun and held in the Town of York, on Friday, the First day of February, in the Forty fifth Year of the Reign of Our Sovereign Lord George the Third, by the Grace of God of the United Kingdom of Great Britain and Ireland, King, Defender of the Faith, and in the Year of Our Lord One Thousand Eight Hundred and Five.

His Excellency, the Lieutenant Governor, having by his proclamation hereunto annexed, dated at York the Fourteenth day of May, 1804, dissolved the last Provincial Parliament, and by his Writs of Summons issued under the Great Seal of the Province, bearing Teste at York on Tuesday, the Fifteenth day of May, 1804, calling a new Provincial Parliament, and appointed the same to meet and to sit on the second day of July next ensuing, and having prorogued the same from time to time until this day,—William Jarvis and Donald MacLean Esquires, Commissioners appointed by Dedimus Potestatem for administering the Oath to the Members of the House of Assembly of the said Province of Upper Canada, came about eleven o'clock in the forenoon into the House of Assembly of the said Province, where William Jarvis, Esq., Keeper of the Rolls, delivered to Donald MacLean, Esq., Clerk of the Assembly, the Roll containing the list of the names of such Members as has been returned to serve in the Provincial Parliament, a copy whereof is hereunto annexed. The Commissioners did administer the Oath appointed to the Members who appeared, which being done, and the Members having subscribed the Roll containing the Oath, they repaired to their seats in the Assembly accordingly.

After which a message was delivered by Mr. George Lawe, Gentleman Usher of the Black Rod.

Gentlemen,—

His Excellency the Lieutenant Governor commands the Members of this Honorable House to attend His Excellency immediately, in the Legislative Council Chamber.

Accordingly the Members went up to attend His Excellency, where being,

The Honorable Speaker of the Legislative Council said.

Gentlemen of the House of Assembly,

I have it in command from His Excellency the Lieutenant Governor to signify to you that it is his will and pleasure that you do return to the House to which you belong, and there to elect one of your number to be your Speaker, whom you shall present for the approbation of His Excellency at the Bar of this House to-morrow at one o'clock.

And the Members being returned,

Prayers were read.

Ralf Clench Esquire, Knight, one of the Representatives for the second, third, and fourth Ridings of the County of Lincoln, stood up and addressed himself to the Clerk, who standing up pointed to him and then sat down, proposed to the House for their Speaker, Alexander McDonell, Esquire, in which motion he was seconded by Robert Nellis, Esquire, Knight, one of the Representatives for the West Riding of the Counties of Lincoln and Haldimand.

The Clerk having declared Alexander McDonell, Esquire, unanimously elected, he was led to the Chair by Ralf Clench and Robert Nellis, Esquires.

After the Speaker was led to the Chair he addressed the House as follows.
Gentlemen of the House of Assembly,—

I feel much gratitude for the Honor you have conferred on me by placing me in this Chair, and I shall strenuously endeavour to merit the continuance of your good opinion.

And thereupon he sat down in the Chair.

Then the Mace, which before lay under the Table, was laid upon the Table.

David McGregor Rogers, Esquire, addressing himself to Mr. Speaker Elect, moved that this House do adjourn until to-morrow at one o'clock.

The House adjourned accordingly until one o'clock to-morrow.

Saturday, 2nd February, 1805.

Prayers were read.

The House being met, and Mr. Speaker Elect having taken the Chair,

A message was delivered by Mr. George Lawe, Gentleman Usher of the Black Rod.

Mr. Speaker,

It is His Excellency the Lieutenant Governor's pleasure that this Honorable House do immediately attend His Excellency in the Legislative Council Chamber.

Accordingly Mr. Speaker elect, with the Members, went up to the Legislative Council and Chamber,

Where being, The Honorable Speaker of the Legislative Council asked if they had chosen their Speaker.

Alexander McDonell, Esquire, was presented as their Speaker Elect.

Then the Honorable Speaker of the Legislative Council said,

The Lieutenant Governor commands me to say that he is perfectly satisfied with the choice of the Assembly, and doth allow and confirm you, Mr. McDonell to be its Speaker.

Then Mr. Speaker addressed himself,

May it Please Your Excellency,—

The Honor which the House of Assembly have conferred upon me in choosing me their Speaker is as great as the important duties of the Office are above my abilities.

My zeal, however ardent, not sufficiently compensating for my incapacity I most respectfully implore the excuse and commands of Your Excellency.

I most humbly claim in the name of the Assembly the freedom of speech and generally all the like privileges and liberties as are enjoyed by the Commons of Great Britain, our Mother Country.

Then the Honorable Speaker of the Legislative Council said,

The Lieutenant Governor commands me to assure the Assembly that it may depend on the unlimited enjoyment of all its past privileges.

And then Mr. Speaker further claimed that the proceedings of the Representatives may receive the most favorable construction, and that whatever the Speaker shall say which might be taken in evil part may be imputed to his ignorance and not unto the Assembly, that he may resort again to their House for declaration of their true intent, and that his error may be pardoned.

Then the Honorable Speaker of the Legislative Council said,—

Mr. Speaker,

The Lieutenant Governor directs me to assure the Assembly that he will always be perfectly disposed to put the most favorable construction on every proceeding and word, both of the House and its Speaker.

Then Mr. Speaker said that as often as necessity for His Majesty's Service and the good of the Commonwealth shall require, the House of Assembly may have access to the person of His Majesty's Representative in this Province.

Then the Honorable Speaker of the Legislative Council said,—

Mr. Speaker,

The Lieutenant Governor commands me to say that the Assembly may always depend on having access to his Person at seasonable hours.

The House being returned,

Mr. Speaker reported that the House had been in the Legislative Council Chamber, where His Excellency had been pleased to approve the choice the House had made of him to be their Speaker, and that he had in their name, and on their behalf, by humble petition to His Excellency, laid claim to all their rights and privileges, that they may enjoy freedom of speech in their debates and have access to His Excellency's person as occasion may require, and that all their proceedings may receive from His Excellency the most favorable construction; which he said His Excellency had confirmed to them by granting their privileges in as simple a manner as ever they were granted and allowed.

Then Mr. Speaker did again return his humble thanks to the House for the very great Honor they had now done him, and did assure them of a continuance of his fidelity in their service, humbly requesting their protection and assistance to him in the discharge of his great trust, and of their indulgence to him in the pardon of his failings and imperfections in it.

Mr. Speaker further reported that when the House attended His Excellency this day in the Legislative Council Chamber, His Excellency was pleased to make a speech to both Houses of the provincial Parliament, of which, Mr. Speaker said, he had, to prevent mistakes, obtained a copy, which he read to the House, and is as follows. Videlicet.

Honorable Gentlemen of the Legislative Council
and

Gentlemen of the House of Assembly:—

Since the last session of the Legislature of this Province, in pursuance of the authority vested in me by an Act passed therein, respecting the repairing and laying out of Public Highways and building of bridges, I have by proclamation appointed Commissioners, and have taken such other measures as have appeared to me to be the best suited for carrying into effect the provisions of that Act.

I have also, by the authority of the Legislature, appointed Commissioners for the purpose of entering into a Provisional Agreement with those of Lower Canada, respecting the duties and drawbacks on goods and merchandise passing from the one Province to the other. These Commissioners, I have no doubt, have executed the trust committed to their charge by that appointment with fidelity and care. I have ordered the provisional Agreement entered into to be laid before you for the obtaining of the sanction and confirmation of this Legislature.

I embrace this opportunity of congratulating you on the success which hath attended the first efforts of the cultivation of hemp in this Province. The reward with which the Trustees of the Society instituted at London for the encouragement of Arts, Manufactures and Commerce have been pleased to honor the labours of the industrious farmer will, I trust, still further stimulate his exertions and in every laudable pursuit incite this infant Colony to the practice of that industry and diligence which will promote the interests of the individual.

Gentlemen of the House of Assembly,—

I have directed the Public Accounts to be laid before you, and am persuaded that you will examine them with that attention which the nature of the subject requires.

Honorable Gentlemen of the Legislative Council
and

Gentlemen of the House of Assembly,

I forbear on this occasion to point out in particular the subjects which may now call for your investigation and care. The knowledge which you respectively possess of the situation and interest of the Inhabitants of this widely extended Province will enable you to discover where the aid of the Legislature may still be necessary. And it shall be my endeavour at all times to co-operate with you in the enacting of such laws as may best promote the true object of all Legislation—the Public Good.

It is with pleasure we learn that the Commissioners on the part of our Sister Colony, Lower Canada, have agreed with those whom Your Excellency has been pleased to appoint for this Province, and we hope that their proceedings have been such as will merit the approbation of every branch of the Legislature.

We feel highly gratified for the benevolent attention which Your Excellency manifests to that important part of the Community, the industrious farmer, and we trust with confidence that under your auspices, and from the patronage of our Parent Country, the cultivation of Hemp, and every other useful branch of Agriculture, will rapidly increase, and will highly conduce to the prosperity of this Province.

When the Public Accounts are laid before us, they shall be attentively investigated, and we sincerely pledge ourselves to promote every measure which by the Legislature may be deemed necessary for the Public Welfare.

Read, two Petitions from the District of Newcastle, which are as follows:

To the Honorable the Legislative Council and House of Assembly of the Province of Upper Canada in Parliament assembled.

The Petition of the Inhabitants of the District of Newcastle,

Humbly Showeth,

That the place appointed by Law for building a Gaol and Court House in the District of Newcastle appears to Your Petitioners to be inconvenient.

Your Petitioners therefore pray that so much of an Act entitled "An Act to provide for the Administration of Justice within the District of Newcastle" as directs that a Gaol and Court House should be built in the Town of Newcastle may be repealed, and that it may be lawful for Your Petitioners to cause a Gaol and Court House to be built in some part near the centre of the said District.

And as in duty bound they will ever pray.

Signed by Robert Baldwin, Lieut. of the County of Durham, John Spenser, Leonard Soper, Joseph Keeler, Elias Jones, Elias Smith, Senior, Benjamin Marsh, Asa Burnham, Joel Merriman, John Peters, Sheriff, Timothy Porter, Coroner, D. McG. Rogers, Clerk of the Peace, and one hundred and twenty-three others.

To the Representatives of the Province of Upper Canada in Provincial Parliament Assembled,

The Petition of sundry Inhabitants of the District of Newcastle,

Humbly sheweth,

That Your Petitioners feel themselves much alarmed at the destruction that

is made with the deer in this district by driving and hunting them with dogs at all seasons of the year, which in a short time will inevitably destroy and drive them all out of the country, whereas were they only to be taken at a certain season, it would not prevent their decrease, and they would be of great service to the inhabitants who want the meat in this new settlement, and could take them without dogs.

That in order to preserve the deer Your Petitioners conceive that were they only to be taken between the twentieth of August and the first of January they would not be wantonly destroyed, and every inhabitant might share an equal benefit from them.

Your Petitioners therefore humbly submit the business to your consideration, and pray that such provision may be made in that behalf as to you in your wisdom shall seem meet.

And your Petitioners as in duty bound shall ever pray.

On motion of Mr. Swayze, seconded by Mr. Washburn, the house adjourned till twelve o'clock at noon.

The House being met agreeable to adjournment,

By command of His Excellency, the Lieutenant Governor, William Jarvis, Esquire, Keeper of the Rolls, delivered in at the Bar a copy of the Provisional Agreement made and entered into on the part of the Commissioners of this Province and those duly authorized on the part of Lower Canada, which is as follows, viz.

Provisional Agreement made and entered into by the undersigned Commissioners, viz.

The Honorable Richard Cartwright, the Honorable Robert Hamilton, and Samuel Sherwood, Esquire, upon the part of the Province of Upper Canada, appointed by His Excellency, Peter Hunter, Esquire, of the Province by Commission bearing date the Twenty second day of March in the Year of Our Lord One Thousand Eight Hundred and Four, in the Forty Fourth Year of His Majesty's Reign, under authority of an Act of the Legislature thereof passed in the thirty seventh year of His Majesty's Reign, entitled "An Act to authorize the Lieutenant Governor to nominate and appoint certain Commissioners for the purposes therein mentioned; and the Honorable James McGill, John Richardson, Samuel Gerrard, Joseph Perinault, Morrice Blondeau, Esquire, Commissioners on the part of Lower Canada, appointed by an Act of the Legislature thereof, passed in the Forty Fourth Year of His Majesty's Reign, entitled 'An Act for appointing Commissioners to treat with Commissioners appointed, or to be appointed, on the part of Upper Canada for the purposes therein mentioned.'"

The said Commissioners having met and communicated to each other their respective powers and authority, and having taken into consideration and maturely

deliberated upon the objects of their appointment, and finding that no material alteration hath taken place in the relative situation of the two Provinces so as to require any change in the existing provisions for ascertaining the respective proportions of duties and drawbacks on articles imported at the Port of Quebec, or otherwise, it is unanimously agreed that the Articles of Agreement at present subsisting between the two Provinces be further continued, and be in force as if they were here particularly inserted until the First Day of March in the Year of Our Lord One Thousand Eight Hundred and nine.

Done at Montreal, the Fifth day of July, in the Year of Our Lord One Thousand Eight Hundred and Four, and the Forty Fourth Year of His Majesty's Reign, having signed four copies of the same tenor and date.

To the Honorable the Commons of Upper Canada in Parliament assembled.

The Petition of the several persons whose names are hereunto subscribed, for themselves and on behalf of the Inhabitants of the Township of Lancaster.

Humbly Sheweth,—

That Your Petitioners are subject to many great and material disadvantages from the extent of the Township of Lancaster, it consisting of eighteen concessions deep.

That the Commissioners of the Highways, Assessors, Collectors, &c., are obliged to perform a double proportion of duty to the Officers of other Townships, and from the situation of the country and bad state of the roads the duty is rendered extremely difficult.

That Your Petitioners conceive the forming of a new Township from the ninth concession of Lancaster to the first concession of Hawkesbury would obviate the present inconvenience of Your Petitioners.

Wherefore Your Petitioners pray Your Honorable House will take the business into consideration, and to give them such relief as to Your Honorable House shall seem meet, and Your Petitioners will ever pray.

Read, Two Petitions from the District of Niagara.

To the Honorable Provincial Parliament of Upper Canada:

We, the subscribers, Inhabitants of the said Province, and faithful subjects to His Majesty, and at all times ready and willing to support the operating laws in His Dominions: and being possessed of that inalienable right of free men to make known to our law makers and rulers such grievances as we may think we labour under, do beg leave under mature consideration and confidence of the truth and propriety thereof, to most humbly suggest to Your Honors that the law of said Province prohibiting distillers selling any of their distilled liquors under three gallons is not so happily calculated as in our opinion may be for the general good of His Majesty's subjects, for many are under a necessity at times for some of this liquor, but either for the want of abilities, or from principles of prudence are prevented of receiving those comforts of the country to which their hand labour entitles them.

We beg leave further to suggest that no detriment can accrue to the revenue by giving the distillers license to sell one gallon, as in our opinion few retailers or inn keepers would have any objection to an alteration of said law.

The limits of this Petition will not give an opportunity to state all the reasons in support thereof, which will actually be in your possession.

We therefore most humbly pray that Your Honors would take this subject into your wise consideration, and repeal said law in such a manner that the distillers may sell one gallon; or otherwise order and direct so that the law touching the same may be, as all laws should be, for the general benefit of the public weal; and as in duty bound we shall ever pray.

and fifty-six others.

To the Honorable the Legislative Council and House of Assembly for the Province of Upper Canada.

The Petition of the subscribers, Inhabitants of the District of Niagara.

Humbly prays,

That the Legislature may at their next meeting take into their serious consideration the laws respecting highways and Roads throughout this Province, and make such alterations or amendments to the same as to them in their wisdom may appear meet. Your Petitioners beg leave to intimate that under the existing law it is difficult to determine which are really and legally Highways, the Commissioners being frequently divided in opinion with respect to the construction to be put on said laws, and from the circumstance of the Justices of the Peace being all Commissioners of the Highways and Roads, and nothing mandatory or compulsory on them to act when required, and as it would be unfair that those gentlemen, who do sacrifice much of their time to their duty as Justices, should be forced to leave their homes for days in acting as Commissioners, without an adequate allowance being made them for their trouble and expense; and as many of these gentlemen would probably not wish to act in the line of Commissioners.

Your Petitioners are therefore of opinion that it would tend to the ease of the Inhabitants and the welfare of the District to have a certain number of disinterested persons to be overseers or Commissioners of the Highways in each and every District, and that an allowance should be made to them from the different District Treasurers to be raised by a tax for that immediate purpose, making it compulsory on them on all occasions when thereto required to lay out, alter, or amend any road or roads throughout their respective District or Division. However, all this is submitted to the Honorable the Legislature for their consideration, which Your Petitioners pray may meet with due and mature deliberation.

And your Petitioners as in duty bound will ever pray.

Honorable Gentlemen of the Legislative Council

Gentlemen of the House of Assembly.

The ability and diligence with which you have conducted the business of the Public enables me, at this early period, to close this Session of the Legislature.

I have with pleasure assented in His Majesty's name to the Bill by which the Lands bestowed by the bounty of the Crown will be transmitted and secured to the Heirs, and according to the will of the original objects of that bounty.

The regulations which have been enacted respecting the improvement and management of some of the most essential articles of our produce meet with our approbation, and, I trust, will contribute to render that produce a permanent source of supply and of wealth to this Province.

The other laws which have passed, will, I hope, effectuate the salutary purposes for which they were intended, and prove, that in the discharge of your duty, you have not been unmindful of the important trust committed to your care.

I now close this Session of the Legislature, fully confiding that in your respective Counties and Districts as Magistrates or as private individuals you will at all times give additional force and effect to the laws of this Province by your exertions and example.

After which the Honorable Speaker of the Legislative Council said:—
Gentlemen of the Legislative Council,
and

Gentlemen of the House of Assembly:—

It is His Excellency the Lieutenant Governor's will and pleasure that the Provincial Parliament be prorogued until Monday the eighth day of April next, to be then here held, and this Provincial Parliament is accordingly prorogued until Monday the eighth day of April next.

HOUSE OF ASSEMBLY, UPPER CANADA.

Tuesday, 4th February, 1806.

At the Second Session of the Fourth Parliament of Upper Canada, begun and held in the Town of York on Tuesday the Fourth day of February, in the Forty-Sixth Year of the Reign of Our Sovereign Lord George the Third, by the

Grace of God of the United Kingdom of Great Britain and Ireland, King, Defender of the Faith, and in the Year of Our Lord One Thousand Eight Hundred and Six.

His Excellency the late Peter Hunter, Esquire, Lieutenant Governor, and His Honor Alexander Grant Esquire, President, did by their several proclamations as annexed prorogue the meeting of the Provincial Parliament until this day.

The House being met, prayers were read.

A Message by Mr. George Lawe, Gentleman Usher of the Black Rod.

Mr. Speaker,

It is His Honor the President's pleasure that this Honorable House do immediately attend him in the Honorable Legislative Council Chamber.

The House went up accordingly, and being returned,

Mr. Speaker reported that the House had attended His Honor the President in the Legislative Council Chamber, where his Honor had been pleased to open the present Session by a most gracious Speech to both Houses, and that to prevent mistakes he had obtained for the information of the House a copy of His Honor's Speech, which was read as follows.

Honorable Gentlemen of the Legislative Council
and

Gentlemen of the House of Assembly.

By the much lamented death of Lieutenant Governor Hunter the administration of the Government of this Province hath devolved on me. I most sincerely condole with you on that melancholy event. His faithful and meritorious services to the Public in this part of His Majesty's Dominions will be long felt and remembered. It shall be my endeavour to imitate and follow his example.

Since the last Session of this Legislature, Commissioners have been appointed for carrying into effect the provisions of an Act for affording relief to those persons who may be entitled to claim lands in this Province as Heirs or Devises of the Nominees of the Crown. To such lands I make no doubt by the exertions and abilities of those Gentlemen to whom that important trust is delegated the Public will soon see the most important benefits from the operations of that Statutory Law.

I forbear on the present occasion to point out particular objects for your deliberations, being convinced that your knowledge of the respective situations of His Majesty's Subjects whom you here represent will be the surest guide to direct you in the enacting of such laws as may still be necessary for their security and comfort (as well as in the continuing of laws heretofore made but now about to expire) whose beneficial effects we have already felt and experienced.

Gentlemen of the House of Assembly,

I have ordered the Public Accounts to be laid before you, not doubting but that you will pay that attention in the examination of them which the nature, of the subject requires.

Honorable Gentlemen of the Legislative Council
and

Gentlemen of the House of Assembly,

It is with the highest satisfaction that I congratulate you on the great Naval Victory which lately hath crowned the success of His Majesty's Arms, though our joy is not unmixed, as we have deeply to regret the loss of one of the bravest and most able defenders of his King and of His Country.

May Great Britain, Our Parent State, ever have such men to fight her battles,

and may she by the blessing of Providence be enabled to defend herself and her widely extended Dominions from the assaults of her enemies, and transmit her Territories with her invaluable Constitution unimpaired to the latest posterity.

Mr. Speaker then adjourned the House for want of a quorum.

Present: Mr. Speaker, Messrs. Dorland, Nellis, Howard, Hill, Weekes, Mallory, McLean, Cowan, Elliott.

Wednesday, 5th February, 1806.

Prayers were read.

Mr. Jarvis came to the Bar of this House and there did inform Mr. Speaker that D'Arcy Bolton, Esquire, did take the Oath as prescribed by the Statute, and did sign the Roll.

Then Allan McLean and Matthew Elliott, Esquires, introduced D'Arcy Boulton, Esquire, Knight, representing the County of Stormont and Russell and took his seat accordingly.

Mr. Nellis then moved, seconded by Mr. Hill, that Messrs. Weekes, McLean, Dorland and Capt. Elliott be a Committee to draft an Address to His Honor the President in answer to his Speech.

Mr. Weekes moved in amendment, seconded by Capt. Elliott, that Mr. Nellis, Mr. Howard, and Mr. Mallory be added after the word Elliott to Mr. Nellis' motion. Which was carried in the affirmative, and ordered accordingly.

On motion of Mr. Weekes, seconded by Mr. Mallory, the House adjourned.

Thursday, 6th February, 1806.

Prayers were read.

Capt. Elliott, from the Committee appointed to draw up an Address of thanks to His Honor the President for His Speech to both Houses in opening the present Session, reported that the Committee had prepared an Address accordingly, which he was directed to submit to the House whenever it should be pleased to receive the same.

Ordered, That the Report be now received.

And he read the report in his place, and then delivered in the same at the Table, where it was again read by the Clerk once throughout, as follows:

To the Honorable Alexander Grant, Esquire, President, administering the Government of the Province of Upper Canada, &c.
May it please Your Honor,

We, His Majesty's most dutiful and loyal subjects, the Commons of Upper Canada in Parliament assembled, beg leave to present to you our gratulations on your accession to the administration of the Government of this Province.

We affect not to describe to you the career in which disinterested virtue may display itself in exercising the high prerogative of the Representative of a gracious and benevolent Sovereign, but we cherish the fond hope that you, in your relation to Majesty and from your experience in the Public concerns of this Country, will in the administration of the Government of it preserve unsullied this important trust.

We derive much pleasure from being informed that the Act of the last Session of this Parliament for affording relief to those persons who may be entitled to claim Lands in this Province as Heirs or Devisees of the Crown in cases where no patent

hath issued for such Lands, will in its operation prove a salutary law, as we feel impressed with the principle that the protection of the subject and the security of his property ought to be legibly evinced in every act of legislation in which a regard to our happy constitution can find either ascendancy or support.

We shall with cheerful assiduity devote our attention to the Public Accounts, and shall feel ourselves happy in submitting to you such observations as may be deemed essential, either in the retrenchment of the expenditure of the Public moneys or in devising the means of a more necessary application of them.

We feel more than ordinary pleasure in your communication of His Majesty's late Naval Victory, and though we may much regret the fall of the illustrious Nelson in that action, yet we cannot refrain from expressing our sensations of joy. May our Navy be permanent, and its successes perpetual.

Commons House of Assembly,

6th February, 1806.

(Signed.) Alex. McDonell,
Speaker.

On motion of Mr. Weekes, seconded by Mr. Solicitor General,
Ordered, That the Address be engrossed.

The Address as engrossed was then read, passed, and signed by Mr. Speaker.

On motion of Mr. Nellis, seconded by Mr. Dorland,

Ordered, That Captain Cowan, Mr. Howard and Mr. Mallory do wait upon His Honor, the President, to know when he will be pleased to receive this House with its address.

Captain Cowan, accompanied by the other messengers, reported that in obedience to the order of this House they had waited upon His Honor, the President, to know His Honor's pleasure when he would receive the House with its address; and that His Honor was pleased to appoint this day at three o'clock in the afternoon to receive the House.

Mr. Speaker then read a paper by permission of the House, which was ordered to be inserted in the Journal, and is as follows, viz.

The Speaker begs the indulgence of the House to have inserted on its Journals that he does not concur in opinion with the House in the new mode which it has adopted in Addressing the President: it has been the uniform and established practice in addressing Presidents administering a Government to say "To His Honor," and not "To the Honorable." The former appellation, the Speaker humbly conceives to be more respectful, and more comprehensive than the latter. Mr. President Russell was invariably addressed by the former appellation during his administration of the Government of this Province; as Mr. President Dunn actually is in that of Lower Canada.

At the Hour appointed Mr. Speaker attended by the House went up to his Honorable President with the Address of this House.

And being returned, Mr. Speaker reported that the House had attended upon His Honor with its Address, to which His Honor had been pleased to make the following answer:

Gentlemen of the House of Assembly,

I return you my best thanks for your respectful Address, and have no doubt but that your deliberations and exertions will effectually promote the happiness and prosperity of His Majesty's subjects in this Province.

On motion of Mr. Nellis, seconded by Mr. Hill, the House adjourned.

Friday, 7th February, 1806.

Prayers were read.

Mr. Weekes moved, seconded by Mr. Dorland, for leave to bring in on Wednesday next a Bill to amend an Act passed in the Forty-third year of the King, entitled "An Act for the more equal representation of the Commons of this Province in Parliament, and for the better defining the qualification of Electors."

Leave was accordingly given.

On motion of Captain Cowan, seconded by Mr. McLean, the House adjourned.

Saturday, 8th February, 1806.

Prayers were read.

Mr. Weekes moved, seconded by Mr. Nellis, that the Petition brought up from Mr. Mallory for the relief of the People called Methodists be now read.

Accordingly the said Petition was read by the Clerk at the Table, and is as follows:

To the Honorable House of Commons for the Province of Upper Canada in Session assembled.

The Petition of the Religious Community called Methodists, Humbly Showeth,

That the Members of the Methodist Society in this Province of Upper Canada are numerous, and a large majority of the principal ones are of those people called U. E. Loyalists, or their descendants, having fled from their former homes or habitations and joined the Royal British Standard, to which they have since firmly adhered, and in whose defence, should the necessity of the case again require it, Your Petitioners trust their loyalty in maintaining the rights of the best of Sovereigns would be as conspicuous as it heretofore has been.

Your Petitioners being liable to all the Statutes, Duties, Services, pains and penalties with those of other religious societies in this Province, and not having an equal participation with them in their religious rites, which we, Your Petitioners, think a great grievance, having confidence in the friendship of many of your respectable body with whom we are acquainted, and hoping the rest with whom we are not acquainted to be equally friendly, have presumed once more to solicit your Honorable House among whom we know there are men well acquainted with our religious tenets and also our sufferings—we, Your Petitioners, have not the least doubt from the liberality of your House but that every step will be taken, and everything done for us, that can consistently with our glorious Constitution. At the same time we would not forget to offer you our sincere thanks for your kind disposition, manifested towards us on the presentment of our former Petition.

We, Your Petitioners, therefore humbly pray that an Act may be passed in our favor, giving authority to our preachers, most of whom are Missionaries from the States, and a number more who are residents in this Province regularly ordained, to solemnize the religious rites of Marriage, as well as to confirm all past marriages performed by them.

This requisition we, Your Petitioners, pray may be taken into your serious consideration, and we trust that our request will appear so reasonable that its purport will meet your unanimous approbation, while ease will be given to the minds and consciences of a numerous body of the Inhabitants of this Province.

And we, Your Petitioners, will then as now and shall as in duty bound ever pray.

(Signed) Samuel Coates,
John Embury,
Jeremiah Lovess*,
and about 235 others.

Mr. Dorland then moved, seconded by Mr. Nellis, for leave to bring in on Tuesday next a Bill for removing doubts respecting the affirmation of the people called Quakers. Leave was accordingly granted.

The Clerk of this House has the honor of informing Mr. Speaker and the House that the Clerks of the Peace for the different Districts in this Province did send him returns of all the rateable property in their respective Districts, in compliance with the Eighth section of the Act for the more uniform collection of Assessments throughout this Province, except the Clerk of the Peace for the Western District.

Mr. Speaker then ordered the different returns received from the Clerks of the Peace to be laid on the Table and to be entered in a book to be of record in this House.

Captain Elliott, seconded by Mr. Mallory, moved for leave to bring in on Friday next a Bill for making provisions for the laying out and repairing the Roads and Bridges throughout this Province. Leave was accordingly given.

Ordered, That when the copy of an Address from this House is sent to the Secretary of the Governor, Lieutenant Governor, or person administering the Government for his perusal to be prepared with his answer to such address, the Clerk do add the name of the Speaker thereto, viz. "(Signed) B. C."

Agreeably to the notice given,

Mr. Weekes moved, seconded by Mr. Mallory, that the House do now resolve itself into a Committee to take into consideration the state of the Province.

The House accordingly resolved itself into Committee.

The Speaker left the Chair.

Mr. Howard was called to the Chair of the Committee.

Mr. Speaker resumed the Chair.

Mr. Howard reported that the Committee had made some progress, and had directed him to ask for leave to sit again this day.

To the Honorable the House of Assembly for the Province of Upper Canada.

The Petition of the subscribers, Inhabitants of the District of Johnstown in said Province, humbly represents,

That the District of Johnstown extends about fifty-six miles on the River St. Lawrence, that the Counties of Grenville and Leeds are the only inhabited Counties in said District.

That the County of Leeds originally contained ten Townships, two of which Escott and Yonge, are now comprised in one; that the County of Grenville contains only seven Townships, whose population in the whole is not more than half so great as that of the County of Leeds. That the Court House and Gaol in the District of Johnstown are situated in the Town of Johnstown in the County of Grenville, within seven miles of the division line between the said District and the Eastern District. That the said Court House and Gaol were erected in pursuance of an Act passed in the Thirty-second year of the King for the express purpose of accommodating the inhabitants of that part of the Province, then known by the name of the Eastern District. That since the last mentioned period the present District of Johnstown has been formed by dividing the said Eastern District conformably to an Act passed in the Thirty-eighth year of the King, entitled "An Act for the better division of the Province." That the remote situation of the said Court House and Gaol from the centre of the said District of Johnstown precluded in a great degree the inhabitants of said District from enjoying the conveniences which the Legislature had undoubtedly in view when the last mentioned Act was framed. That previous to the division

of the Eastern District before mentioned the General Quarter Sessions of the Peace were alternately holden at Cornway and Johnstown, and the inhabitants of the said District of Johnstown attended the said Session as Jurymen only twice a year at the said Court House in Johnstown, that since the said division the said inhabitants are obliged to attend the General Quarter Sessions of the Peace to serve on Juries four times in each year, and to travel the same distance for that purpose as formerly. That if the Court House and Gaol were placed in a more central situation the expense and the trouble of attending the Court to serve on Juries would be more equally divided and the benefits intended to be granted by the said Act of the Thirty-eighth of the King would be more generally experienced. That the said Court House and Gaol in the Town of Johnstown is in a ruinous and almost irreparable state.

Your Petitioners therefore humbly pray that Honorable House of Assembly to form a Bill calculated to enable the inhabitants of the said District of Johnstown to build a new Gaol and Courthouse near or about Mr. Daniel Jones's Mill in the front of the first Concession of Elizabethtown in the County of Leeds aforesaid. Your Petitioners humbly conceive that the said situation is the most eligible of any in the said District of Johnstown for the purpose aforesaid, being at the distance of twenty-three miles from the lower extremity of said District, and as far towards the centre of the same as convenience will allow; and your Petitioners as in duty bound will ever pray.

To His Honor Alexander Grant, President administering the Government of the Province of Upper Canada, &c. &c.

May it please Your Honor,

We, His Majesty's dutiful and loyal subjects, the Commons of Upper Canada in Parliament assembled, taking into consideration the state of this Province, and having due regard to such means as may tend to promote harmony and tranquility amongst all descriptions of His Majesty's people, humbly beg leave to represent to you that several persons of the description of those who have adhered to the unity of the Empire and to whom it has been held out that the Bounty of our Most Gracious Sovereign would be extended by grant of a certain portion of lands on applying for the same, are precluded from receiving His Gracious Favor by reason of the difficulty of access to the seat of Government at York, and of the expense of attending therein. We therefore entreat you that you in your kind consideration for their situation and in your laudable design of carrying the Royal promise into effect, will dispense with their personal attendance and permit them by their agents to lay their claims before Your Honor in Council, and also to do such further acts towards obtaining grants for lands through their agents as the exigency of their case may require.

We also with due respect beg leave to represent to you that the infant state of wealth and commerce in this country renders persons applying for grants of lands incapable of paying large fees for the same to the Land Granting Department, and that the additional fee required under the table of Fees of the 1st of January, 1804, is incommensurate with their means, and has caused much discontent.

We therefore entreat that you in your solicitude for promoting the welfare and prosperity of all descriptions of His Majesty's dutiful subjects will in your Council direct that they may be relieved from the payment of this fee, or that you will take such other measures for absolving them therefrom as to you in your wisdom may seem meet.

Commons House of Assembly,

13th February, 1806.

To His Honor Alexander Grant, Esquire, President administering the Government of the Province of Upper Canada, &c. &c.

May it please Your Honor,

We, His Majesty's dutiful and loyal subjects, the Commons of Upper Canada in Parliament assembled, deeply impressed with sentiments of loyalty and attachment to His Majesty's person and Government, and studious to devise such means as may induce discord or dissatisfaction to give place in every breast to an unity of affection to the common Father of his people, beg leave to represent to you that a number of persons under the description of Military Claimants have, from inability of means, infirmity of health, or other untoward circumstances, been hitherto unable to make claims or to procure titles for lands under the Proclamations made for compensating them in lands for their Military services.

We rest satisfied that when we advert to the character of the soldier who exhausted his vigor and his years in the service of his King, and who sought for naught but victory in the battle of his Country, your feelings will be sufficiently roused to his condition, and that you will extend to him as the reward of his zeal and loyalty that bounty which was early intended by our Gracious Sovereign, and which neither time nor residence (much less poverty or distress) ought to amend or diminish.

We therefore hope that you will in your Council and wisdom grant to persons of this description (even at this late period) such quota or portion of land as they might have been entitled to receive had they made an early application, and under such privileges as Military Claimants formerly received grants of the waste lands of the Crown.

To the Honorable the Legislative Council and House of Assembly.

The Petition of John Bennett, Government Printer,
Humbly Showeth,

That Your Petitioner as Printer to His Majesty was appointed to print the Laws and Journals of the House of Assembly of the Province of Upper Canada, for which service a sum not exceeding three hundred pounds currency was voted by Parliament. After the first impression Your Petitioner by letter informed His Excellency, the late Lieutenant Governor, that the work performed would not, according to the schedule with which he was furnished, calculated in Quebec in the year 1789, when paper, printing materials, wages, and even the necessaries of life, were to be had at much more reasonable rates than at present, amount to near the sum voted for that purpose; and was given to understand by the Lieutenant Governor's Secretary that he was to receive the whole sum voted by the Legislature for printing the Laws and Journals, and His Excellency's Warrants for the full amount were always ready, either before or as soon as the work could be completed.

Sometime afterwards His Honor, Chief Justice Allcock, demanded of Your Petitioner what sums received by him for printing the Laws and Journals; on being informed, said he would put a stop to the printing of the Journals: that the receipt of such a sum was mere robbery, &c. &c. &c., that he would represent him to the Governor, and that the money should be refunded. On stating his situation to His Excellency, Your Petitioner was again told by His Honor that as sure as God was his Maker he should receive a letter requesting him to give up his office were any more complaints made to the Governor.

Your Petitioner was next commanded to attend His Excellency, who demanded whether he had been paid for printing the Laws and Journals, and by what authority payment was made; on being informed the money was paid by virtue of His Excellency's own Warrants, he observed the money was voted for himself, and not for the printer, who was ordered immediately to retire to make out

his accounts without delay and to present them to the Inspector General of Public Provincial Accounts for examination.

Shortly afterwards Your Petitioner was given to understand that the sum of three hundred and seventy-five pounds, Halifax currency, was to be refunded by him, nearly two thirds of which sum have actually been stopped by retaining his contingencies.

Upon what principle this deduction is founded your Petitioner could never learn, nor has he ever witnessed a precedent; all the satisfaction or information he could possibly derive relative to the subject was "You are getting too rich, sir."

The duty required of Your Petitioner was duly performed, and no complaint ever alleged: consequently he received the money appropriated therefore and applied the same to the purchase of new printing materials and stationery to a considerable amount, and to other purposes, and had that work exceeded the sum a loss would then have accrued, as it was to have been done for that particular sum. The difficulties and embarrassments into which such a measure would infallibly involve him represented to the Governor, but they were represented in vain—no redress could be obtained.

The situation of Your Petitioner is therefore distressing in the extreme, and has left him deeply in arrears in Lower Canada. In short, all he now receives from Government is a salary of One hundred Pounds, ninety-one Pounds, five shillings of which is to be yearly paid to an assistant, and sometimes a trifling contingent account which Government do not think proper to retain. Thus circumstance he is entirely deprived of the means of making the necessary remittances for the articles used in the process of his business.

Two people exclusive of your Petitioner were employed in printing the Revised Statutes, done at the wish of the Government, at the rate of fourteen dollars a week, for upwards of eighteen months, together with other heavy expenses attending the same; at the completion of which your Petitioner confidently and anxiously expected to have been able to have satisfied these demands, but the money for the copies taken by the Government was detained, and those flattering prospects have now vanished, and he has to anticipate the dreary and disheartening prospect of beginning the world anew, involved in debt, without even the slender means he possessed on his arrival in the country. The refunding of three hundred and seventy five pounds, Halifax currency, will ultimately ruin him; he therefore humbly hopes Your Honorable House will take his case into consideration, and grant him such relief as to you in your wisdom may seem meet. And Your Petitioner, as in duty bound, will ever pray.

(Signed) John Bennett,
Government Printer.

It is the sons of the persons mentioned in one of the Addresses presented by you the thirteenth of this month who are required by the regulations of the Executive Government of this Province personally to appear, in order to obtain grants of the lands bestowed on them by the bounty of the Crown.

The Frauds for some time committed by the agent of persons assuming that character, rendered the personal appearance of such claimants a measure of the highest expediency.

But as it is my wish to contribute to the ease and accommodation of His Majesty's Subjects in this Province of every description, as well as at all times to pay proper attention to your representations, I shall, aided by the advice of the Executive Council take into consideration whether the evils above stated may not be obviated consistent with indulgence as to personal appearance to the sons of those persons who adhere to the unity of the Empire, whose local situation may render it difficult for them to comply with the above regulations.

The Table of Fees of the Ninth January, 1804, is under the authority of instructions of that date communicated by one of His Majesty's principal Secretaries of State to the late Lieutenant Governor.

(Signed) Alex'r Grant,

Then was read the Petition of Captain Joseph Brant, which is as follows:

To the Honorable the Commons House of
Assembly in Parliament Assembled, &c.,
&c., &c.

The Petition of Captain Joseph Brant,
Respectfully Sheweth,

That in the year 1775, when the war between Great Britain and her Colonies had commenced, the Mohawk Nation, always faithful to the cause of the King, took a decided and active part, and leaving their families to the mercy of the enemy brought off the Indian Department through a hostile country into Canada; where their conduct was highly approved by Sir Guy Carleton, who, in a public council with the Indians, desired them to take up the hatchet and defend their rights; he then solemnly engaged that we should be remunerated for any losses we might sustain during the war.

Some years after, when it was foreseen that the contest was likely to take an unfavorable turn, we stated our situation to the late Sir Frederick Haldimand, then Governor and Commander-in-Chief, and requested a confirmation of General Carleton's promise, by which it was understood that the Indians who had lost their lands should receive an equivalent in this country, and at all events have them as fully confirmed as those they were possessed of before the war; and the grant which we afterwards obtained is now before your Honorable House.

The lands thus granted, although from the quantity and situation by no means an equivalent for our losses, we cheerfully accepted, in full confidence that they should be our own property, at least as much so as those we had sacrificed by joining the British Standard at the commencement of the war.

After thus obtaining these lands, which are delineated on the map, which is also before Your Honorable House, we, with the approbation of General Haldimand, settled some white families on the tract (many of whom had served with us) for the purpose of making roads and teaching our people the benefit of agriculture, etc. I am sorry to say that our grievances commenced upon the establishment of the present Government of Upper Canada, by whom it was contemplated to curtail us of a great part of this tract.

Considering ourselves under the protection of His Majesty, it becomes a duty we owe to ourselves and our posterity candidly to state the difficulties we labour under. Divisions have been fomented amongst the Indians by Mr. Claus, the Deputy Superintendent, which may lead to serious consequences. He has taken the most unjustifiable means to destroy our former transactions, for which purpose he brought a party of Senecas from Buffalo Creek, to whom he dictated a paper purporting to make void all we had done respecting the lands in question; although he must have known that these Indians who live within the limits of the United States have, in their present situation, no right to interfere in the disposal of our lands. This will appear by referring to General Haldimand's grant.

We cannot see what interest it can be to the Government to tie our hands in regard to the disposal of our own property, or that Mr. Claus, through the means he has in his power, should disunite us.

That a small spot of ground of so little consequence to the British Nation should become a matter of contention we cannot suppose to be their intention, but if, unfortunately for us, this should be the case, and if ever this small tract is considered as too large for the former services and losses of the Indians, in God's name let them confirm the one half.

We are aware that all representations of this nature should come through the Indian Department, but as they have long since ceased from paying attention to our complaints, we are under the necessity of appealing to your Honorable House in hopes of obtaining relief through such means as you in your wisdom shall see fit.

In behalf of the Indians,

(Signed) JOSEPH BRANT,

York, 14th February, 1806.

Agent.

May it please Your Honor.

We, His Majesty's dutiful and loyal subjects, the Legislative Council and Commons of Upper Canada assembled, beg leave to state to Your Honor that the Officers and others attending the Legislative Council and House of Assembly suffer much inconvenience from the delay of payment of their respective salaries until the end of the year in which the same become payable.

To the Honorable the House of Representatives of His Majesty's Province of Upper Canada, in Provincial Parliament assembled.

The Petition of the Magistrates in General Quarter Sessions assembled, and others, Freeholders of the Western District.

Most Humbly Showeth,

That the Act of the forty-third of George the Third for the further altering and amending an Act, passed in the thirty-third year of His present Majesty's Reign, entitled "An Act to encourage the destroying of wolves and bears in different parts of this Province," has fallen with a great weight on this District; that a quarter part of the whole assessments have been consumed in discharging the claims made on the Treasurer under the authority of the same.

Your Petitioners further represent that the District, from causes which have already been laid before this Honorable House, is greatly in debt, and which they can see no prospect of paying off while the assessments are appropriated in the manner directed by the said Act.

They therefore humbly pray a repeal of the same so far as it relates to this District.

And your petitioners as in duty bound will ever pray.

May it please Your Honor,

We, His Majesty's most dutiful and loyal subjects, the Commons of Upper Canada in Parliament Assembled, have, conformably to an early assurance to Your Honor, taken into consideration the Public Accounts of the Province, and have, on a due investigation of the same, to report to you that the first and most constitutional privilege of the Commons has been violated in the application of moneys out of the Provincial Treasury to various purposes without the assent of Parliament or a vote of the Commons House of Assembly.

The comment on this departure from constituted authority and fiscal establishment must be more than painful to all who appreciate the advantages of our happy Constitution, and who wish their continuance to the latest posterity; but however studious we may be to abstain from stricture we cannot suppress the mixed emotions of relative condition, we feel it as the representatives of a free people, we lament it as the subjects of a beneficent Sovereign, and we hope that you, in your relation to both, will more than sympathize in so extraordinary an occurrence.

We beg leave to annex hereto a schedule of the moneys so misapplied, amounting to Six Hundred and Thirteen Pounds, Thirteen Shillings, and Sevenpence, and trust that you will not only order that sum to be replaced in the Provincial Treasury, but will also direct that no moneys be issued thereout in future without the assent of Parliament or a vote of the Commons House of Assembly.

Gentlemen of the Commons House of Assembly,—

I learn with regret from your Address of the first March that a degree of dissatisfaction prevails in the Commons House of Assembly with respect to the application of a sum of money stated to amount to Six Hundred and Seventeen Pounds Thirteen Shillings and Seven Pence.

At the time of my accession to the administration of the Government I found that various items similar to those in the Schedule accompanying your Address had been charged against the Provincial Government and acquiesced in for two years preceding, and I directed the usual mode to be followed in making up the accounts which I ordered to be laid before you during the present session.

The money in question has been undoubtedly applied to purposes useful and necessary for the general concerns of the Province.

I am, however, desirous to give every reasonable satisfaction to the House of

Assembly; I shall direct the matter to be immediately investigated, and, if there has been error in stating the account, take measures to have it corrected and obviated for the time to come.

York, Upper Canada,
3rd March, 1806.

(Signed) Alexander Grant,
President.

On the question being put for the Report being received, the House being divided,

Mr. Speaker then gave his vote for the Report not being received.

A Message from His Honor, the president, by Mr. George Lawe, Gentleman Usher of the Black Rod.

Mr. Speaker,

I am commanded by His Honor, the President, to acquaint this Honorable House that it is His Honor's pleasure that the Members thereof do forthwith attend upon His Honor in the Legislative Council Chamber.

Accordingly Mr. Speaker with the House went up to attend His Honor, when His Honor was pleased to give in His Majesty's name the Royal assent to the following Public and Private Bills.

An Act to alter and amend an Act passed in the Thirty-third year of His present Majesty's Reign, entitled "An Act to provide for the nomination and appointment of Parish and Town Officers, and also to repeal certain parts of an Act passed in the Thirty-third year of His present Majesty's Reign, entitled 'An Act to authorize and direct the laying and Collection of Assessments and Rates in every District in this province, and to provide for the payment of wages to the Members of the House of Assembly.'"

An Act to repeal an Act passed in the Thirty-fifth year of His Majesty's Reign, entitled "An Act to regulate the practice of Physic and Surgery."

His Honor was pleased to reserve the following Bill for the signification of His Majesty's pleasure thereon.

An Act to authorize the Sheriff to levy all necessary costs incurred in any suit brought in any of His Majesty's Courts of Law in this Province.

Mr. Speaker then said,

May it please Your Honor to approve of the five Bills which the Assembly, with the concurrence of the Legislative Council, have passed for aid to His Majesty.

An Act to make provision for certain Sheriffs in this province.

An Act to procure certain Apparatus for the promotion of Science.

An Act to repeal an Act passed in the Forty-fourth year of His Majesty's Reign, entitled "An Act for granting to His Majesty a certain sum of money out of the fund applicable to the uses of this Province, to defray the expenses of amending and repairing the Public Highways and Roads, laying out and opening new Roads, and building Bridges in the Several Districts thereof, and to make further provisions for the opening and amending new Roads."

An Act to continue an Act passed in the Forty-third year of His Majesty's Reign, entitled "An Act for the better securing to His Majesty, His Heirs and Successors, the due collection and receipt of certain Duties therein mentioned."

An Act for applying a certain sum of money therein mentioned to make good certain moneys issued and advanced by His Majesty through the Lieutenant-Governor in pursuance of several Addresses.

To which His Honor was also pleased to give the Royal assent in His Majesty's name.

His Honor, the president, was then pleased to make the following Speech to both Houses of Parliament.

Honorable Gentlemen of the Legislative Council,
and

Gentlemen of the House of Assembly.

Having dedicated a considerable portion of your time to the service of the Public, I think it proper to close this session of the Legislature.

The Bills to which I have now given the Royal assent contain, some of them, objects of the highest importance to the public.

By the opening of Roads and construction of Bridges, while the safety and comfort of the individual will be promoted, the commerce and riches of this Province will necessarily be extended and increased.

The encouragement which you have given for the procuring of the means necessary for communicating of useful and ornamental knowledge to the rising generation meets with my approbation, and I have no doubt will produce the most salutary effects.

The other Bills which have now passed will, I trust, effectuate the beneficial purpose for which they were intended.

I dismiss you with the pleasing hope that the Laws enacted for the good of this province will derive additional strength and energy from your exertions, influence and example.

(Signed) Alexander Grant,

York, Upper Canada, 3rd March, 1806.

President.

After which the Honorable Speaker of the Legislative Council said,

and

Gentlemen of the House of Assembly.

HOUSE OF ASSEMBLY, UPPER CANADA.

York, 2nd February, 1807.

At the third Session of the Fourth Parliament of Upper Canada, begun and held in the Town of York, on Monday, the second day of February, in the forty-seventh year of the Reign of Our Sovereign Lord George the Third, by the Grace of God of the United Kingdom of Great Britain and Ireland King, Defender of the Faith, and in the Year of Our Lord One Thousand Eight Hundred and Seven.

His Honor Alexander Grant, Esquire, late President administering the Government of Upper Canada, and His Excellency Francis Gore Esquire, Lieutenant-Governor, having by their several proclamations as annexed prorogued the meeting of the Provincial Parliament until this day,

The House being met, Prayers were read.

A Message from His Excellency the Lieutenant-Governor by Mr. George Lawe, Gentleman Usher of the Black Rod.

Mr. Speaker:—

It is His Excellency the Lieutenant-Governor's pleasure that this Honorable House do immediately attend him in the Legislative Council Chamber.

The House went up accordingly, and being returned, Mr. Speaker reported that the House had attended His Excellency the Lieutenant-Governor in the Legislative Council Chamber, where His Excellency had been pleased to open the present session by a Speech to both Houses; and that to prevent any mistakes he had obtained for the information of the House a copy of His Excellency's Speech, which was read as follows:

Honorable Gentlemen of the Legislative Council,
and

Gentlemen of the Assembly:—

It is with great satisfaction I now meet you for the first time in Parliament.

From the very short period of my residence in this Province I shall not take upon myself to call your attention to any particular object of legislation, convinced that your experience and knowledge of this Colony will fully enable you to enact such salutary laws as will tend to its prosperity, and I have no doubt of your attention being directed to such Acts of the Provincial Parliament as will necessarily expire unless continued by the Legislature.

Gentlemen of the House of Assembly:—

I have ordered the proper Officer to lay the Provincial Accounts before you, and have given instructions that the unappropriated sums of money raised under the authority of this Parliament, taken out of the Provincial Treasury, and applied to the payment of certain public contingent expenses in the year 1805, as stated in the accounts laid before you during the last session of this Legislature, shall be replaced. I am, however, fully confident that you will unite with me in sentiments of loyalty and gratitude, while reflecting on the very liberal supplies annually afforded to this Province by the bounty of Our Parent State for its necessary expenditures. And it will be for the House of Assembly to consider whether some appropriation of the Revenue ought not to be made on its part to relieve (as far as its resources will permit) the Mother Country from the Burthen of the Contingent Expenses incidental to the support of the Civil Government, and the administration of Justice in this Province.

Honorable Gentlemen and Gentlemen:—

I trust that your zeal for the public good will induce you to occupy your time in the faithful discharge of your duty, and be assured of my cordial co-operation when you direct your attention to the welfare and happiness of His Majesty's subjects.

William Jarvis, Esquire, one of the Commissioners appointed by Dedimus Potestatem, to administer the Oaths to the members of the House of Assembly, came to the Bar, and did inform Mr. Speaker that Robert Thorpe, Esquire, had taken the Oath as prescribed by the Statute, and did sign the Roll.

Then Ralph Clench and Robert Nellis, Esquires, introduced Robert Thorpe, Esquire, Knight representing the Counties of Durham and Simcoe, and the East Riding of the County of York, who took his seat accordingly.

At three o'clock p.m. Mr. Speaker adjourned the House for want of a Quorum.

To the Honorable the Speaker and the Members of the House of Assembly.

Gentlemen:—

In the case of the controverted election of Benajah Mallory, Esquire, on the Petition of Samuel Ryerse,

I humbly beg leave to state that due exertions have been used to serve the subpoenas commanding the attendance of several material and necessary witnesses in support of the petition, but the said witnesses have not as yet attended Your Honorable House, they having the whole of this day. I, therefore, humbly beg leave to state on the part of the Petitioner that I am unable to proceed at present in the trial with safety to the Petitioner.

Mr. Solicitor General moved, seconded by Mr. Clench, that the further consideration of the Petition of Samuel Ryerse, complaining of an undue election, be deferred until to-morrow morning at ten o'clock, in consequence of the representations of the Petitioner's Counsel respecting the summons.

Which was ordered accordingly.

To the Honorable the Speaker and the Members of the House of Assembly.
Gentlemen:—

Two material and necessary witnesses having refused to obey your commands to attend your Honorable House as evidence on the part of Samuel Ryerse, Esquire, the petitioner against the sitting Member, Benajah Mallory, Esquire, I have been under the necessity of summoning other evidences, which I trust will arrive in the course of the day, and therefore, humbly pray your indulgence in adjourning the trial until to-morrow.

Which the House rejected.

Which Report was accepted, and the Address is as follows:

To His Excellency, Francis Gore, Esquire,
Lieutenant Governor of the Province of Upper
Canada, &c., &c., &c.

May it please Your Excellency,

We, His Majesty's most dutiful and loyal subjects, the Commons of Upper Canada, in Parliament assembled, beg leave to express to Your Excellency our most sincere satisfaction on meeting you at this time in Parliament.

And although Your Excellency hath only generally directed our attention to the welfare of the Province, we trust every exertion on our part will be used in framing such laws as will tend to advance the agricultural and commercial interests of this Province, as well as the prosperity of His Majesty's subjects of every description.

We shall review carefully the expiring laws, and adopt such as appear expedient to continue.

As soon as the Public Accounts, which we have no doubt will be exhibited in the most full and ample manner, are laid before us, our time shall be devoted to the investigation of them.

We cheerfully embrace the present occasion to express our full satisfaction of Your Excellency's directions relative to certain moneys that have been taken from the Provincial Treasury without either the authority or concurrence of Parliament.

It has at all times been our earnest desire to offer to our most gracious Sovereign any money that could be spared from the Provincial Treasury, but our fears, from the unimproved state of this Province, that our resources must be appropriated to the internal improvement of itself. Should it still appear to us, on examination of the Public Accounts, that any sum of consequence remains in the Treasury worthy of being appropriated to His Majesty to relieve the Parent Country from the burden and support of this Province, we shall consider it our first duty to crave our Most Gracious Sovereign's acceptance of it.

If zeal to discharge the important trusts delegated to us were the only circumstance that impressed itself forcibly on our minds, our task would be easy, but when we consider that the welfare and happiness of His Majesty's subjects in this Province depend on the salutary laws that may be passed, no sacrifice can be too great on our parts to effect this purpose.

Confiding in Your Excellency's support and co-operation wherever the welfare and happiness of His Majesty's subjects in this Province are concerned, no effort of ours shall be wanting in the faithful discharge of our duty.

House of Assembly,

6th Feb'y, 1807.

(Signed) Alexander McDonell,

Speaker.

Agreeably to the Order of the Day Mr. McLean brought in a Bill for licensing Hawkers, Pedlars and Petty Chapmen, which was read for the first time by the Clerk at the Table.

Mr. McLean moved, seconded by Mr. McGregor, that the Bill entitled "An Act for licensing Hawkers, Pedlars and Petty Chapmen" be read for the second time on Monday next. Ordered accordingly.

At the hour appointed Mr. Speaker and the House went up with the Address of this House in answer to His Excellency the Lieutenant Governor's Speech to both Houses of Parliament at the opening of the present Session, and being returned,

Read, the Petition of Duncan Cameron, John Birkier, Alexander Wood, George Playter and sundry other Freeholders of the Counties of Durham and Simcoe and the East Riding of the County of York, setting forth the ineligibility of Mr. Justice Thorpe as a Member in this Honorable House, for the aforesaid Counties and Riding, which is as follows.

To The Honorable the Representatives of the Commons of Upper Canada in Parliament assembled.

The Petition of the undersigned Freeholders of the East Riding of the County of York and Counties of Durham and Simcoe.

Most Respectfully Sheweth:—

That His Majesty's Writ, bearing date the Twenty-first of November now last past, did issue for the election of a Knight to represent the East Riding of the

County of York and the Counties of Durham and Simcoe in the Assembly of this Province in the place of William Weekes, Esquire, deceased.

That William Allan, of York, Esquire, was duly appointed Returning Officer for the said Riding and Counties, and did, on the Twenty-ninth day of December, proceed to such election.

That Robert Thorpe, Esquire, one of His Majesty's Judges in the Court of his Bench in this Province, and Thomas Barnes Gough, of York, Esquire, were the only candidates nominated by the respective Freeholders then and there present.

That Your petitioners previous to the closing of the poll, the election not being determined on view, did protest against the return of the said Robert Thorpe for the reason and causes hereafter set forth.

That the said Robert Thorpe has been returned as a Member for the said Riding and Counties, he having a majority of votes, to wit, two hundred and sixty-eight, and the said Thomas Barnes Gough only one hundred and fifty-nine votes, whereas Your Petitioners humbly conceive that the said Thomas Barnes Gough should have been returned Member of the said Riding and Counties for the reasons and causes following to wit.

That the said Robert Thorpe, at the time of such election, was, and still is one of His Majesty's Judges of the Court of his Bench in this Province.

That in England none of the Judges of the Court of King's Bench, Common Pleas, Barrons of the Exchequer who have judicial places, can be chosen Knight, Citizen or Burgess in Parliament.

That having adopted in this Province the law of England as a rule of decision, the said Robert Thorpe was not then and now is not eligible in this Province to sit as a Member in Your Honorable House of Assembly, that in the attainment of such an object as Judge, who decides on the life, liberty and property of His Majesty's subjects, must necessarily be liable to the frailties and passions incident to human nature, and may therefrom imbibe partialities, prejudices or prepossessions repugnant to and at war with the purity of the unsullied ermine, inimical to the independence and dignified administration of the law, and subversive of the free and constitutional liberties of His Majesty's subjects.

That Your Petitioners have further to state with great deference to Your Honorable House that this procedure is unconstitutional, inasmuch as being an attempt to clothe, arm and blend in one person, the conflicting powers, authorities and jurisdiction of the Legislature and Judicial functions contrary to the spirit of good government and the immemorial usage and custom of the Commons of England, whose rules of conduct Your Honorable House has adopted as the criterion of your decisions, where not otherwise specially provided for,

Wherefore your Petitioners, conceiving that the said Robert Thorpe was not lawfully returned, and that Thomas Barnes Gough was duly elected, pray that the said return may be reformed and amended, and the name of Thomas Barnes Gough be inserted on the roll, and the name of Robert Thorpe erased therefrom.

And as in duty bound your Petitioners will ever pray.

York, 4th February, 1807.

Then read the Petition of Thomas Barnes Gough, Esquire, complaining of the undue return of Mr. Justice Thorpe to represent the County of Durham, the East Riding of the County of York and the County of Simcoe; and praying that the return may be reformed and amended, which is as follows.

To the Honorable House of Assembly of the Province of Upper Canada.

The Petition of Thomas Barnes Gough, of York, in said Province.

Most Respectfully Showeth,

That His Majesty's Writ bearing date the Twenty-first day of November now last past did issue for the election of a Knight to represent the County of Durham, the East Riding of the County of York, and the County of Simcoe, in the Assembly of this Province, in the place of William Weekes, Esquire, deceased.

That William Allan, of York, Esquire, was duly appointed Returning Officer for the said Counties and Riding, and did on the twenty-ninth day of December proceed to such election.

That Robert Thorpe, Esquire, one of His Majesty's Judges in the Court of his Bench in this Province, and Your Petitioner were the only candidates nominated by the respective Freeholders then and there present.

That Your Petitioner, previous to the commencement of a poll, the election not being determined on view, did protest against the nomination of the said Robert Thorpe for the reasons and causes hereafter set forth.

That the said William Allan, notwithstanding, did proceed to take a poll, and did adjourn the same from day to day until the third day of January following, when the said election was determined.

That the said Robert Thorpe has been returned as a Member for the said Counties and Riding, he having a majority of votes, to wit, two hundred and sixty-nine, and Your Petitioner only one hundred and fifty-nine.

Whereas Your petitioner humbly conceives that he should have been returned Member for the said Counties and Riding, for the reasons and causes following, to wit,

That the said Robert Thorpe, at the time of such election, was, and still is, one of His Majesty's Judges of the Court of his Bench in this Province.

That in England none of the Judges of the Court of King's Bench, Common Pleas, or Barrons of the Exchequer, who have judicial places can be chosen Knight, Citizen, or Burgess in Parliament.

That having adopted in this Province the law of England as a rule of decision, the said Robert Thorpe was then, and now is, not eligible in this Province to sit as a Member in Your Honorable House of Assembly.

That Your Petitioner has further to state with great deference to Your Honorable House that the precedent is unconstitutional, inasmuch as being an attempt to clothe, arm and blend in one person the conflicting powers, authorities and jurisdiction of the Legislative and Judicial functions, contrary to the spirit of good government and the immemorial usage and custom of the Commons of England, whose rule or conduct Your Honorable House has adopted as the criterion of your decision when not otherwise specially provided for.

Wherefore, your Petitioner, conceiving that the said Robert Thorpe was not lawfully returned, and that Your Petitioner was duly elected, and ought to have been returned, prays that the said return may be reformed and amended, and the name of your Petitioner be inserted on the roll and the name of Robert Thorpe erased therefrom.

York, 2nd day February, 1807.

(Signed) Thomas Barnes Gough.

Mr. Rogers moved, seconded by Mr. Clench, that the House do now resolve itself into Committee to take into their consideration whether the grounds contained in the Petition of the Inhabitants of the Home District, if true and sufficient to make the election of the sitting Member void.

The House accordingly resolved itself into Committee.

Mr. Speaker left the Chair.

Captain Cowan was called to the Chair of the Committee.

Mr. Speaker resumed the Chair.

Captain Cowan reported progress and asked for leave to sit again this day.

Leave was granted accordingly.

William Jarvis, Esquire, Secretary of the Province, came to the Bar of the House, and delivered in, by order of His Excellency, the Lieutenant Governor, the Public Provincial Accounts as per Schedule, which was read by the Clerk at the Table, and are as follows:

Read, the Petition from the London and Western Districts respecting Highways and Public Roads, which is as follows:

To the Honorable House of Assembly of His Majesty's Province of Upper Canada, in Parliament Assembled.

The petition of sundry Inhabitants of the London and Western Districts of the said Province,

Most Humbly Sheweth,

That by an Act of the Legislature of this Province, passed in the forty-sixth year of His Majesty's Reign relative to Public Highways and Roads in the Province it was among other things enacted, That the Road which should be deemed the Public Highway throughout the Province as far as the same extends through the District of London should be as follows, namely: commencing at the Indian Mill on the Grand River, thence along the road leading through the Township of Barford to the Delaware Town on the River Thames and across the said River, thence down the River to the tract of land commonly known as the Moravian grant.

That your petitioners have from experience found that if the said Road should be opened and followed in its present direction, namely, on the north side of the River Thames, it would be productive of many and great inconveniences to His Majesty's subjects, for the following among other reasons:

First, because that the River Thames at particular seasons is very difficult to cross, and attended with much danger, and sometimes it is for several days together altogether impassable.

Second, because that on the north side of the said River Thames the lands through which the said Road would pass have not yet been purchased by His Majesty, and of course there are no inhabitants settled thereon.

Third, because that it would be attended with great expense and labour, owing to the great depth and number of rivers, to cut out the said road and erect the necessary bridges thereon, and which, without settlers, would be continually out of repair.

That your Petitioners humbly conceive it would be of great benefit and attended with many advantages to His Majesty's subjects, if the said road was laid out from the Township of Oxford on the South side of the River Thames to the Moravian Grant in the London District.

That your Petitioners have every reason to believe that the lands are equally advantageous on the south for the laying out of a road as on the north side, and that it would be thereby considerably shortened, and, as the lands are all located on the south side, it would tend to the more speedy selling and improvement of the lands, and be the means of keeping the road open and in good repair.

Your Petitioners therefore humbly pray that Your Honorable House will take this their prayer into consideration, and upon proper evidence to be adduced to substantiate the facts stated in the present petition, will make such alterations in the said Act as Your Honorable House in your wisdom shall deem meet.

And your Petitioners as in duty bound will ever pray.

To the Honorable the Commons of Upper Canada in Parliament assembled.

The petition of a number of His Majesty's subjects residing at or near the River of Niagara,

Humbly Sheweth,

That your Petitioners must of necessity make use of the water of the River Niagara, which contains the carcasses of creatures thrown into it by certain persons, and that these carcasses are not unfrequently lodged within a few rods of our houses, by which the water is unfit to use.

It is therefore our humble request that you would be pleased to take such measures as may terminate this grievance, and we as in duty bound shall ever pray.

To the Honorable the Speaker and the Honorable the Members of the Commons House of Assembly in Parliament assembled.

The petition of William Willcocks

Humbly Sheweth,

That Your Petitioner has been Judge of the Home District Court for more than seven years, and (he presumes to flatter himself) has discharged his duty therein to the satisfaction of the public.

That his fees having never exceeded Ten Pounds a year, which he is informed is not the case in the other Districts, are entirely unequal to his labours, being obliged to attend four times in a year and at every Quarter Sessions to try causes.

Your Petitioner therefore humbly prays that you will be pleased to take his case into your consideration and grant him such a salary as in your wisdom you may think adequate to his situation as a Judge,

And your petitioner as in duty bound will ever pray.

York, 10th Feb'y, 1807.

(Sd.) William Willcocks.

Then was read the Petition of Charles Willcocks, Gentleman, which is as follows:

To the Honorable the Speaker and the Honorable the Members of the Commons House of Assembly in Parliament assembled.

The Petition of Charles Willcocks, Gentleman, Humbly Sheweth,

That Your Petitioner has attended this Honorable House as its copying Clerk four sessions of Parliament, and he presumes to flatter himself that he has acted in his station to the satisfaction of the Clerk of the House, and of the Honorable Members thereof.

That he was honored with a Commission (under the Seal of the then Speaker, Mr. Beasley) as Special Messenger, and did his duty as such. Your Petitioner depending entirely for support upon his small abilities as Scrivener takes the liberty of requesting that Your Honorable House may be pleased to take his case into consideration and allow him such salary during pleasure for his attendance each session of Parliament, and for bringing up the Journal for the House after its close, as in your wisdom you shall think meet.

And Your Petitioner as in duty bound will ever pray.

York, 10th Feb'y, 1807.

(Sd.) Chas. Willcocks.

Read, the Petition of the Inhabitants of the Townships of Mersia, Gosfield and Colchester, which is as follows.

To the Honorable the Members of the House of Assembly of Upper Canada in Parliament assembled.

The Inhabitants of the Townships of Mersia, Gosfield and Colchester, seeing with regret the insufficiency of their District Gaol in the Town of Sandwich, which in its present state is so confined and incommodious that an unfortunate debtor (although probably an honest, industrious man) must be confined in the same dungeon or cell with the greatest criminal, which is repugnant to human feeling, and unprecedented in civilized society.

They at the same time see the inability of the funds arising from the present taxes in their District to build a new Gaol, or even to make the absolutely necessary additions and repairs to the present one, sensible that such means must be raised within the District, they humbly beg leave to point out to the Honorable House of Assembly a mode of raising the necessary sum in a manner the least injurious to the poorer and most industrious part of the District.

With this view and to obtain so desirable a purpose they humbly recommend to the Honorable House to pass an Act imposing a duty of tax upon all carriages, caleches or other pleasure carriages within the District, which, if it only amounted to two shillings and sixpence currency upon each annually, would, in all probability, raise a sum adequate to the object in view in the course of three or four years.

The Inhabitants of the said Townships trust that the Honorable House of Assembly (studious for the prosperity and welfare of the Province in general) will take their proposition into their serious consideration.

Mr. Rogers, from the Select Committee to whom was referred the Provincial Public Accounts, reported the proceedings of the Committee thereon, and he read the Report in his place, and afterwards delivered the same in at the Table, where it was again read by the Clerk, and is as follows, viz.:—

Report of the Select Committee appointed to examine the Public Accounts, Third Session, Fourth Provincial Parliament:—

The Committee took into their consideration the Accounts marked Nos. 1 and 7, and find that there has been collected upon Shop and Innkeepers Licenses between the 5th April, 1805, and the 5th January, 1806, not brought into the accounts of that year

£4 14 6

Upon examining the Accounts Nos. 2, 3, and 9 the Committee find that the Duties arising from Licenses on Shop, Innkeepers and Stills, issued between the 5th January, 1806, and the 5th January, 1807, as far as the accounts have come to hand, after deducting ten per cent. for Inspectors, amount to.....

1074 9 21½

Your Committee understand that not any of the Duties collected under the authority of British Acts of Parliament are credited to the Provincial Treasury. They beg leave to submit to the House whether all moneys raised in this Province under any authority whatsoever is or is not at the disposal of the Provincial Legislature.

The Committee observe that in the Accounts laid before the House of Assembly, Two Pounds Provincial Currency on each Shop and Tavern License is supposed to be collected under authority of a British Act of Parliament, they submit to the House whether the said sum of Two Pounds is not levied under the authority of an Act of the Provincial Legislature passed in the thirty-third year of His Present Majesty's Reign, and whether the said sum is not appropriated by the last-mentioned Act for the payment of the salaries of the Officers of the Legislative Council and House of Assembly.

The Committee next took into their consideration the account of Duties collected on Goods imported from the United States between the 1st January and the 31st December, 1806, No. 4, and find the amount of the same, after deducting the expense of collection

528 5 25/8

Upon examining the Account of Fines and Forfeitures, No. 13, we find that the sum received on account of the same

between the 5th February, 1806, and the 1st February, 1807,
amounts to 14 15 6

The Committee took into consideration the Account marked
No. 12, and find that there has been collected on account of
Tonnage and Lighthouse Duty for the year ending 31st De-
cember, 1806 90 14 6

Your Committee find that the sum of £31 0s. 11¾d. has
been received from the Collectors on account of Lighthouse
Duties collected for the year 1805, stated as outstanding 5th
February, 1806, including the sum of £24 5s. 3d. due to the
Collector of the Port of Kingston for duties to the said period
which was omitted to be stated as outstanding the 5th February,
1806 31 0 11¾

Your Committee upon examining the account of articles
upon which Duties upon importation are imposed by the Legis-
lature of Lower Canada; and which have passed Coteau du Lac
upwards, from the 1st January to the 30th June, 1806, No. 11,
and also the account of the same nature from the 1st of July
to the 31st December, 1806, marked No. 17, find the money to
be received by this Province according to the Duties heretofore
accounted for to this Province, will probably amount to about.. 1694 0 0

Your Committee beg leave to observe that the Province of
Lower Canada do not account to this Province for any duties
which they collect under the authority of British Acts of
Parliament.

The Committee next proceeded to take into their considera-
tion the supplementary account marked No. 8, and find that
there has been collected on Shop and Innkeepers Licenses
between the 5th April, 1805, and the 5th January, 1806, and
not before accounted for 8 10 12/10

Upon examining the Account No. 10 we find that the
amount of Duties upon Licenses to Shop and Innkeepers between
5th January, 1806, and 5th January, 1807, supposed to be levied
under a British Act of Parliament, amounts to 424 8 9 6/10

Your Committee, upon examining the Account of Duties
collected upon goods imported from the United States between
the 1st January and the 31st December, 1806, under British Acts
of parliament, according to No. 5 amounts to 240 18 4½

The sums received for Fines and Forfeitures under British
Acts of Parliament between the 5th February and 31st December,
1806, marked No. 14, amounts to 116 19 8½

The Committee do not observe in any of the Public Accounts
that the sum taken from the Provincial Treasury last year with-
out any authority has been replaced.

Your Committee observe that the Province of Lower Canada
have not paid to this Province any sum on account of the
additional Duties laid by them in 1805, and that the probable
amount of such Duties will be for the period commencing 25th
March, and ending 31st December, 1805, £1,000, and that the
probable amount of the said Duties from the 1st January to
the 31st December, 1806 will be £1,280.

The Committee have it not in their power to state correctly what the amount of Duties levied in Lower Canada upon articles passing into Upper Canada under British Acts of Parliament are, the amount of articles liable to Duty passing Coteau du Lac not mentioning from what part the same are imported.

The Committee beg leave to submit the following Account to the House.

General Account of Duties collected in Upper Canada under Acts of the Provincial Parliament including this Province's proportion of Duties collected in Lower Canada to the 31st December, 1805, between the 5th January, 1806, and the 5th January, 1807, including all the sums outstanding the 5th February, 1806, and the 2nd February, 1807.

By order of the House was read the Petition of sundry Inhabitants of the District of Johnstown, which is as follows:

To the Honorable House of Assembly for the Province of Upper Canada.

The petition of the Subscribers, Inhabitants of the District of Johnstown, Humbly Represents,

That the District of Johnstown extends about fifty six miles on the River St. Lawrence. That the Counties of Grenville and Leeds are the only inhabited Counties in said District, That the County of Leeds originally contained ten Townships, two of which, Escott and Yonge, are now comprised in one, that the County of Grenville contains only seven Townships, whose population is not more than half as great as that of the County of Leeds. That the Court House and Gaol in the District of Johnstown is situated in the Town of Johnstown in the County of Grenville, within seven miles of the division line between the said District and the Eastern District; that the said Court House and Gaol were erected in pursuance of an Act passed in the thirty second year of the King, for the express purpose of accommodating the Inhabitants of that part of the Province, then known by the name of the Eastern District, conformably to an Act passed in the thirty eighth year of the King, entitled, "An Act for the better division of this Province." That the remote situation of the Court House and Gaol from the centre of the said District of Johnstown precludes in a great degree the inhabitants of the said

District from enjoying the conveniences which the Legislature undoubtedly had in view when the last mentioned Act was passed. That previous to the division of the Eastern District aforementioned the General Quarter Sessions of the Peace were alternately holden at Cornwall and Johnstown, and the Inhabitants of the said District of Johnstown attended the said sessions as Jury men only twice a year at the said Court House in Johnstown. That since the said division the said inhabitants were obliged to attend the General Quarter Sessions of the Peace to serve on juries four times in each year, and to travel the same distance for that purpose as formerly. That if the Court House and Gaol were placed in a more central situation, the expense and trouble of attending the Courts to serve on juries would be more equally divided, and the benefits intended to be granted by the said Act of the thirty eighth year of the King, would be more effectually experienced. That the said court House and Gaol in the Town of Johnstown is in a ruinous and almost irreparable state.

Your Petitioners, therefore, humbly pray the Honorable House of Assembly to frame a Bill calculated to enable the inhabitants of the said District of Johnstown to build a new Gaol and Court House on the front end of lots Nos. 10, 11, or 12, in the first Concession of the Township of Elizabethtown, in the County of Leeds aforesaid.

Your Petitioners humbly conceive that the said situation is the most eligible of any in said District of Johnstown for the purposes aforesaid, being at the distance of twenty three miles from the lower extremity of said District, as far towards the centre of the same as convenience will allow,

And Your Petitioners, as in duty bound, will ever pray.

We, the subscribers, hereby authorize Mr. Charles Jones to insert our names to any general petition which may be addressed to the Honorable House of Assembly for the purposes mentioned in the body of the foregoing Petition.

(Signed): Matthew Howard, Stephen Howard, Alex'r McLean, Jr., Samuel Wright, and several others.

District of Johnstown,

Decr. 1806.

On motion of Mr. Clench, seconded by Mr. Swazey, was read the Petition of sundry inhabitants of the District of Niagara, and is as follows.

To the Honorable the Speaker and Members of the House of Assembly at York:—

The Petition of the Magistrates and principal Inhabitants living on the road along the road between the Lakes Ontario and Erie and its vicinity:—

Sheweth,—

That the Bridge crossing the mouth of the Chippewa Creek, upwards of three hundred feet in length, is so much decayed as to render the passing unsafe, and has twice endangered the lives of passengers and teams by breaking down.

Your Petitioners deem it necessary to enlarge on the utility (and, indeed, necessity) of a bridge. Then, since it is so well known to many of the Gentlemen in Your House, particularly those representing this part of the Province, but presume to say that no road in this district is more travelled than the road above mentioned.

The law authorizing the Magistrates in Quarter Sessions to draw on the County Treasurer for the repair of highways and bridges does not allow them to exceed the sum of Fifty Pounds for any one bridge, which, in the present exigence is far too small a sum.

Your Petitioners, therefore, pray that the Legislative Body will be pleased to authorize the Magistrates of Niagara District in Quarter Sessions assembled, to apply an additional sum of Two Hundred Pounds of the County money to defray the expense of building a bridge across the mouth of Chippewa Creek, or make such other provisions as the necessity of the case requires, and which in your wisdom shall seem meet.

And Your petitioners will pray.

His Excellency, the Lieutenant Governor, was then pleased to make the following Speech to both Houses of Parliament:

Honorable Gentlemen of the Legislative Council
and
Gentlemen of the House of Assembly,—

In closing the Session of the Legislature I must express the sense I entertain of the attention with which you have executed the important trusts committed to your care.

I have with particular approbation, assented, in His Majesty's name, to the Acts whereby Public Schools will now be established in the different Districts of this Province, fully sensible of the importance of such institutions to the education and morals of the rising generation in this Infant Colony. In the prosecution of this laudable object you may rely on my attention and care.

The regulations which have been enacted for increasing the Public Revenue will, I trust, produce that salutary end; and I here must express my satisfaction, when considering the liberal manner in which the House of Assembly has conducted itself respecting the Revenues of this Province: entertaining the pleasing hope that its Revenue may soon be more adequate to its necessities, and that it will, at no very distant period, be enabled to relieve our Parent State from part of that burthen which it has on our account so generously sustained.

The other Bills which I have assented to will, I trust, promote the end of all legislation, the public good.

I now put an end to this Session of the Legislature, confiding that in the different parts of this widely extended Province to which you respectively belong, good order in society, obedience to the laws, and loyalty to the King will effectually be promoted by your influence and example.

After which the Honorable Speaker of the Legislative Council said:—

Gentlemen of the Legislative Council
and

Gentlemen of the House of Assembly,—

It is His Excellency the Lieutenant Governor's will and pleasure that this Provincial Parliament be prorogued until Saturday, the eighteenth day of April next, to be then here held; and this Provincial Parliament is accordingly prorogued until Saturday, the eighteenth day of April next.

I do hereby certify that the above and what is written on the foregoing pages in a transcript of the Journal of the House of Assembly in Upper Canada, being the Third Session of the Fourth Provincial Parliament, assembled in the Town of York on the Second day of February last, agreeably to the Proclamation of His Excellency, Francis Gore, Esq., Lieutenant Governor of the Province of Upper Canada; and prorogued by His Excellency on the Tenth day of March last.

HOUSE OF ASSEMBLY, UPPER CANADA.

York, Wednesday, 20th January, 1808.

At the Fourth Session of the Fourth Parliament of Upper Canada, begun and held in the Town of York, on Wednesday, the Twentieth day of January, in the Forty-eighth year of the Reign of Our Sovereign Lord, George the Third, by the Grace of God, of the United Kingdom of Great Britain and Ireland, King, Defender of the Faith, etc.; and in the Year of Our Lord, One Thousand Eight Hundred and Eight.

His Excellency, the Lieutenant-Governor, having prorogued the meeting of Parliament until the Eighteenth day of April, One Thousand Eight Hundred and Seven; and by His Proclamations annexed, having further prorogued the same from time to time until this day,—

The House being met,

A Message by Mr. George Lawe, Gentleman Usher of the Black Rod.

Mr. Speaker,—

It is His Excellency the Lieutenant-Governor's pleasure that this Honorable House do immediately attend him in the Legislative Council Chamber.

The House went up accordingly; and being returned,—

Mr. Speaker reported that the House had attended His Excellency, the Lieutenant-Governor, in the Legislative Council Chamber, where His Excellency had been pleased to open the present Session by a most gracious Speech to both Houses, and that to prevent mistakes he had obtained for the information of the House a copy of His Excellency's Speech, which was read as follows:—

Honorable Gentlemen of the Legislative Council

and

Gentlemen of the Assembly.—

It is with the highest satisfaction that I express on this occasion the sentiments which I entertain of that spirit of loyalty which was lately so conspicuously and universally displayed on calling out the Militia of this Province.

The zeal and unanimity which at that time prevailed, and the voluntary offers of service which were then tendered, evince that His Majesty's subjects in this Colony have a King whom they love, and a Constitution which they are ready to defend.

Since the last Session of this Legislature the necessary measures have been taken on my part, and on that of the Trustees appointed by me, for the establishing of Public Schools; institutions which I trust will be the means, not only of communicating useful knowledge to the youth of this Province, but also of instilling into their minds principles of religion and loyalty.

I think it proper to remind you that the Act for affording relief to those

persons who may be entitled, as Heirs or Devisees of the Nominees of the Crown, to land in this Province, will shortly expire; it will be for you to consider the expediency of the further continuation of that Act.

Your past experience, as well as your local knowledge, renders you particularly qualified to discover what still may be wanting to secure the peace, welfare and good government of the Province. To promote this important purpose I am well assured will be the object of your deliberations, as it shall be the ruling principle of my conduct.

Gentlemen of the House of Assembly,—

I shall give orders to the proper officer to lay before you the Public Accounts, not doubting but they will be considered with that attention which the nature of the subject requires.

Honorable Gentlemen of the Legislative Council
and

Gentlemen of the House of Assembly,—

The events of the times, and the particular situation of this Province, require from you more than an ordinary degree of attention and care.

From the short experience that I have had during the last Session of the Legislature, I entertain a well founded confidence that firmness with moderation will govern your conduct on the present occasion, and that you will convince His Majesty's subjects in this Colony that the authority with which you are invested by the Constitution has not been delegated to you in vain.

To His Excellency, Francis Gore, Esquire, Lieutenant-Governor of the Province of Upper Canada, etc., etc., etc.

May it please Your Excellency,—

We, His Majesty's loyal subjects, the Commons of Upper Canada, in Parliament Assembled, beg leave to return to Your Excellency our dutiful acknowledgements for your gracious Speech.

We sincerely congratulate Your Excellency on the ardent zeal and attachment to Our Sovereign and Constitution manifested by the Militia, and we trust that the same patriotic and loyal spirit pervades all ranks of His Majesty's subjects in this Colony.

We highly applaud the prompt and efficacious measures adopted by Your Excellency to carry into effect the provision of an Act, passed in the last Session of Parliament, for the establishment of Public Schools; and we pleasingly anticipate from these institutions the most substantial benefit to the rising generation in this Province.

We beg leave to assure Your Excellency that we feel it to be our duty, and that it shall be the object of our continual consideration, to adopt such measures as will best tend to secure the peace, welfare and good government of this Province; and we are sensible from our experience that in providing for these important and interesting objects we may rely upon Your Excellency's co-operation and assistance.

The momentous events of the times strongly impress upon our minds the necessity of directing all our counsels to the preservation and support of that excellent Constitution from which we derive all the blessings following from true and rational liberty.

We hope our future firmness and moderation to merit a continuance of that highly gratifying approbation which Your Excellency is pleased to express of our former conduct; and also to convince our fellow subjects in this Colony that we only desire to promote their real interest and prosperity

To the Honorable Speaker and other Members of the House of Assembly at York, in the Province of Upper Canada:

The Petition of the Inhabitants of Toronto, Trafalgar, and Nelson,

Humbly Sheweth,—

That whereas we, Your Petitioners, are settled in a wild, uncultivated part of the country, and consequently are obliged to bring our provisions and other necessaries from a distant part, and as our passage along Dundas Street is entirely

obstructed by the River Credit, the Sixteen and Twelve Mile Creeks, the banks of which, especially the two latter, are inaccessible to any carriage or beast of burthen, so that we are obliged to carry our necessities over our backs, or to bring them round by the old road, which is attended with the greatest inconvenience, both with respect to the additional distance and badness of the road. Our Statute labour on the roads is quite inadequate to the arduous task of bridging these creeks, nor are we able to raise contributions equivalent to the labour. If they be permitted to remain in their present situation it will prove very injurious to the growth of our settlement by rendering miserable those who are settled, and discouraging others from coming in. Numbers have been obliged to leave their habitations during the winter, and retire to a place where the necessities of life are to be had more conveniently, to the great injury of their private affairs. It is, therefore, the prayer of Your Petitioners that you take our situation into your consideration, and endeavour to find means to extricate us from this evil.

Your Petitioners further beg leave to represent that they will use their most strenuous exertions in assisting to level the banks of said Creeks, and also to make other parts of the street passable. Encouraged by this pleasing consideration, that your ears are ever open to the plaintive voice of distress, and that your chief concern is the public good, we have ventured to lay our petition before you, willing to indulge the flattering hopes that you will be able to afford us the necessary relief.

And Your Petitioners, as in duty bound, shall ever pray.

Nelson, 2nd January, 1808.

John Chisholm, Thomas Atkinson, Alexander Brown, Daniel Reiley, George King, James Davidson, John Day, and sixty-nine others.

Then Mr. Howard moved, seconded by Mr. Swazey, that so much of the Order of the Day for Monday next as gave him leave to bring in on that day a Bill to alter the method of performing Statute Labour on the Highways and Roads throughout this Province be discharged, and that leave be given to him to bring in on that day a Bill to alter the method of regulating the laying out of Highways and Roads throughout this Province, and to alter the method of performing the Statute Labour thereon. Ordered accordingly.

Then Mr. Mallory moved, seconded by Mr. Dorland, for leave to bring in a Bill on Monday next to authorize the inhabitants of the County of Haldimand to hold Annual Town Meetings, for the purpose of electing Town and Parish Officers. Accordingly leave was given.

On motion of the Solicitor General, seconded by Captain Cowan, the House adjourned until twelve o'clock at noon to-morrow.

Friday, 29th January, 1808.

Prayers.

To the Honorable the Commons of Upper Canada in Parliament assembled.

The Memorial of the Trustees appointed and acting under the District School Bill for the District of London,

Most respectfully represents, That soon after they received their appointment they proceeded to discharge the trust reposed in them, by recommending to His Excellency the Lieutenant-Governor a person whom they considered properly qualified to fill the situation of District School Master, who, in consequence of such recommendation, was duly appointed.

That the person so nominated on receiving notice of his appointment attended for the purpose of performing the duties attached to the situation, but neither School House nor Scholars could be procured in Townsend, the place pointed out by the Statute.

Your Memorialists therefore trust that Your Honorable House, taking into consideration the important object contemplated by the Statute, and the impossibility of carrying it into effect under existing circumstances, will deem it expedient to amend the Act, so that the School may be opened and kept in the Village of Dover, in the Township of Woodhouse, where a School House would be built, as appears by the accompanying subscription lately set on foot, and sufficient accommodation procured for those coming from distant parts of the District.

And Your Memorialists, as in duty bound, will ever pray.

Prayers were read.

Read, the Petition of the Inhabitants of the District of London, which is as follows:—

To the Honorable the Speaker and Members of the House of Commons of Upper Canada:

The Petition of the undersigned, Inhabitants of the District of London, Humbly Showeth,—

That the operation of that part of an Act entitled “An Act to repeal the several Acts now in force in this Province, relative to Rates and Assessments, etc., etc., passed in the Forty-seventh year of His present Majesty’s Reign, which directs that all real property shall be rated and assessed in the District where the owner of the property so rated and assessed resides, and the moneys arising by tax thereon shall be paid for the use and benefit of such District into the hands of the Treasurer thereof is peculiarly hard upon this District.

Your Petitioners are inhabitants of a very extensive and newly settled District, not very populous or wealthy; their annual public expenditures are nearly equal, if not quite, to that of any other District; and the money raised under the Act above mentioned, which is now paid into the Treasury of this District, is entirely inadequate to defray the necessary expenses; insomuch that the Magistrates have been under the necessity of involving the District already so largely in debt that there seems scarcely any possibility of ever being extricated by any means but the interference of the Legislature.

Your Petitioners beg leave to state that the quantity of land rated and assessed in this District does not exceed One Hundred and Twenty Thousand acres, and that they are led to believe that there is not less than Eight Hundred Thousand acres of land located, and subject to taxation in this District; so that the taxes raised upon Six Hundred and Eighty Thousand acres of land are now paid into the Treasuries of other Districts, which, if paid for the use of this, would place it in a respectable and independent situation.

They also beg leave to suggest that to subject all lands located in this Province to taxation, whether the owner thereof reside therein or not, would, they humbly conceive, be extremely beneficial to the Province in general.

Your Petitioners therefore humbly pray that Your Honorable House would be pleased to take this District into consideration, so far as relates to the present mode of paying taxes, and procure the repeal of so much of the aforesaid Act as directs the payment of the money raised by tax upon land into the Treasury of the District, where the owner of such land resides; and enact in lieu thereof that in future all land located, or that may be hereafter located, in this Province, shall be subject to taxation; whether the owner thereof is a resident of the Province or not, and that such land shall be rated and assessed in the District where it may be situated, and that the money raised thereon shall be paid to and for the use of such District.

And Your Petitioners, as in duty bound, will ever pray.

John Bostwick, Samuel Ryerse, J.P., Henry Bostwick, R. W. Dease, C.P., Thomas Welch, J.P., Peter Peeple, J.P., Nathan P. Barnham, J.P., Edward Watson, J.P., Elrick Crosby, Henry VanAllen, H. Alexander, John Williams, and One Hundred and Sixty-four others.

Then was read the Petition of the Inhabitants of the Township of Grimsby, which is as follows:—

To the Honorable the Knights, Burgesses and Citizens of the Province of Upper Canada in Parliament convened.

The Petition of some of the Freeholders, and all Inhabitants, Householders of the Town of Grimsby, and adjacent thereto, in the said Province, Sheweth,—

That by an Act passed in the Thirty-eighth year of His present Majesty George the Third, entitled “An Act to alter the method of performing Statute Duty on the Highways and Roads within this Province,” your Petitioners humbly conceive themselves to be aggrieved.

That by the said Act, Statute Labour is to be performed in the following manner, viz.: That every Inhabitant, Householder, included or inserted in or upon the Assessment Roll of any Parish, Township, reported Township or place, shall, in proportion to the estimate of his real and personal property thereon, be taken, rated, and held liable to work on the Highways and Roads in each and every year as follows, that is to say. If his property be rated at not more than One Hundred Pounds, then his proportion of labor shall not exceed six days. If at more than One Hundred Pounds, and not more than Two Hundred Pounds, eight days. If at more than Two Hundred Pounds, and not more than Three Hundred Pounds, twelve days.

That Your Petitioners, under and by virtue of said Act, humbly think their labour on the Highways is very much out of proportion, there being no more days than twelve exacted from the Freeholder of considerable property, and he who is worth but Three Hundred Pounds.

That Your Petitioners, the Householders, humbly consider themselves in a very great degree burdened by the labor rated by the said Act, which amounts to six days, being half as much for the poor man, who does not own an acre of land, or a team to injure the roads, and whose whole property does not exceed Twenty Pounds, as the gentleman possessed of from Five to Ten Thousand Pounds.

Your Petitioners therefore hope Your Honors will take their cases into serious consideration, and use your endeavours to have such alterations and amendments in the said Act, in such manner as your Petitioners may be relieved, and do such other matters and things in the alteration and amendments as to Your Honors in Your wisdom shall seem meet.

And Your Petitioners will pray.

John Wolverton, Daniel Palmer, Smith Griffin, William Feligh, John Kennedy, George Hughes, and twenty-six others.

The Petition of the Inhabitants of the Township of Beasley was then read, which is as follows:—

To the Honorable the Legislature of the Province of Upper Canada.

The Petition of the undersigned Inhabitants of the Township of Brand, commonly called Beasley's Township, or Block No. 2.

Humbly Sheweth,—

That several of our Township inhabitants takes kegs and barrels full of spirits from the Distillers and trades with the Indians, which causes them to get drunk and lie about and not follow their hunting, and their young ones starving for hunger, going about begging and halloing for victuals before our doors like beasts, and at the same time often the old ones coming along and being drunk, scaring ourselves and our families by their bad behaviour.

And whereas it is known by us that a certain Abraham Stouffer, of our Township, was shot by a drunken Indian through his arm and other places, and was then in danger of his life; such sufferings causes us to petition to Your Honorable Assembly to take into consideration what is said, and prevent such trading by an Act.

And Your Petitioners, as in duty bound, will ever pray.
Beasley's Township, 2nd Jan., 1808.

John Shoop,
Joseph Barringer,

The Clerk of the House of Assembly has the honor of representing most respectfully to the Representatives of the Commons of Upper Canada in Parliament Assembled,

That he was appointed Clerk to the Honorable House in the year 1801, with a salary of £125 per annum at the time he was appointed. The funds appropriated by Law for the payment of the salaries of the Officers of the Legislative Council and House of Assembly, and the Contingent Expenses thereof, were not very productive; since then they became more than abundant for that purpose.

Having the Honor of being Clerk to so high and dignified a branch of the Legislature of this Province, it makes the situation respectable, to which is attached great responsibility, notwithstanding his salary is not better than that of the inferior Clerks in any of the Public Offices, whose salaries are paid by the Crown, and to whose situation there is no responsibility attached.

Owing to the very extravagant prices of every article in this place, although painful to him to relate, he has the mortification to state that since his first appointment his salary has fallen greatly short of what is absolutely necessary to provide even the indispensable common necessities of life with the most rigid economy, which upwards of seven years' experience has fatally proved to him.

Your Clerk therefore respectfully submits to the superior judgment of the Representatives of the Commons of Upper Canada in Parliament Assembled, the making of such an augmentation to his present salary as may be thought suitable to so respectable and responsible a situation as Clerk of the third and important branch of the Legislature of Upper Canada.

Clerk Assembly's Office,

sincerity of those professions at the expense and privation of everything but life, we trust they will always be actuated by the same spirit, should occasion require it.

Permit us, before we surrender the important trust that has been delegated to us, to express to Your Excellency our acknowledgements for the many benefits this Province has derived under your administration; and, though we shall not presume to enumerate them, we cannot avoid noticing the relief Your Excellency has so graciously extended to these meritorious people, the Loyalists, who adhered to the unity of the Empire; and the Military Claimants.

As we can with confidence assure our constituents of Your Excellency's unceasing attention, and ardent desire to promote the welfare and happiness of His Majesty's subjects in this Province, and, as it is our duty, it shall also be our pride to inculcate a love of order, harmony and union among them, and to cherish and mature their attachment to the happiest of constitutions and the best of Sovereigns.

With reverential thankfulness to the great disposer of events for the uninterrupted blessings of peace, which we have in so peculiar a manner enjoyed since the first establishment of the Province, we shall offer up our supplications to Him for the continuation of His mercies, and that He may be graciously pleased to order and direct your counsels that they may tend to His glory, your honor, and the happiness of the people; and impress them with an awful sense of their dependence on the obligations to Him.

While no stranger to the zeal with which many of His Majesty's subjects in this Province have served the best of Kings, and their sufferings in that service, it is particularly gratifying to me to become an instrument of dispensing the bounty of the Crown to men who so well deserve it.

I unite with you in imploring the Great Ruler of the Universe that he may be pleased to continue to this Province the blessings of peace, but if it should be ordained otherwise by Infinite Wisdom I trust and hope that the loyalty so conspicuously displayed in times past by many of its inhabitants will engage them again to stand forth in the cause of their country; and that their children, the objects of His Majesty's peculiar favour and bounty, following such an example will, with a generous and virtuous emulation, tread in the steps of their fathers, and that all His Majesty's subjects in this Province, having experienced the blessings of the happy Constitution under which we live, will show themselves on every occasion ready to defend it.

May it please Your Excellency,

We, His Majesty's most dutiful and loyal subjects, the Commons of Upper Canada, in Parliament assembled, have taken into our serious consideration the great danger to the lives and property of His Majesty's subjects navigating on Lake Ontario; and having examined the Fund appropriated by an Act passed in the Forty-Third Year of His Majesty's Reign, for the purposes of erecting and keeping in repair Lighthouses on the Isle Forest, Missasauga Point, Gibraltar Point. We find that the moneys arising from Tonnage Duties levied in virtue of the said Act are not at present sufficient to complete the same. But being anxious, as far as in us lies, to render the navigation less dangerous by the immediate construction of Lighthouses authorized by the said Act to be erected on those points and places.

We humbly pray Your Excellency to direct a Lighthouse to be built with all convenient speed on the place known by the name of Gibraltar Point; and this House will make good the expenses thereof out of any of the unappropriated moneys in the hands of the Receiver General until the funds established by the said Act of the forty-third year of His Majesty's Reign shall be sufficient to repay the same.

To His Excellency Francis Gore, Esquire, Lieutenant Governor of the Province of Upper Canada, etc., etc., etc.

May it please Your Excellency,—

We, His Majesty's most dutiful and loyal subjects, the Commons of Upper Canada, in Parliament assembled, being fully convinced of the advantages which would undoubtedly result from the encouragement of the growth and cultivation of hemp in this Province, have raised and applied from the Provincial Funds for that purpose the sum of One Thousand Seven Hundred Pounds.

It is with pleasure we represent to Your Excellency that the small advances we have been enabled to make in this important branch of agriculture plainly evince that the Province of Upper Canada, both from climate and soil is well adapted to the growth of that valuable article.

But though we have ventured to state that the soil of this Province is peculiarly favorable to the culture of hemp, yet we respectfully beg leave to submit to Your Excellency that before we can more strenuously press that subject on the Canadian farmers we must be assured that the commodity when raised will be purchased in the country, and that the paternal hand of His Majesty will be graciously extended in dispelling difficulties which prevent them at present from accomplishing in its fullest strength so desirable an object. The inhabitants are incapable of waiting for the return of sales; but that obstruction may be remedied by appointing agents in the country, by which means the energy of the Province would be exerted, and the most valuable benefits result. And, if it should appear expedient to Your Excellency that this obstacle should be overcome in the manner which we have presumed to state, His Majesty's subjects in this Colony would glow with the pleasing reflection of being serviceable to the parent State by exertions which, in the end, would prove highly profitable to themselves.

We, therefore, His Majesty's most dutiful and loyal subjects, most respectfully suggest that the subject matter of this Address were made known to His Majesty, which we presume to hope Your Excellency will effect, he would deign to take the same into his Royal consideration, and if, on the one hand, His Majesty shall judge it expedient to encourage the culture of hemp in this Province, on the other we shall gratefully concur in adopting every measure within our reach, corresponding with His Majesty's views.

Commons House of Assembly,

Mr. Washburn moved, seconded by Mr. Clench, that the Petition of the inhabitants of the County of Prince Edward, relative to the Commerce of this Province, be now read, and that the same be inserted on the Journals of this House, and recommended to be taken into consideration by any future Parliament, which was ordered accordingly, and the Petition is as follows:—

To the Gentlemen Commons, Members of the House of Assembly of the Province of Upper Canada in Parliament assembled.

We, His Majesty's most loyal and dutiful subjects, Inhabitants of the County of Prince Edward, in the Midland District, and Province aforesaid,

Deeply impressed with a sense of the present confined situation of the Commerce of this Country, think it our indispensable duty, for the present and future

prosperity thereof. to lay before you what we conceive a true and just statement of it, and the much-to-be lamented method of purchasing and exporting, etc., of every commodity we can furnish for exportation, at the Ports of Quebec and Montreal, to which places we are obliged to take and dispose of each and every article we can furnish for the purpose aforesaid.

We find that by a prohibition of all vessels (the English excepted) from entering the aforesaid Ports to be the greatest misfortune attending our situation. First, it throws the whole trade of these ports into the hands of a few individuals residing therein, which governs all our commerce. Secondly, it causes a combination between them to fix prices on all imports and exports, which we are sorry to say they have generally done to our direct damage. Thirdly, it causes all imports and exports to be carried on in chartered vessels. Fourthly, it prohibits us from any advantage or profit arising from a trade with any foreign Kingdom, State, or Country, even where our fellow subjects are permitted to trade. And, finally, it excludes us from any privilege in trade, except trusting our all in that line in the hands of the aforesaid individuals which have had, and still hold, the power of allowing us whatever price they please for all exports, and in return compel whatever price they please to charge for all imports of merchandize which come solely through their hands, imported as aforesaid in a few chartered vessels. And we are aware that for several years past the exports have employed more than double the number of chartered vessels than the imports have; which, of course, leaves more than half the aforesaid vessels to come in under ballast, and cannot be expected to take freights on the same reasonable terms as if they were freighted in and out, which serves as one of the many politics or excuses which these individuals make use of for taking our produce, lumber, and every article we can furnish for exportation at a very reduced price to what might otherwise be allowed by them.

We can, with confidence, and from a long experience, namely, since we have been able to furnish a single article for exportation, assure you that nothing but a scarcity of whatever commodity was most wanting would cause it to command a fair price in the aforesaid market, which is principally owing to the combined situation of the commerce as aforesaid, and are severally of opinion that the only and sure method of causing a medium of contrast or spirit of opposition (which we think to a certain degree necessary in trade in these more enlightened days of the world) would be to admit a free trade to and from the aforesaid Ports, with all Nations and People with whom his Majesty is at peace, and allowing commerce.

We are also well aware that without it it is almost impossible for the farmers, who, under their all wise Creator, are the main pillar and support of all nations and countries, to receive a just reward for all their labours.

We have the satisfaction to observe that this country is blessed with seemingly all that Nature could do for it—a good market for the produce of our labours excepted—and Providence has placed an industrious people therein to till the fertile soil, who, no doubt would follow their ploughs and reap their harvest with smiles on their countenances, could they only be satisfied that they were to receive a reasonable price for what they might have left after supporting their families.

We also lament that the situation of the commerce of so great and good a country as this Province might be under the aid of Providence, which we hope may guide all our councils, and inspire every branch of our Legislature with a sense of the obligation they are under to give all assistance in their power to have

the commercial situation there, placed on the best, most favorable and permanent footing that its remote situation from a market can possibly admit of.

We hope you will join us in opinion, and we look up to you for redress, for not only this, but all other grievances that we have a right to complain of, at least as you in your situation can assist or take notice of, which we conceive to extend to every matter or thing which doth or may tend to harm the welfare or prosperity of your constituents, or benefit the same.

We also request you will communicate this to the other two branches of the Legislature in what manner you think most proper, and at the same time request their aid in adopting measures the most fit and speedy to remedy the aforesaid grievances.

We are also aware that nothing can be done to insure a free trade as aforesaid, short of obtaining His Majesty's consent, occasioned by stipulation in the present treaty of amity, commerce and navigation, between His Majesty and the United States of America; at least as far as that nation is concerned; and trust that you will see with us the immediate necessity of an endeavor to obtain the privilege aforesaid, and, through a petition, or by some other means that may be thought proper, make the same known to our most gracious Sovereign.

We also assure you that we are willing to accept it under every restriction as to duties, etc., which might otherwise tend to harm His Majesty or his subjects in general; and we are confident that the obtaining the above mentioned privilege would be a means of thousands of good subjects emigrating immediately to this country.

It is with regret we have to observe that our above stated situation renders us incapable of being that benefit to our most gracious Sovereign, in conjunction with our fellow subjects in other parts of his Dominions, that our inclination leads us to be.

We conclude this our prayer and statement, having given only the outlines of our opinion on the above important subject, as we conceive it, and with a sanguine hope that you will think with us that there is an actual necessity of endeavoring by the best and surest method of obtaining it to enhance the price of every article we can furnish for exportation.

We also flatter ourselves that our fellow subjects throughout the Province will join us in opinion, and hope to see some abler pen employed in adopting the most salutary measures to be taken in the pursuit thereof; at the same time trusting that you will seriously reflect on this subject, and pay it the respect which in your wisdom you may deem it worthy of.

And your Petitioners, as in duty bound, will ever pray.

Solomon Spafford, Simeon Washburn, Stephen Palen, Sampson Striker, Silas Dyne, Gilbert Palen, and one hundred and twenty-three others.

The Speaker reported that, in obedience to the command of this House, he had written to His Excellency, the Lieutenant-Governor, requesting him to issue his warrant, in favor of Hugh McLean, for the sum of Ten Pounds; in consideration of his past services as Messenger, attending the Commissioners who are appointed under an Act of the Parliament of this Province to afford relief to persons claiming lands in this Province as Heirs or Devisees of the Nominees of the Crown in cases where no Patent hath issued for such lands—to which he received no answer.

On motion of Mr. Cryslar, seconded by Mr. McGregor, the House adjourned.

Wednesday, 16th March, 1808.

Prayers were read.

Messrs. Clench and Nellis reported that, in obedience to the command of this House, they had carried up to the Honorable the Legislative Council the Message of this House, acquainting them that this House had concurred in adopting the amendments made by the Honorable the Legislative Council in and to an Act sent up from the House, entitled "An Act for the better representation of the Commons of this Province in Parliament, and to repeal part of an Act passed in the Fortieth year of His present Majesty's Reign, entitled 'An Act for the more equal representation of the Commons of this Province in Parliament, and for the better defining the qualifications of electors.'"

And also that they had carried up another message of this House to the Honorable the Legislative Council, acquainting them that this House have concurred in adopting the amendments made by them in and to an Act sent up from this House, entitled "An Act to explain, amend, and reduce to one Act of Parliament the several laws now in being for the raising and training the Militia of this Province."

The Clerk reported to the House the expenditure of his office since the Eighth instant, being the day the Contingent Accounts were approved and passed by this House, and is as follows:—

The Order of the Day for the call of the House being read, ordered, that the House be now called over. The House was accordingly called over, and the names of all the members were taken down, and are as follows, viz.:—The Speaker, W. B. Wilkinson (dead), D'Arcy Boulton, John Crysler, Samuel Sherwood, Peter Howard (absent), Allan McLean, Thomas Dorland (absent). Ebenezer Washburn, David McGregor Rogers (absent), Robert Thorpe (beyond sea. excused), Joseph Willcocks (Committed to Gaol by and for contempt of this House), Robert Nellis, Isaac Swayze (absent), Matthew Elliott (absent by leave), David Cowan, Esquires.

On motion of Captain Cowan, seconded by the Solicitor General,

Resolved, that it be inserted upon the Journals of this House, that on the last day the Commons House of Assembly sat, in the Fourth Session of the Fourth Provincial Parliament of this Province, being the Sixteenth day of March. On the names of the Members being called it appeared that David McGregor Rogers, Thomas Dorland and Peter Howard, Esquires, were absent without leave, since the Fifth day of March last past, when they left the House without a quorum, with a determined resolution not to return unless the majority of the House would acquiesce in their measures. That in consequence thereof the business of the House was suspended until the attendance of Robert Nellis, Esquire, who was sent for to his place of residence, he being absent on leave; by which means a quorum was formed, and the House of Assembly enabled to resume the business of the Session.

The House unanimously resolved the same.

Captain Cowan, seconded by Mr. McLean, moved that Joseph Willcocks be this day discharged from imprisonment, and that the Speaker do issue his warrant for that purpose. The Speaker accordingly issued his Warrant, which is as follows:—

Alexander McDonell, Esquire, Speaker of the Honorable the Commons House of Assembly,

To the Sheriff of the Home District, GREETING.

By virtue of the power and authority in me vested by the Commons House of Assembly, you are hereby ordered and required to discharge from your custody this day, Joseph Willcocks, Esquire, who was, on the Twentieth day of February last past, committed to the Gaol of the Home District, he having on that day been convicted of a contempt of the said House of Assembly; and for so doing this shall be your sufficient warrant.

Given under my hand and seal at York this Sixteenth day of March, 1808.

(Signed) ALEXANDER McDONELL,

Speaker.

On motion of Mr. McGregor, seconded by Mr. Clench, the House adjourned for one hour.

The House being met:—

A Message from His Excellency the Lieutenant-Governor by Mr. George Lawe, Gentleman Usher of the Black Rod:—

Mr. Speaker,—

I am commanded by His Excellency, the Lieutenant-Governor to inform this Honorable House, that it is His Excellency's pleasure that the Members thereof do forthwith attend upon His Excellency in the Legislative Council Chamber.

Accordingly, Mr. Speaker, with the House, went up to attend His Excellency, when His Excellency was pleased to give, in His Majesty's name, the Royal assent to the following Public and Private Bills, viz:—

An Act for the better regulation of Parish and Town Officers throughout this Province.

An Act for the better regulation of Special Juries.

An Act to continue an Act passed in the Thirty-third year of His Majesty's Reign, entitled "An Act to provide for the appointment of Returning Officers of the several Counties within this Province."

An Act for building a Court House and Gaol in the Township of Elizabeth-town, in the District of Johnstown.

An Act for the better regulating the Statute Labour in the Counties of Essex and Kent in the Western District.

An Act to continue an Act passed in the Forty-fifth year of His Majesty's Reign, entitled "An Act to afford relief to those persons who may be entitled to claim lands in this Province as Heirs or Devisees of the Nominees of the Crown, in cases where no Patent hath issued for such lands, and further to extend the benefits of the said Act."

An Act to explain, amend, and reduce to one Act of Parliament, the several Laws now being for the raising and training the Militia of this Province.

An Act for the better representation of the Commons of this Province in Parliament, and to repeal part of an Act passed in the Fortieth year of His Majesty's Reign, entitled "An Act for the more equal representation of the Commons of this Province, and for the better defining the qualification of Electors."

An Act to extend the benefits of An Act passed in the Thirty-seventh year of His Majesty's Reign, entitled "An Act for the more easy Barring of Dower, and to repeal certain parts of the same."

Mr. Speaker then said:

May it please Your Excellency to approve of the Seven Bills, which the Assembly, with the concurrence of the Legislative Council, have passed for aid to His Majesty:—

An Act for applying certain sums of money therein mentioned to make good certain moneys issued and advanced by His Majesty through the Lieutenant-Governor in pursuance of an Address.

An Act to amend an Act passed in the Forty-seventh year of His Majesty's Reign, entitled "An Act to establish Public Schools in each and every District of this Province."

An Act for granting to His Majesty an annual sum of money for the purposes therein mentioned.

An Act for granting to His Majesty a certain sum of money out of the funds applicable to the uses of this Province, to defray the expenses of amending and repairing the Public Highways and Roads, laying out and opening new Roads, and building Bridges in the several Districts thereof.

An Act for the further encouragement of the growth and cultivation of Hemp within this Province, and for the exportation thereof.

An Act for granting to His Majesty a certain sum of money out of the Provincial Fund, to increase the salary of the Clerk of the Legislative Council, and the Clerk of the House of Assembly.

An Act to repeal certain parts of an Act passed in the Forty-sixth year of His Majesty's Reign, entitled "An Act to continue an Act passed in the Forty-third year of His Majesty's Reign, entitled 'An Act for the better securing to His Majesty, his Heirs and Successors, the due collection and receipt of certain duties therein mentioned.'"

To which seven Bills His Excellency, the Lieutenant Governor, was pleased to give the Royal assent in His Majesty's name.

And then His Excellency, the Lieutenant Governor, was pleased to make the following Speech to both Houses of Parliament.

Honorable Gentlemen of the Legislative Council,
and
Gentlemen of the House of Assembly,

The unusual length to which this Session of the Legislature has been prolonged by an event that could not have been foreseen, will not, I trust, operate as a material inconvenience to your private affairs. It will, however, be your pride to reflect that instead of repining at any expense of labour or of time, your zealous exertions for the Public service have terminated honorably to yourselves and advantageously to the Public.

In times like the present, of uncertainty and of danger, the first care of every good man is the safety of his country. The salutary provisions enacted by you in the Bill for regulating the Militia of this Province are the most substantial proofs that this has been the governing principle of your conduct.

The Act for extending the representation of the Commons in the House of Assembly I consider as a measure beneficially conducive to the dearest interests of the subjects of this Province at large; I therefore cheerfully concur in the adoption of it.

I am much gratified also to have in my power to observe that the growth and cultivation of Hemp in this Colony, the soil of which is so well calculated for that desirable branch of agriculture, has not escaped the serious attention of the House of Assembly; and no endeavors shall be wanting on my part to give activity to the measures which they have suggested to produce an abundant supply of an article of the first necessity to the Mother Country.

Your wisdom in providing against the difficulties of an Inland Communication, with a prudent management of the sums you have appropriated for the laying out and repairing the public Roads and Bridges, will, I trust, considerably improve them. They are, however, generally in so imperfect a state, that I have it in contemplation to call the next Session of the Legislature at a season of the year better calculated for an easy access to the Seat of Government.

The relations of amity which happily existed between Great Britain and the United States of America have been in some degree interrupted, and I regret that during this Session I have not been enabled to lay before you any communication on this interesting subject. But I cherish the hope that the voice of wisdom and of moderation will ultimately prevail, and that the people of the United States will justly appreciate the good will of His Majesty, and that two nations may not be involved in the calamities of War, whose mutual interests plainly point to peace and commercial intercourse; from whence naturally arises opulence, prosperity, and happiness to nations. It is, however, our essential duty to be prepared for every event, and, should occasion call for it, to be ready with firmness to defend the just rights of our King and the interests of his people.

I now close this Session of the Legislature, which, from its constitution, must soon be dissolved, fully confident that your utmost efforts will be exerted in promoting peace, harmony and good morals amongst the great body of the people; and that the same zeal for the prosperity of this Province which has distinguished your public character will govern and animate your private conduct.

After which the Honorable the Speaker of the Legislative Council said:

It is His Excellency the Lieutenant-Governor's will and pleasure that this Provincial Parliament be prorogued until Friday, the Twenty-second day of April next, to be then here held; and the Provincial Parliament is accordingly prorogued until Friday, the Twenty-second day of April next.

[I do hereby certify that the above and what is written on the foregoing pages is a transcript of the Journal of the House of Assembly in Upper Canada, being the Fourth Session of the Fourth Provincial Parliament assembled in the Town of York, on the Twentieth day of January last, agreeably to the Proclamation of His Excellency, Francis Gore, Esquire, Lieutenant-Governor of the Province of Upper Canada; and prorogued by His Excellency on the Sixteenth day of March last.

The House went up accordingly, and being returned:—

Mr. Speaker reported that the House attended His Excellency in the Legislative Council Chamber, where His Excellency had been pleased to open the following Session by a most gracious Speech to both Houses, and that to prevent mistakes he had obtained for the information of the House a copy of His Excellency's Speech, which was read as follows:—

Honorable Gentlemen of the Legislative Council,

and

Gentlemen of the House of Assembly:—

On reviewing the situation of this Province I am happy in stating to you that I do not perceive any occurrence as taking place to interrupt its commerce or internal prosperity since the last Session of the Legislature.

It would have been an additional source of satisfaction to me to have been able to announce to you the restoration and renewal of friendship and amity between Great Britain and the United States of America, which, until of late, have so happily existed; and should the repeated efforts of His Majesty to accomplish so desirable an end not succeed, I trust that his brave and loyal subjects in this Province will evince, as many of them have already done, an unconquerable attachment to their King and Constitution.

Your respective situations in the Province will enable you to discover what may be still wanting to increase the happiness and prosperity of your fellow subjects, and to direct your deliberations to those points which may require Legislative assistance. It is the honorable task you are now called upon to perform.

It is incumbent upon me to call your attention to the evils resulting from the unskilful surveys of lands in this Province, instances of which have been reported to me by the Judges on their return from the circuits. A subject of such importance, will, I have no doubt, engage your most serious consideration.

Gentlemen of the House of Assembly,

I have directed the Public Accounts to be laid before you, in order that they may undergo such an examination as the nature of the subject requires.

Honorable Gentlemen of the Legislative Council,

and

Gentlemen of the House of Assembly, .

It is unnecessary for me to recommend to you an unremitting zeal for the Public Service, and a steady prosecution of those objects which may promote the general interests of the Province, as a prompt and faithful discharge of these duties will be most conducive to the interests of your constituents.

To His Excellency Francis Gore, Lieutenant-Governor of the Province of Upper Canada, &c., &c., &c.:—

May it please Your Excellency,

We, His Majesty's dutiful and loyal subjects, the Commons of the Province of Upper Canada in Parliament assembled, beg leave to return you our unfeigned and sincere thanks for Your Excellency's Speech to both Houses of Parliament upon opening of the present Session.

We contemplate with satisfaction the increasing commerce and internal prosperity of this Province since our last Session.

We lament that His Majesty's repeated efforts for the restoration and renewal of friendship and amity between the United Kingdom of Great Britain and Ireland, and the United States of America, have heretofore failed of accomplishing so desirable an end; yet we cherish a hope that the wisdom and policy of that Nation will direct them to embrace His Majesty's overtures, should His Majesty's efforts prove unavailing to attain the happy event. We trust the confidence Your Excellency has so flatteringly expressed in the bravery and loyalty of His Majesty's subjects in this Province will be fully justified, animated with a continual desire to maintain that character, which many of them have purchased with all but life, and ever exert themselves to manifest their unconquerable attachment to their King and Constitution, and to repel any attempt to alienate their attachment from either.

The recommendation of Your Excellency to discover from our respective situa-

tions what may still be wanting to increase the happiness and prosperity of our fellow subjects shall meet our earnest and grateful attention, and we shall endeavor to direct our deliberations to those points which may require legislative assistance.

Your Excellency's calling our attention to provide a remedy for the unskilful surveys of lands in this Province is a further proof of the unremitting watchfulness of Your Excellency to the interests of His Majesty's subjects in this Province, and shall meet our most deliberate investigation.

The Public Accounts shall likewise undergo such an examination as the nature of the subject requires.

We shall endeavour, agreeable to Your Excellency's recommendation, to use an unremitting zeal for the public service, and a steady prosecution of those objects which may promote the general interests of the Province, and a prompt and faithful discharge of the honorable task we now have to perform, and will be most conducive to the interests of our constituents.

Mr. Mallory moved, seconded by Mr. Burritt, that the Petition of the Inhabitants of the County of Grenville be now read. The Petition was accordingly read:—

To the Commons House of Assembly of the Province of Upper Canada.

The Petition of the Magistrates and principal Inhabitants of the County of Grenville

Most humbly sheweth,

That by an Act passed in the Forty-eighth year of His Majesty's Reign it was enacted that it should and might be lawful for the Justices of the Peace for the District of Johnstown, in General Quarter Sessions assembled, to fix upon a site or situation on the front of Lot Number Ten, Eleven or Twelve on the first concession of the Township of Elizabethtown, adjoining the King's Highway, where a Court House and Gaol might be erected, and also that as soon as the Justices of the Peace in General Quarter Sessions assembled, or the majority of them, should be satisfied that the said Court House and Gaol would be sufficiently finished, the said Court House and Gaol should be declared the Court House and Gaol of the said District of Johnstown.

That the Inhabitants of the County of Grenville have been at great expense in building and finishing a Gaol and Court House in the Town of Johnstown, and building houses in the said Town for the accommodation of the Court of the said District, which, for no reason but the ambition and interest of a few individuals, have been moved to Elizabethtown.

That the County of Grenville and the Counties in the rear thereof contain more inhabitants than the Counties above, and therefore, although the Court House and Gaol in Elizabethtown are nearly in the centre of the District, they are not in the centre of the settlement.

That the situation of the Court House and Gaol in Elizabethtown renders it inconvenient for the inhabitants of the County of Grenville to attend the several Courts of the said District to discharge their public and private duties.

Your Petitioners therefore pray that the Court of the said District of Johnstown may be held alternately in the Town of Johnstown and Elizabethtown, each County supporting their respective Gaols, by which means Your Petitioners will be enabled to attend their Public and private concerns.

And Your Petitioners, as in duty bound, will ever pray.

Andrew Adams, Joel Hatton, Peleg Spencer, John Culbreath, and one hundred and thirteen others.

Also another Petition of the same tenor with sixty-two signatures.

Mr. Burritt moved, seconded by Mr. Secord, for leave to bring in a Bill on Saturday next for the purpose of holding the Courts alternately in the town of Johnstown and the Township of Elizabethtown, and to repeal so much of an Act passed in the Forty-eighth year of His Majesty's Reign as relates to the Gaol and Court House in the District of Johnstown. Accordingly leave was granted.

Mr. Willcocks, seconded by Mr. Rogers, moved for leave to bring in a Bill on Saturday next to extend the Jurisdiction of the Court of Requests in this Province. Leave was granted.

Mr. McNabb moved, seconded by Mr. Dorland, that Captain Frazer, Mr. Gough, Mr. Rogers and Mr. Howard be a Committee to examine the Provincial Public Accounts. The House accordingly ordered the same.

Mr. Gough moved, seconded by Mr. Secord, that the Petition of the Inhabitants of the Counties of Lennox and Addington and Prince Edward be now read. The Petition was read accordingly, and is as follows:—

To the Honorable the Representatives of the Province of Upper Canada, in the House of Commons assembled.

The Petition of the undersigned inhabitants, Freeholders of the United Counties of Lennox and Addington, and the County of Prince Edward (except Ameliasburgh), in the Midland District.

Humbly Showeth,

That John Roblin and James Wilson, two of the Members returned as Representatives for the said Counties, have not been duly and lawfully elected and chosen, inasmuch as the said John Roblin and James Wilson, at the time of their being returned as Members of the House of Assembly for this Province, then were, and for many years before, and still are public Preachers and Teachers in that Society or Community of people called Methodists. Your Petitioners therefore humbly represent that the said John Roblin and James Wilson are not eligible to seats, or to be returned as Members of the House of Assembly of this Province; and pray that the said John Roblin and James Wilson may not be permitted to hold seats in Your Honorable House, and that the same may be vacated.

And Your Petitioners, as in duty bound, will ever pray.

Adolphustown, 25th January, 1810.

(Signed) John Ferguson, Reuben Bedell, Ebenezer Washburn, Simeon Washburn, and Thirteen others.

Mr. Gough moved, seconded by Mr. C. Wilson, that the said Petition be taken into consideration on Saturday next, which was ordered accordingly.

Mr. Willcocks moved, seconded by Mr. Mallory, for leave to bring in a Bill to-morrow to repeal an Act passed in the forty-sixth year of His Majesty's Reign, entitled "An Act to make provision for certain Sheriffs in this Province." On Mr. Speaker having put the question, a division thereupon took place. The names being called for, they were taken down, and are as follows:—

Humbly Sheweth,

That by an Act of the Province, passed in the thirty-third year of His Majesty's reign, Your Petitioners, after producing a certificate from three or four respectable people, one of whom must be a preacher in the Society to which they belong, shall pay in time of peace Four Dollars a year, and in time of invasion or insurrection Twenty Dollars a year, for which favorable law and liberty of conscience we are thankful to God and the Government under which we live. And

whereas many of Our Sons now under age and incapable of judging in matters of conscience, are not as yet actually considered as Church members, and cannot of course secure the necessary certificates, we therefore humbly pray the same indulgence may be extended to them that is granted to ourselves, their parents, that is that they may be exempted from serving in the Militia by paying the commutation money until they arrive at the age of twenty-one, or until they be admitted as Church Members.

And Your Petitioners further pray that your Honorable Body will take into your consideration the many difficulties which poor people, with large families, have to labour under in new settlements, and if you in your wisdom should deem meet to lessen the burden of our commutation money Your Petitioners, as in duty bound, shall ever pray.

Most humbly Showeth,

That Your Petitioners, by the blessing of God, have experienced great benefits from the Salmon Fishery; and whereas divers persons do catch them at a time when they are not eatable, and selling them to the Inhabitants and Public for good, and fearing that by catching them so, at a time when they ought to spawn, it will be the means of destroying them altogether, Your Petitioners therefore most humbly pray that the Honorable House will pass an Act to prohibit the catching salmon after the Fifteenth of October, and also that no mill-gates be hoisted, or no sluices be stopped for the purpose of stopping or catching said salmon.

And Your petitioners, as in duty bound, will ever pray.

On motion of Mr. McLean, seconded by Mr. Howard, was read the Petitions and subscription paper of the Inhabitants of the District of Niagara, and the West Riding of the County of York, praying that the site of the intended Town may be at Coot's Paradise; which are as follows:—

To the Commons House of Assembly of the Province of Upper Canada, in Parliament assembled.

The Petition of the Inhabitants of part of the District of Niagara, the County of Haldimand, and the West Riding of the County of York,

Humbly Showeth,

That Petitions were forwarded to Your Honorable House last Session, praying the creation of a new District from a part of the Niagara District, the West Riding of the County of York, and the County of Haldimand.

That Your Petitioners have heard the Beach was named in Your Honorable House as the most central place for the County Town.

Your Petitioners humbly beg leave to remind Your Honorable House that the proposed place at the Beach is entirely on private property, which originally belonged to the family of the late Captain Brant, which by him was in part parcelled out into small and irregular tracts, and sold to individuals without any allowance or reserves for roads, either to lands sold, or in any way through it; and in which from this circumstance, there is at present great confusion, as well as strife and contention, about roads; and from this trouble made to prevent roads being carried through that tract it is not to be supposed as it becomes more valuable it will be less contended for.

That in the neighborhood of the Beach no supplies or materials for building, or accommodation, are to be procured at present from the country immediately round it, and as a further bar to convenience or comfort to be expected there in the new purchase, three or four concessions only are purchased, and the few settlers in them have everything to buy for themselves, and it will be no more convenience for the persons who in all probability will compose the Bench of Justices to attend there than at York or Niagara, it being too far generally for them to go and return the same day; and as your Petitioners contemplate the present division as

merely temporary, for when a further purchase is made in the late purchased tract, and it becomes tolerably populous, there will be territory enough for two districts.

That the Inhabitants in every stage of settlement in this Province, who settled on Dundas Street, were required to perform a settlement duty in consequence of being indulged with lots on the Great Western Road; that Governor Simcoe, seeing so advantageous and proper a situation, with the advice and concurrence of the Executive Council, reserved at the head of the water communication, from which Dundas Street proceeds to the westward, a Town plot, in which are reserves for the purpose of erecting all the various public buildings, place of worship, etc., necessary in a County Town; which we conceive to be in the heart of a good settlement, from which every supply may easily be drawn to make persons settled in a Town comfortable, and that the river, down which all the produce from this part of the country, as well as further westward, must necessarily pass, has been cleared out last Summer at the expense of private individuals; that boats of a very considerable magnitude may now commodiously be brought up to the town reserve, and that access by land to and from it is easy and good by the various roads which pass through and to it.

That Your Petitioners have further to remark to Your Honorable House that the natural requisites for building a town with are very near to the reserve: there is plenty of good limestone and timber, that the reserve is well watered, healthy, and immediately in the neighborhood of all the mills in this part of the Country.

Wherefore Your Petitioners pray Your Honorable House may take their case into consideration, and if a division in the district should be found expedient, the original town plot reserve at the head of the water communication may be appropriated for the county town, and, as in duty bound, your Petitioners will ever pray.

(Signed) Richard Hatt, Wm. Nellis, Eph. L. Philips, Wm. Hepburne, Andrew Nellis, Jun., Henry Ellis, and eighty-two other signatures.

Four other petitions to the same purpose, with four hundred and sixty-six signatures, were brought up and laid on the Table.

And also was read a paper of which the following is a copy:—

To the Commons House of Assembly of the Province of Upper Canada, in Parliament met.

Whereas several petitions have gone forward to Your Honorable House, stating that a division of the districts has been solicited, and praying that the place originally appropriated under the administration of Governor Simcoe might be applied as the County Town for the new district, that is, the village reserved at the head of the water communication at Coot's Paradise; and should it appear to the wisdom of Your Honorable House that the village above recited is the most proper place, and Your Honorable House should deem it proper to name the reserve above mentioned as the place for the County Town, and it passes into a law, then, and in that case, we, the subscribers, do bind ourselves, our heirs and administrators, jointly and severally, to subscribe and pay the sum affixed to our respective names, for the purpose of furnishing materials and defraying the expenses in erecting a Gaol and Court House in the aforesaid town plot, at the head of the water communication, at Coot's Paradise in Ancaster and Flamboro' West.

January 29th, 1810.

Richard Hatt, five hundred dollars.

W. G. Hepburne, one hundred dollars.

Titus G. Simons, one hundred dollars.

Manuel Overfield, two hundred dollars.

Hector S. McKay, two hundred dollars.

Caleb Forsythe, one hundred dollars.

And seventy-two other signatures, subscribing the sum of two thousand seven hundred and sixty dollars.

On motion of Mr. Willcocks, seconded by Mr. Mallory, was read another Petition of the Inhabitants of the Township of Nelson, East and West Flamboro', Beverley, Blocks Nos. 1, 2 and 3 on the River Ouse (more commonly known as the Grand River) Salt Fleet, Barton, Ancaster, Glanford, and Binbrook, including that part of the County of Haldimand which lies between the Onondaga Village and the Dundas Street, which is as follows:—

To the Honorable the Commons House of Assembly in Parliament assembled.

We, the inhabitants, freeholders of the Townships of Nelson, East and West Flamboro', Beverley, Blocks 1, 2 and 3 on the River Ouse (more commonly known as the Grand River), Saltfleet, Barton, Ancaster, Glanford and Binbrook, including that part of the County of Haldimand which lies between the Onondaga Village and the Dundas Street, labouring under many inconveniences, and attended with heavy expenses, which necessarily occur in travelling from our remote situation to the places of public business; and having ample means to erect and support public buildings nigh home, are desirous of being separated from the Counties of York and Lincoln, and becoming established in our own; and that a Bill nominating the head of the Beech in the Township of Nelson to be the proper place for the County Town did pass Your Honorable House last Session:—

And we, humbly conceiving that you did not receive the most accurate information respecting the most eligible site for a new County Town, and the incalculable inconvenience that must necessarily await the inhabitants if established in that part of the proposed district; beg leave humbly to present those objections which appear to us most prominent.

In the first place the materials necessary for the erection of public buildings cannot be procured without enormous difficulty and expense; neither is the situation a central one,—of course it will not remedy the great evil of which we complain in travelling such an immense distance in attending to the several Courts of Justice, etc., as above stated. That the settlements adjacent to the proposed place are new and unproductive, consequently destitute of all articles immediately necessary for the establishment of a County Town.

We beg leave also to inform Your Honorable House that we are apprised of a petition intended to be brought before you, recommending the head of Coot's Paradise as a proper place for the County Town, which was at an early period, and in the infancy of this country, ordered by General Simcoe to be laid out into Town lots; but from the unhealthy situation of the place, owing to the ground being principally low, and the waters overflowing both in Spring and Fall, it being at the head of a long frog marsh which is navigable only at particular seasons of the year, all attempts to establish a town in that quarter of the district have proved unsuccessful, and is now only sought for by those who wish to promote their personal interest on the inconvenience and expense of four-fifths of the inhabitants of the proposed district.

Therefore Your Petitioners take the liberty of recommending to Your Honorable House the south side of Burlington Bay, and nigh the head, on the main Road leading to the Grand River, Dundas Street, etc., on Number 14 in the

second concession of the Township of Barton, owned by James Durand and Nathaniel Hughson, as the most convenient part of the proposed district for the inhabitants and the public in general; having immediately adjacent a sufficiency of building timber, a redundancy of excellent stone and water that may be commanded at the pleasure and to the convenience of every individual at a trifling expense; together with conveniences of every other kind suitable to the establishment of a County Town.

We beg leave also to mention that the Road already opened on the division line leading from the said lot, and distant only one mile and a quarter to the best harbour on Burlington Bay, with every access to the water, there being no impediment to a free communication to the water's edge or to interrupt the navigation of small crafts to the immediate boundary of the water.

We also pledge ourselves that James Durand or Nathaniel Hughson will each or either of them appropriate such a quantity of lands as shall be deemed necessary for the public buildings, etc.

We therefore humbly request that Your Honorable House will be pleased in your wisdom to establish the County Town at the last mentioned place.

And Your Petitioners, as in duty bound, will ever pray.

To the Honorable the Commons House of Assembly of the Province of Upper Canada, in Parliament assembled.

The Petition of Augustus Jones, Deputy Surveyor, Humbly Sheweth,

That Your Petitioner was employed as Assistant Surveyor at Niagara in the year 1789, by the then Deputy Surveyor of the District, Philip Frey, Esq., by the desire of the Commanding Officer and the concurrence of the then established Law Board, and has been continued in the Surveyor General's Department ever since; that during the periods of June, 1787, and February, 1789, Your Petitioner, with his party, surveyed the greatest part of fifteen Townships, containing 2,537 lots of 100 acres each, amounting in all to Five Hundred and Twenty-Six Pounds, Fifteen Shillings, and Two-Pence, Provincial Currency, no part of which has been paid Petitioner, owing to the irregularity of Mr. Frey's Accounts, he having about that time obtained leave of absence to visit his father in the State of New York, from whence he never returned.

That your Petitioner nevertheless continued the survey in the absence of Mr. Frey, until after the division of the Province of Quebec, and a Surveyor General for this Province was appointed, and your Petitioner's accounts were regularly paid. After such division of the Province of Quebec Your Petitioner made out an attested copy of his accounts of surveying the fifteen Townships, and laid them before the Law Board, who gave him the necessary certificates and recommendations, which were sent to the Surveyor General at Quebec, through the Surveyor General of this Province, and which, together with the documents, are now in that Office.

Your Petitioner begs leave to state that the irregularity of Mr. Frey's accounts, his absence from the Province, and the unexpected division thereof, has so operated against Your Petitioner that he has, without any fault on his part, been deprived both of his own wages, as well as the expenses incurred in performing the aforesaid surveys.

Your Petitioner therefore humbly prays that Your Honorable Body will be pleased to consider his case, and grant him such relief as the nature thereof may require. Should any documents be required by Your Honorable House Your Petitioner is ready to produce such as are in existence, and which he presumes will be satisfactory.

And your Petitioner, as in duty bound, will ever pray.

(Signed)

Most Gracious Sovereign:—

remote Colony, that it hath pleased Almighty God to preserve the life of Your Majesty until this period; while one and all are imploring the Great Disposer of Events still to cherish and preserve a life so dear as that of Our Most Beloved King.

Let it not be considered ostentatious from the humble Commons of Upper Canada to offer their prayers for the life endeared to the subjects of this Province by the most Parental affection: Your Majesty having afforded your loyal subjects of this Province an asylum in the hour of distress, when nothing was left them but their loyalty to their King, their lives, and their honor.

Permit us, Sire, to assure Your Majesty that none of Your subjects are animated with a more fervent zeal of loyalty and attachment to Your Sacred Person and Government than Your Majesty's subjects of Upper Canada.

To the Honorable the Speaker and Members of the House of Assembly of Upper Canada in Parliament convened.

The Petition of Thomas Hamilton,

Humbly Showeth,

That Your Petitioner, having been appointed one of the Commissioners for the home district of this Province, in the year 1809 to superintend the repairing and amending the roads and bridges in the said District,

That Your Petitioner in calculating the probable expense of the causeway near the River Don, previous to the completion of the work, expected, and had reason to expect at that time, that the inhabitants of that neighborhood would assist in the raising of the same; but Your Petitioner has, to his great prejudice, been deceived, and has been obliged to pay out of his own money the sum of eighteen pounds, fifteen shillings, Provincial Currency, to complete the work.

Your Petitioner therefore prays that Your Honorable House will take his case into your consideration, and grant him such relief as you in your goodness may deem proper.

And Your Petitioner, as in duty bound, will ever pray.

At the hour appointed the House went up with its Addresses to His Majesty and His Excellency the Lieutenant Governor.

The House being returned; Mr. Speaker reported that the House had waited upon His Excellency the Lieutenant Governor with its Addresses, to which His Excellency was pleased to return the following answer:—

Gentlemen of the House of Assembly:—

I participate with you in that pleasure which every loyal subject must feel on His Majesty's having entered into the Fiftieth year of His Reign.

I account it as particularly fortunate in being enabled to lay at His Majesty's feet the congratulations of men, many of whose fathers, and not a few who themselves, have with their lives and fortunes stood forth in the cause of their country and their King.

9th March, 1810.

Mr. Mallory moved, seconded by Mr. Gough, that the Petition of Thomas Hamilton be referred to the Committee on Contingent Accounts. Ordered accordingly.

Mr. C. Willson moved, seconded by Mr. McNabb, that this House do resolve that the pamphlet entitled "A view of the Province of Upper Canada," signed John Mills Jackson, contains a false, scandalous and seditious libel, comprising expressions of the most unexampled insolence and contumely towards His Majesty's Government in this Province, the grossest aspersions upon the House of Assembly, the Courts therein, and the Officers of the Civil Establishment of the said Government, and most manifestly tending to alienate the affections of the people from His Majesty's Government of this Province, to withdraw them from their obedience to the laws of the Country, and to excite them to insurrection.

Mr. Gough moved, seconded by Mr. Baby, that the further consideration of Mr. C. Willson's motion, seconded by Mr. McNabb, relative to the Pamphlet entitled "A view of the Province of Upper Canada," signed John Mills Jackson, be postponed until to-morrow. The House unanimously resolved the same.

On motion of Mr. McLean, seconded by Mr. Marele, was read the pamphlet entitled "A view of the Province of Upper Canada," signed John Mills Jackson, or "A view of the Political situation of the Province of Upper Canada, in North America," in which her physical capacity is stated, the means of diminishing her burden, increasing her value, and securing her connection to Great Britain are fully considered. With notes and appendix. London, printed for W. Earle, No. 43, Albemarle Street, 1809."

On motion of Mr. Rogers, seconded by Mr. McLean the House adjourned.

Saturday, 10th March, 1810.

Prayers were read.

The House went into the Order of the Day for taking into consideration a motion made yesterday by Mr. C. Willson, seconded by Mr. McNabb, that the House do resolve that the Pamphlet entitled "A View of the Province of Upper Canada," signed John Mills Jackson, contains a false, scandalous and seditious libel, comprising expressions of the most unexampled insolence and contumely towards His Majesty's Government of this Province; the grossest aspersions upon the House of Assembly, the Courts of Justice therein, and the Officers of the Civil Establishment of the said Government, and most manifestly tending to alienate the affections of the people from His Majesty's Government of this Province, to withdraw them from their obedience to the laws of the Country and to excite them to insurrection. The House unanimously resolved the same.

Mr. Gough, seconded by Mr. McNabb, moved that the House do present an Address to His Excellency the Lieutenant Governor, expressive of its abhorrence and detestation of an infamous and seditious libel, signed John Mills, Jackson; and that Messrs. C. Willson, McLean and McGregor be a Select Committee to draft the same, which was ordered accordingly.

Mr. C. Willson, seconded by Mr. Gough, moved that the Phamplet entitled "A view of the Province of Upper Canada," signed John Mills Jackson, be preserved among the Records of this House. The House unanimously ordered the same.

Mr. Gough then moved, seconded by Mr. C. Willson, that the names of the Members present be taken down. The names of the Members present were accordingly taken down, and are as follows, viz.:—The Speaker, James McNabb, Stephen Burritt, Henry Markle, J. B. Baby, Allan McLean, Philip Sovereign, J. B. Gough, Peter Howard, Joseph Willcocks, D. McG. Rogers, Thomas Frazer, Matthew Elliott, David Secord, John McGregor, Levi Lewis, Crowell Willson, and John Willson, Esquires.

Mr. Gough, seconded by Mr. McLean, moved, that Mr. Sovereign have leave of absence for the remainder of the Session, which passed in the negative.

Mr. McLean, from the Committee appointed to draft an Address to His Excellency, the Lieutenant-Governor, approbatory of His Excellency's administration of the Government of this Province, and testifying their abhorrence and detestation of a Pamphlet signed John Mills Jackson, reported that the Committee had drafted an Address accordingly, which they were ready to submit to the House whenever it should be pleased to receive the same. Ordered, that the Report be now received. He then read the draft of the Address in his place, and afterwards delivered the same in at the Table, where it was again read by the Clerk. On motion of Mr. Gough, seconded by Mr. C. Willson, the House resolved itself into a Committee to go into the consideration of the said Address. Mr. Speaker left the Chair. Mr. C. Willson was called to the Chair of the Committee.

Mr. Speaker resumed the Chair, and Mr. C. Willson reported that the Committee had gone through the consideration of the said Address without any amendment which he was directed by the Committee to report to the House, whenever it shall be pleased to receive the same.

On Mr. Speaker having put the question for the Report being received a division thereupon took place.

The names being called for, they were taken down, and are as follows:—

Carried in the affirmative by a majority of nine. The Report was accordingly received.

Mr. McLean, seconded by Mr. Baby, moved that the said Address be engrossed, and read this day. Ordered accordingly.

Mr. Rogers, from the Select Committee to whom was referred the Public Provincial accounts, reported the proceedings of the Committee thereon. He read the Report in his place, and then delivered the same in at the Table, where it was again read by the Clerk, and is as follows, viz:—

Report of the Select Committee appointed to take into consideration the Public Accounts of this Province, the second Session of the Fifth Provincial Parliament.

The Committee upon examining the accounts numbered 10 and 17 find that all moneys that have been paid out of the Provincial Treasury last year are paid by proper authority, and that there remained in the Receiver General's hands the 31st Dec. 1809, a balance of £922 1 8

Upon examining the Account No. 14 we find that there was outstanding the 31st Dec. 1809 of duties collected on Shop, Innkeepers, and Still Licenses, issued between the 5th Jan. 1809 and the 5th Jan., 1810, as far as the acc'ts have been received 617 8 0¾

A.—Upon examining the Account No. 8 we find that there was outstanding 31st Dec., 1809, of duties collected on goods imported from the United States, as far as the accounts have been furnished by the Collectors, the sum of 97 12 9¼

B.—It appears by the Account No. 7, that there was outstanding 31st Dec., 1809, of duties collected on Licenses issued to Hawkers, Pedlars and Petty Chapmen for the year ending the 5th of April, 1810, as far as the accounts have come to hand, the sum of 178 17 3¼

By a note added to the account No. 17 it appears that there has been paid to the Receiver General's Agent at Montreal, the sum of £4,645. 10. 2 provincial currency, which the Committee is only this Province's proportion of duties up to the 31st December, 1808 4645 10 2

C.—There is due from the Province of Lower Canada one year's duties on goods brought into this Province between the 1st Jan., and the 31st Dec., 1809, which may amount to..... 4908 0 5¼

£11439 10 4¾

A.—The Committee observe that the Accounts are not furnished by some of the Collectors of Customs in the manner that by law they ought to be, and that if those accounts were regularly furnished it would probably appear that there are considerable sums of money in the hands of those Collectors, above the sum above stated.

B.—By the Act imposing duties on Licenses issued to Hawkers, Pedlars and Petty Chapmen, the Collector is allowed ten per cent. on the money collected; but being obliged in certain cases to pay back the whole sum that has been paid, the Province suffers a loss of Sixteen Shillings on each sum so paid.

C—The Committee cannot by any means in their power ascertain what reductions the last sum to be received from Lower Canada is liable to. A large sum is kept back each year. They submit whether the House ought not to be informed on what account those sums are kept back.

A large sum of money is annually collected at the Port of Quebec, for duties under British Acts of Parliament, which sum they are informed is never accounted for to this Province in any manner.

There was in the hands of the Receiver-General 31st December, 1809, the District of Johnstown proportion of money appropriated for roads, forty-ninth of Geo. III. £200 0 0

There is due six Sheriffs 2nd March, 1810 300 0 0

The Balance of Lighthouse Duty appropriated, but not applied supposing the sum taken from the Lighthouse at York to be taken out of the General Fund 314 13 8½

£814 13 8½

Account of money in the hands of the Receiver-General, appropriated, but not applied.

To Support the War, by vote £500 0 0

To Purchase the British Statutes 175 0 0

For erecting Public Buildings in York 2,400 0 0

£3,075 0 0

Account of money collected under British Acts of Parliament, not accounted for.

On Shop and Innkeepers Licenses issued between 5th Jan., 1809, and 5th Jan., 1810, No. 15 £468 3 7 2-10

For duties collected on goods imported from the United States between the 1st Jan., and 31st Dec., 1809, as far as the accounts have come to hand, No. 9 129 0 0 1-4

For fines and forfeitures between 1st Jan., and the 31st Dec., 1809, No. 16 27 5 9 1-4

£624 9 4 3-5

The Committee observe that the fines, etc., imposed in the several Courts are in the Accounts supposed to be levied under British Acts of Parliament. They submit to the House whether they can be properly be said to be so imposed.

There is due from Colin McNabb, late Collector of Customs at the Port of Niagara, since 1802 £87 0 10¼

The Committee think that it is improper for the Public money to remain in any individual's hands, especially for such a length of time. When money is collected from the Public it ought as soon as possible to be paid into the Provincial Treasury, that the Public might have the use of it.

All which is humbly submitted.

By Order of the Committee,

(Signed) D. MCG. ROGERS,

May it please Your Excellency.

We, His Majesty's dutiful and loyal subjects, the Commons of Upper Canada, in Parliament assembled, beg leave to assure Your Excellency of our approbation of Your Excellency's administration of the Government of this Province, which, since your arrival among us, has increased in wealth, prosperity and commerce, far exceeding our most sanguine expectations, aided by your wise and liberal exertions to promote the same.

We should not intrude upon Your Excellency at this time to express the general sentiment of the people of this Province did not we feel ourselves called upon and impelled by a sense of that duty which we owe to our constituents, His Majesty's loyal subjects of this Province to you, Sir, as administering the Government thereof; and to that August Sovereign whom we regard as the Father of his people, only to express our abhorrence and indignation at a pamphlet now before us, addressed to the King, Lords and Commons of the United Kingdom of Great Britain and Ireland, containing in almost every page the most gross and false aspersions on Your Excellency and His Majesty's Executive Government, the House of Assembly,

and the loyal inhabitants of this Province, under the signature of John Mills Jackson, tending to misrepresent a brave and loyal portion of His Majesty's Subjects.

The Commons of Upper Canada, as the organ of the People, consider the author and publisher of such false and libellous pamphlets as a character endeavouring to alienate the minds of the unwary from His Majesty's Government, and to diminish the parental affection of His Majesty to his liege subjects in this Province, which with gratitude we proudly acknowledge to have experienced an ample and abundant share of.

In addressing Your Excellency we feel a satisfaction in repeating our approbation of Your Excellency's administration of this Government, without entering into the details, which would exceed the bounds of an Address.

We humbly request Your Excellency will be pleased to represent us to His Majesty in our true character, as loyal subjects, to remove any impression which such libel may have made, or might make under such imputation.

Commons House of Assembly,
10th March, 1810.

(Signed) SAMUEL STREET,
Speaker.

Mr. John Willson gave notice that he will, early in the next Session of Parliament, bring forth petitions of the inhabitants of the West Riding of York (except the Township of Toronto), the Townships of Saltfleet, Ancaster, Barton and Binbrook in the first Riding of the County of Lincoln, and that part of the County of Haldimand between Dundas Street and the Onondaga Village, praying the same may be formed into a new District.

Mr. Gough, seconded by Mr. McGregor, moved that Messrs. Howard and Sovereign do wait upon His Excellency, the Lieutenant-Governor, to know at what time His Excellency will be pleased to receive the Address of this House, respecting the libel signed John Mills Jackson, and that those gentlemen do present the same at such time as His Excellency shall be pleased to appoint. Mr. Speaker having put the question a division thereupon took place. The names being called for they were taken down and are as follows, viz:—

An Act to authorize the Inhabitants of the County of Haldimand to hold Annual Meetings for the purpose of electing Town and Parish Officers.

An Act for the relief of Minors of the Societies of Mennonists and Tunkers.

An Act to render the Gaols in the several Districts of this Province Houses of Correction for certain purposes.

An Act for preventing the Forgery and Counterfeiting of Foreign Bills of Exchange, and Foreign Notes, and Orders for the Payment of Money.

An Act to repeal an Act passed in the forty-fourth year of His Majesty's Reign, entitled "An Act to repeal certain parts of an Act passed in the thirty-fourth year of His Majesty's Reign, entitled 'An Act to establish a Supreme Court of Civil and Criminal Jurisdiction, and to regulate the Court of Appeal and to authorize His Majesty's Court of King's Bench in this Province to regulate certain Fees, Costs and Charges therein mentioned.'"

And then His Excellency was pleased to make the following Speech to both Houses:—

Honorable Gentlemen of the Legislative Council
and

Gentlemen of the House of Assembly.

In closing this Session of the Legislature I with pleasure embrace the opportunity of expressing my approbation of that zeal with which you have discharged the duties committed to your care.

The regulations which you have enacted respecting the Statute Labour on the Highways, as well as the liberal appropriation of money for the purpose of laying out and amending certain Roads, and of building of Bridges, I consider as an honorable testimony of the attention which you have paid to objects of Public utility and benefit.

By the extension of the powers delegated to the Commissioners for purchasing Hemp, the growth of this Province, a facility will be obtained of establishing Manufacturers of that valuable article among ourselves.

The laws which are now passed for the prevention and punishment of Forgery and Counterfeiting Foreign Bills of Exchange, and other security for the payment of money, which we have adopted from our Parent State, will, I trust, put a stop to a crime so detrimental to the interests of civil society in every country.

I entertain the hope that the other Bills passed by you, and to which I have assented in His Majesty's name, will produce the salutary end for which they were intended.

But, Gentlemen, before I prorogue this Session of the Legislature, I cannot deny myself the satisfaction of uniting my congratulations with yours on the happy event of His Majesty having entered into the fiftieth year of His Reign. To few Sovereigns has it been granted for so long a period to reign in the hearts and affections of his people. May his subjects ever bear in mind the security and protection which they have enjoyed under his Government; may his valuable life, if it should please Almighty God, be still prolonged for their benefit; and may we in this Province, who have been specially favored by His bounty, manifest our gratitude by attachment to his person and government, and by obedience to his laws.
12th March, 1810.

After which the Honorable Speaker of the Legislative Council said:—

It is His Excellency, the Lieutenant-Governor's will and pleasure that this Provincial Parliament be prorogued until Monday, the Sixteenth day of April next, to be then here held; and the Provincial Parliament is hereby prorogued accordingly until Monday the Sixteenth day of April next.

[I do hereby certify that the above and what is written on the foregoing pages is a true transcript of the Journal of the House of Assembly in Upper Canada, being the Second Session of the Fifth Provincial Parliament assembled in the Town of

YORK, Friday, 1st February, 1811.

At the Third Session of the Fifth Parliament of Upper Canada, begun and held at the Town of York on Friday, the first day of February, in the Fifty-first year of the reign of Our Sovereign Lord George the Third, by the Grace of God, of the United Kingdom of Great Britain and Ireland, King, Defender of the Faith, and in the Year of Our Lord One Thousand Eight Hundred and Eleven.

The House being met:—

The Clerk informed the Speaker that during the recess of Parliament His Excellency the Lieutenant-Governor has been pleased to appoint William Stanton, Esquire, to be Serjeant at Arms of this Honorable House, vice Thomas Ridout, Esquire, resigned.

Mr. Speaker then desired the Serjeant at Arms to attend his duty in this House.

The Serjeant at Arms took his place accordingly.

A message from His Excellency the Lieutenant-Governor by Mr. George Lawe, Gentleman Usher of the Black Rod.

Mr. Speaker,

It is His Excellency the Lieutenant-Governor's pleasure that this Honorable House do immediately attend him in the Legislative Council Chamber.

The House went up accordingly; and being returned:—

Mr. Speaker reported that the House attended His Excellency the Lieutenant-Governor in the Legislative Council Chamber, where His Excellency had been pleased to open the present Session by a most gracious Speech to both Houses; and that, to prevent mistakes, he had obtained for the information of this House a copy of His Excellency's Speech, which was read by the Clerk at the Table, and is, as follows:—

Honorable Gentlemen of the Legislative Council
and

Gentlemen of the House of Assembly:—

When Europe is desolated by the calamities of war, and nations with their Kings degraded and oppressed; whilst in other countries life and property are held at the will of the conqueror, and liberty is but an empty name; you, gentlemen, are called together by a kind and gracious Sovereign, not for the purpose of ambition or of power, but peacefully to consult and to promote your own happiness.

Undeserving of such blessings must such subjects be, who, under these circumstances, are not deeply impressed with thankfulness to God and loyalty to the King.

Your past conduct, Gentlemen, bears ample testimony to your loyalty.

Thus animated, you will with zeal perform that important task committed to your care; and your knowledge of this widely extended Province will enable you to direct that zeal to its proper objects, and effectually to promote the comfort and the prosperity of your fellow subjects.

I think it proper on this occasion to call your attention to the expediency of continuing for a limited time an Act passed in the forty-ninth year of His Majesty's reign, to ratify and confirm the Provisional Articles of Agreement entered into between this Province and that of Lower Canada.

Gentlemen of the House of Assembly,

Having communicated your wishes with respect to the establishment of a regular Post in this Province to be communicated to His Majesty, I am now enabled to inform you that this subject is under particular consideration.

I have directed the Public Accounts to be laid before you, not doubting but that you will consider them with your accustomed care and attention.

Honorable Gentlemen of the Legislative Council

and

Gentlemen of the House of Assembly,

Thus gratefully acknowledging the advantages and the privileges which we enjoy, let us remember that their continuance greatly depends upon our own conduct. It is by removing from our minds partiality, prepossession and prejudice, that we can hope, either as Legislators or as individuals to be of real benefit to the community.

Banishing, then, everything from our thoughts that may weaken or divert our attention from the love of our country, let us now cordially unite in the enacting of such laws as may best tend to the peace, welfare, and good Government of this Province.

Donald McLean, Esquire, one of the Commissioners appointed by *dedimus potestatem* to administer the Oath to the Members of the House of Assembly, came to the Bar, and did inform Mr. Speaker that Willet Casey, John Stinson and Abraham Marsh, Esquires, had taken the oath as prescribed by the Statute, and did sign the roll.

Then Stephen Burritt and Thomas Dorland, Esquires, introduced Willet Casey, Esquire, Knight representing the Counties of Lennox and Addington; and also John Stinson, Esquire, Knight representing the County of Prince Edward, (except the Township of Ameliasburgh). They took their seats accordingly.

Mr. Gough, by leave, brought up the Petition of the inhabitants of Block No. 2 on the Grand River, in the West Riding of the County of York, which was ordered to lie on the Table.

Mr. Gough moved, seconded by Mr. C. Wilson, that there be a call of the House on Wednesday next. Ordered accordingly.

Mr. Gough, from the Committee appointed to draft an Address to His Excellency the Lieutenant-Governor, in answer to his Speech to both Houses at the opening of the present Session, reported that the Committee had prepared an Address accordingly, which he was ready to submit to the House, whenever it should be pleased to receive the same. Ordered, that the Report be now received. And he read the Report in his place, and then delivered the same at the Table, where it was again read by the Clerk once throughout. Mr. Dorland, seconded by Mr. Gough, moved that the House do now resolve itself into a Committee, to go into the consideration of the said Address. Mr. Speaker left the Chair. Capt. Fraser was called to the Chair of the Committee.

Mr. Speaker resumed the Chair, and Capt. Fraser reported that the Committee had gone through the consideration of the said Address without any amendment, which he was directed to report, whenever the House should be pleased to receive the same. Mr. Gough again moved, seconded by Mr. C. Wilson, for leave to bring in a Bill on Monday next, for applying a certain sum of money therein mentioned, to make good certain moneys issued and advanced by His Majesty, through the Lieutenant-Governor in pursuance of an Address of this House. Leave was accordingly granted.

Read as engrossed, the Address to His Excellency the Lieutenant-Governor, which then passed, and was signed by the Speaker, and is as follows:—

To His Excellency Francis Gore, Esquire, Lieutenant-Governor of the Province of Upper Canada, &c., &c., &c.

May it please Your Excellency:—

We, His Majesty's most dutiful and loyal subjects, the Commons of the Province of Upper Canada, in Parliament assembled, beg leave to return you our warmest thanks for Your Excellency's Speech at the opening of the present Session.

Being conscious of the purposes for which our kind and gracious Sovereign has called us together and taught by the awful example of the calamities of war

which desolate Europe, and of nations with their Kings degraded and oppressed, we fully feel the urgent necessity which behoves us peacefully to consult to promote our own happiness, and preserve that real liberty we enjoy. Undeserving, indeed, must we be, under such circumstances, were we not deeply impressed with thankfulness to God, and loyalty to our King.

If our past conduct, as Your Excellency has been pleased to express, bears ample testimony to our loyalty, we trust it will remain unimpaired by our future.

We shall zealously endeavor to promote the comfort and prosperity of our fellow subjects, by directing our attention to those objects, which, from our knowledge of this widely extended Province, may appear to us to lead thereto.

Agreeably to your Excellency's recommendation of the expediency of continuing for a limited time an Act passed in the forty-ninth year of His Majesty's reign, to ratify and confirm the Provisional Articles of Agreement entered into between this Province and that of Lower Canada, shall come under our immediate consideration.

Your Excellency's information respecting the establishment of a regular Post in this Province demands our grateful acknowledgements, and is a further proof of your unremitting attention to the interests of this Province.

When we receive the Public Accounts, they shall as usual, undergo an investigation with care and attention.

Gratefully acknowledging the privileges and advantages we enjoy, and conscious that their continuance greatly depends upon our own conduct, we shall cordially unite with Your Excellency and the other branch of the Legislature in the enacting of such laws as may best tend to the peace, welfare, and good Government of this Province, and shall divest our minds of every partiality, prepossession, and prejudice, except such as loyalty to the King, attachment to the Constitution, and love of our Country may inspire.

Commons House of Assembly, Saturday, 2nd Feby. 1811.

(Signed) Sam'l Street, Speaker.

On motion of Mr. Dorland, seconded by Mr. Fraser, the House adjourned until Monday.

Monday, 4th February, 1811.

Prayers were read.

Capt. Elliott, accompanied by the other messengers, reported that, in obedience to the order of this House, they had waited upon His Excellency the Lieutenant-Governor, to know His Excellency's pleasure, when he would receive the House with its Address; and that His Excellency was pleased to appoint to-morrow, at twelve o'clock at noon, to receive the House with its Address.

Read for the first time, A Bill for making good several sums of money, advanced by the Lieutenant-Governor, in pursuance of an Address of this House. Mr. Gough moved, seconded by Capt. Elliott, that the said Bill be read a second time to-morrow week, which was ordered accordingly.

Mr. Gough, seconded by Mr. Lewis, moved for leave to bring in a Bill, on Wednesday next, to continue for a limited time an Act passed in the forty-ninth year of His Majesty's reign, entitled "An Act for the continuing for a limited time the Provisional Agreement entered into between this Province and Lower Canada, at Montreal, on the fifth day of July, 1804, relative to duties; also for continuing for a limited time the several Acts of the Parliament of this Province now in force relating thereto." Leave was accordingly given.

On motion of Mr. Burritt, seconded by Mr. Baby, the House adjourned.

Tuesday, 5th February, 1811.

Prayers were read.

At the hour appointed, Mr. Speaker and the House went up with the Address of this House to His Excellency the Lieutenant-Governor, and being returned;

Mr. Speaker reported that the House had attended upon His Excellency the Lieutenant-Governor with its Address; to which His Excellency had been pleased to make the following answer.

Gentlemen of the House of Assembly:—

I thank you for this expression of your loyalty, and persuade myself that in declaring your prejudice in favour of our King, our Constitution and our Country you faithfully deliver the sentiment of those you represent.

5th February, 1811.

Mr. Rogers moved, seconded by Mr. Mallory, for leave to bring up the Petition of Benjamin Marsh, Esquire, of the Township of Hope. Leave was accordingly granted, and the said petition ordered to lie upon the Table.

Mr. J. Willson, seconded by Mr. Gough, moved that the petition of Block No. 2 be now read.

The said petition of the inhabitants of Block Number two on the Grand River was read, and is as follows:—

To the Honorable House of Assembly, in their Legislative capacities assembled.

The Petition of the inhabitants of Block Number Two, Grand River in the West Riding of the County of York,

Humbly Sheweth,

That your Petitioners are settled at the western extremity of the said County, unconnected with any settlement within a distance of seventeen miles.

That your Petitioners have expended considerable sums of money in improving their lands, and have suffered many hardships and inconveniences inseparable from the situation that attends the improvement of new countries.

And that Your Petitioners have expended the sum of One Thousand Dollars, exclusive of their voluntary labour in opening a road from the Block aforesaid to the inhabited part of the County, in the neighborhood of the head of Lake Ontario.

Notwithstanding these exertions, the road is barely passable to travel, and Your Petitioners find that their funds are exhausted, and pray your honorable body will grant them the sum of one hundred pounds to enable them to complete the said road.

And your Petitioners as in duty bound, will ever pray.

Benjamin Bomberger, Jacob Stromer, Jacob Sipes, David Skome, J. F. Lesser, Samuel Stouffer, and eighty-seven other subscribers.

Mr. Burritt moved, seconded by Capt. Fraser, that the petition of the inhabitants of the Counties of Grenville and Dundas be now read.

The said Petitions were then read, and are as follows:—

To the Honorable the Legislative Council and House of Assembly of the Province of Upper Canada in Parliament assembled, &c., &c.

The humble representation and Petition of the subscribers, inhabitants of the County of Dundas, Respectfully Showeth,

That your Petitioners feel themselves in duty bound, as loyal subjects to His Majesty, by all means in their power to promote the peace, welfare and prosperity of their country.

That situated as they are at present, they humbly conceive it a duty they owe to themselves and posterity to petition the Honorable, Legislative and House of

Assembly to take such measures as in your wisdom shall seem best to form the said County of Dundas and the County of Grenville into a new District, and to establish by law the place for erecting a Court House and Gaol, as near the centre of the said Counties as may be most convenient, the establishment of which your Petitioners are sensible will be a great improvement to this part of the country, and spur to industry, which is their greatest object.

Your Petitioners beg leave to communicate to your Honorable Houses the essential reasons that induced them to urge this request from the following propositions:

First, A great part of the inhabitants of this County are at the distance of forty or fifty miles from the Surrogate Office, Registrar's Office, &c., &c.

Secondly, Your Petitioners never could obtain any of the public money from the District Treasury (though they have often applied for it to the session) to assist in opening new roads, and building bridges which are much wanted.

Thirdly, They have but two Magistrates in the County that act, seldom more than one attends the Quarter Sessions at Cornwall, where there is no less than ten Magistrates in the circle of three miles, and many more near at hand; which makes a vast majority, and always over-rules one or more from this County, and have actually appropriated the moneys of the District fund to suit their own convenience.

Also Your Petitioners are well informed that several hundred pounds of the District money is wholly lost in the hands of the Treasurers and Collectors, the accounting for the same it is agreed by the said majority of Magistrates to omit and pass over, and bury all past losses in oblivion, and try to do better in time to come; thus leaving a precedent on their records that Your Petitioners fear will prove injurious to their country, and do not wish to countenance. Your Petitioners confide in both the Honorable Houses, and hope that they may be pleased to pass an Act constituting the said County of Dundas and the County of Grenville, with the Counties in the rear, (whose Magistrates and principal inhabitants Your Petitioners have conferred with, and find them desirous of the same event), into a new District.

And Your Petitioners, as in duty bound, will ever pray.

Capt. M. Jesse Wright, George Stobentson, Andrew Berkley, Luke de Pencian, John Slever, Sen'r, Philip Tedderley, and one hundred and seventy-four others.

To the Honorable the Legislative Council and House of Assembly of the Province of Upper Canada.

The Petition of the Magistrates and principal inhabitants of the Counties of Dundas and Grenville,

Most Humbly Showeth,

That by virtue of an Act passed in the forty-eighth year of His Majesty's reign, enacting that it should be lawful for the Justices of the Peace for the District of Johnstown, in General Quarter Sessions assembled, or the major part of them to fix upon a site or situation for a Court House and Gaol in the front end or ends of Lots Numbers Ten, Eleven or Twelve in the First Concession of Elizabethtown, adjoining the King's highway. A majority of the Justices of the Peace so assembled did fix upon a site or situation in front of Lot Number for the above purpose, and that in pursuance of a vote of Sessions a Court House and Gaol are now building on the said lot.

That the said measure carried in Sessions by a majority of the Justices will subject the inhabitants of the County of Grenville to some loss and many inconveniences. In the Town of Johnstown, which is laid out in acre lots with a park

lot with better than six acres to each lot, several individuals have been at considerable expense in building and improvements, with the two-fold view of serving themselves and of accommodating the public; a view which they are not ashamed to avow, as they humbly conceive it to be reasonable, and as they presume that considerations of individuals and private interest have not been wholly excluded, but notoriously well known from the motives of those who projected a Court House at Elizabethtown.

The inhabitants of Grenville at large must be also greatly incommoded by attending on all the Courts of Quarter Sessions and District Courts at the new Court House, which they deem the greater hardship that they have a Court House of their own, where the public business of the County might be heard and determined.

That Your Petitioners being thus incommoded by the building of the new Court House, and forming no inconsiderable part of the population of the District, though they have been thrown into a minority in the above measure, humbly think themselves entitled to some consideration from the Legislature: and therefore beg leave to suggest the adoption of one of the following alternatives, which, with little or no prejudice to the public interest, will do away in some measure with the inconveniences and embarrassments they have just reason to apprehend.

Namely, as the Counties of Dundas and Grenville with the Counties immediately in the rear, would make a compact District of forty miles in front, with a Court House and Gaol already built nearly in the centre.

The Legislature would be pleased to pass an Act for forming the said Counties into a separate District, or, if this should be deemed inconvenient in the present state of things, that the Legislature would empower the inhabitants of the County of Grenville to hold the May and November Sessions and District Courts at Johnstown as usual, leaving the remaining terms in the year to be held in the new Court House, for the accommodation of the upper part of the District, that each Division shall support its own Court House, Gaol and Prison, out of its own rates and assessments, without burthening the public with any new office, except that of one expert Treasurer, which is no burthen at all, as he only receives the percentage, which without any other expense incident to this plan it is hoped will be thought of little importance, compared to the advantages that will accrue to Your Petitioners from so equitable a scheme.

Therefore your Petitioners are actuated to lay before His Excellency, the Lieutenant-Governor, and the Honorable Legislative Council and House of Assembly our grievances, in hope of a favourable redress, as it has not been of a monetary consideration with us; we have been consulting with our aforesaid joining Counties for some years past, and finding them then and now firmly of the same opinion with us, as appears by the Petition to that purport laid before the Legislature.

Therefore we earnestly pray that in your great wisdom you will be pleased to grant that inestimable favor above mentioned.

And Your Petitioners, as in duty bound, will ever pray.

Solomon Snyder, Thomas Williams, Tobias Stabey, Robert Parker, William Snyder, Jun'r, Hacole Stabey, and three hundred and sixty-three others.

Mr. Burritt again moved, seconded by Mr. Marele, for leave to bring in a Bill on Monday next for the purpose of annexing the County of Grenville in the District of Johnstown, and the County of Dundas, in the Eastern District, and those Counties in the rear of them; and that the said Counties become a separate District. Leave was accordingly given.

Mr. Gough, seconded by Mr. Dorland, moved for leave to bring in a Bill to-morrow to amend an Act passed in the forty-ninth year of His Majesty's reign, entitled "An Act to explain, amend, and reduce into one Act the several laws now in force for the raising and training the Militia of this Province." Accordingly leave was granted.

On motion of Mr. Dorland, seconded by Captain Fraser, the House adjourned.

Mr. Mallory moved, seconded by Mr. C. Wilson, for leave to bring in a Bill to-morrow to repeal an Act passed in the forty-sixth year of the King, to make a provision for certain Sheriffs in this Province. Accordingly leave was granted.

On motion of Mr. Dorland, seconded by Mr. Mallory, the House adjourned.

Willson, that the Members who were absent when the House was called over yesterday be ordered into and be considered at this time as in custody of the Serjeant at Arms, and shall not be discharged therefrom until they have paid the customary fees established in the Parliament of the United Kingdom in like cases, unless they show to the satisfaction of this House sufficient cause for such absence. Which was ordered accordingly.

Mr. Gough again moved, seconded by Mr. C. Willson, that Messrs. Elliot and Sovereign, who have attended this day, and made excuses to the satisfaction of this House for their absence at the call of the House yesterday, be discharged from the custody of the Serjeant at Arms without paying fees. The House accordingly ordered the same.

Read for the second time the Provisional Agreement Bill. Mr. Gough, seconded by Mr. Dorland, moved that the Bill for continuing the Provisional Agreement with Lower Canada be referred to a Committee of the Whole House on Saturday next. Ordered accordingly.

Read for the second time, the Bill to amend the Militia Law.

To the Honorable Members of the House of Commons, in Provincial Parliament assembled.

The Memorial of the undersigned

Most Respectfully Showeth,

That during the Fourth Session of the Fourth Provincial Parliament, a petition was presented to that Honorable Body, signed by a number of the Trustees of the Public Schools for the District of London, praying the removal of the said School from Townsend to the Village of Dover, in the Township of Woodhouse.

That in consequence of that petition the Trustees were authorized by an Act passed in that Session to establish it where they might think proper intending, it is presumed, to meet the object of the petition.

That immediately after the promulgation of that Act Your Memorialists called upon the Trustees with a large subscription, (exceeding one hundred pounds, Provincial Currency) subscribed by the inhabitants in and near the Village of Dover, for the purpose of erecting a House for the use of the Public School, and at the same time requested an order for the establishment of it in the said Village.

The order which accompanies this was given. Your Memorialists were then authorized by the Subscribers to collect the subscriptions, and superintend the

building of the house, in consequence of which Your Memorialists immediately contracted for the necessary materials, and with carpenters, &c., to build the house.

That after Your Memorialists had gone to a very great expense, and had contracted for every material to finish the house they were suddenly told by the Trustees, without any previous communication or intimation of their design, that they had changed their minds, and had determined to establish the School in Charlotteville, not offering any rational motive for their conduct, excepting that as we had not completed the house at the time limited in their order they did not conceive themselves any longer bound to us; at which time it was utterly impossible for Your Memorialists to have finished the house, owing to the late opening of the water communication. The nails which were purchased the Fall before were at Fort Erie, and could not be procured until late in the month of May. This circumstance was well known to the Trustees.

That at the time Your Memorialists procured the order for the School, they offered to the Trustees a house for the teacher, in the neighborhood of Dover, where he would immediately have had a very respectable School until the Public School House should be finished; but this offer was rejected.

That Your Memorialists have been at a very great expense (relying upon the faith of the Trustees) to erect the house, which could now be finished in a short time, and that they have no means of indemnifying themselves, should the School be permanently established in Charlotteville; the subscription being for the express purpose of building a house for the use of the Public School, and the deed for the land whereon the house is erected is given to the Trustees in trust for the same purpose.

Wherefore Your Memorialists most respectfully pray that Your Honorable House, taking into consideration the allegations herein contained, will direct by law that the Public School for the District of London shall be permanently established in the Township of Woodhouse, at the place where the house erected for that purpose is situated.

And Your Memorialists, as in duty bound, will ever pray.

Henry Van Allen, Abraham Rulpelge, Henry Bostwick.
Woodhouse, District of London.

Read, the Petition of Sundry Inhabitants of the District of Johnstown, which is as follows:—

To the Honorable the Commons House of Assembly of Upper Canada, in Parliament assembled.

The Petition of the subscribers, Inhabitants of the District of Johnstown,

Respectfully Showeth,—

That Your Petitioners are informed that an attempt will be made to procure a law to be passed for holding the Courts of Justice alternately at Johnstown and Elizabethtown in this District.

That the several Courts are now directed by law to be held at Elizabethtown, which place is central, and a large Court House and Gaol has been lately erected at a great expense. This law wisely provides for the general good, and were it altered we conceive that much injury would result to the community without producing any other good effect than gratifying the interests of a very few individuals. In the event of such alterations of the law a new Court House and Gaol must necessarily be built at Johnstown, as the old one is decayed. The District would thereby be subject to an expense which it is not able to bear; the Quarter Sessions, instead of being composed of one body, would probably consist of two parties, formed of the respective Justices who might reside in the vicinity of each Court House. From hence would result contrary measures, which would not only tend to induce indecent animosity, but also embarrass and even pervert justice.

This District is not very large, having some years since been divided from the Eastern District; one Court House and Gaol are therefore amply sufficient for all the purposes of Justice.

Your Petitioners therefore pray that no Bill may be suffered to pass through Your Honorable House for holding the Courts of Justice in this District at any other place than Elizabethtown

(Signed)—Sam'l McNish, Alexander McLean, Peter Purvis, Archibald McLean, Samuel Griffin, John Shipman, and one hundred and seventy other persons.

Leave was accordingly granted, and the said Petition ordered to lie upon the Table.

Sir:—

Baldoon, 21st January, 1811.

Although I am perfectly aware that an application for leave of absence during the ensuing Session will appear unreasonable, I cannot reconcile to myself the not soliciting it, preferring to be called importunate to failing in respect to the House; I must therefore, through you, Sir, request the indulgence of the House in forgiving an absence which from many circumstances is rendered unavoidable.

I have the Honor to be, Sir,

Your Humble Servant,
(Signed) Alex'r McDonnell.

Humbly Showeth,—

That Your Petitioners, having sent forth Petitions to Your Honorable House the last Session, praying a division of the District of Niagara and the Home District,

that a new District might be created, and the Town Plot reserved at the head of the water communication of Coot's Paradise under the administration of Governor Simcoe, might be appropriate for the County Town.

That the same passed Your Honorable House; but from the circumstance of certain regulations of the Honorable the Legislative Council not having been at that time complied with, through ignorance in Your Petitioners, the Bill was not passed in the Council; but, as Your Petitioners now conceive the regulations have been complied with, they again come forward as last year.

Wherefore Your Petitioners pray Your Honorable House to take their case again into consideration, and that Your Honorable House will revive the Bill passed last Session, and that the Town Plot reserved at the head of the water communication may again be named for the County Town, and the subscriptions annexed to the petitions last year are still continued.

For this end, therefore, Your Petitioners express satisfaction for what was brought forward last winter, intituled "An Act concerning Land Surveyors, and the admeasurement of land, and for the better and more exactly ascertaining the boundaries of lands in this Province." Your Petitioners, therefore, humbly request that this Bill may be established into a law, believing it is founded on justice, equity and would be conducive of a most general settlement, not only of the Township of Kingston, but of the Province at large, that all Licensed Surveyors, in running out the limits or division lines, shall cause this survey to coincide and agree with the boundary lines of the Townships and Concessions so ascertained and established; and the lines so ascertained and established, according to the Bill alluded to, may be firm and permanent. Your petitioners, therefore, believing this would establish peace and order, leave it to impartial consideration, and, as in duty bound, will ever pray, and for the prosperity of Government.

To the Honorable the House of Assembly of the Province of Upper Canada in Parliament assembled.

The Petition of the Inhabitants of Trafalgar, Nelson, Flamboro' (east and west), Beverley, Blocks 1, 2, and 3, in Haldimand, North West of Dundas Street in the West Riding of the County of York, also in Haldimand, South East of Dundas Street, to a line extended from the East angle of the Gore of Townsend to the South corner of the Townships of Binbrook, Saltfleet, Glanford, Barton and Ancaster in the District of Niagara.

Humbly Sheweth,

That Your Petitioners at present labour under many inconveniences owing to their situations being so remote from those parts of the Districts of York and Niagara where the Courts of Law are held, and other public business of the country transacted; occasioning to Your Petitioners serious loss of time, heavy expenses, and in the instances of barring of dowers much difficulty to their families. Your Petitioners might well enlarge upon this score were they not satisfied that Your Honorable House will at once be aware of them, more particularly when it is considered how populous the several named Townships are, and the necessity that the various local interests of an extensive, growing part of the country, should have more steady and minute attention paid to them than is practicable under existing circumstances. From these considerations Your Petitioners earnestly beg leave to call the attention of Your Honorable House, and to pray that in your wisdom an Act may be passed separating the Townships inhabited by Your Petitioners from the Districts of York and Niagara, and forming them into a new District and County. Your Petitioners have great satisfaction in being able to assure Your Honorable House that from the flourishing state of their parts of the Districts of York and Niagara, and the respectability and known good order of the inhabitants, every means that are requisite for giving immediate force and stability to the proposed new District, and to meet the attendant pecuniary exigencies may be found therein.

While thus addressing Your Honorable House, Your Petitioners cannot forbear recommending to your notice an object of the greatest solicitude, being that Your Honorable House, in the event of a division taking place, will be pleased to select a situation for the County Town, where, both from a present view of the country, and the probability of its progress, it may not hereafter prove ineligible; and where healthfulness and general conveniency abound.

Your Petitioners are informed that situations have been recommended to Your Honorable House as well adapted for the purpose, and Your Petitioners flatter themselves with the hope that if urged with the private motives of individuals any should be proposed that do not embrace the true interests of the country, they may meet with a merited reception. Your Petitioners conceive it will not be deemed unacceptable their accompanying their Petition with a map of the proposed New District, and have marked thereon, for the consideration of Your Honorable House, a spot which they are of opinion is well calculated, not only at present, but with a contemplative view of what may be looked for from the future prosperity of this flourishing settlement; it will be found upon the south side, and near the head of Burlington Bay, viz., Lot Number Fourteen in the Second Concession of the Township of Barton, upon the main Western Road of the Province, and where various country roads concentrate. This spot is peculiar for its natural advantages, the site being handsome and extensive; abounding with fine springs of water, excellent building stone and other materials, firewood, etc.; and within one mile and a quarter of the best harbour in the Bay. Your Petitioners are prepared to assure Your Honorable House that the proprietors of the Lot herein alluded to and the lots adjoining it are ready to appropriate gratuitously sufficient lands upon which to erect Public Buildings, and also to dispose of Thirty acres of land to be laid out in Town lots at the price of Twenty-five Dollars per acre.

Your Petitioners have only further to assure Your Honorable House with the greatest reverence and respect, that, as in duty bound, they will ever pray.

(Signed) Augustus Jones, E. Jones, Isaac Samson, Wm. Davis, Jun'r, John Springstead, Walter Bates, and three hundred and seventy-eight others.

Mr. Gough moved, seconded by Mr. Dorland, that the Petition of the Inhabitants of the Midland District be now read.

The said Petition was then read, and is as follows:

To the Honorable the Legislative Council and Commons House of Assembly, in Provincial Parliament assembled.

The Petition of the Inhabitants of the Midland District,

Humbly Sheweth,

That we, His Majesty's most dutiful and loyal subjects, believe it would be to great advantage, and to the peace and prosperity of His Majesty's subjects in this Province, if the settlement and establishment of the boundary lines enclosing the Townships could be without any alteration of their original courses. For that end and intent Your Petitioners express their satisfaction with what was brought forward last winter, intituled "An Act concerning Land Surveyors, and the ascertaining the boundaries, and the admeasurements of lands in this Province."

Your Petitioners, therefore, humbly request that the Act alluded to may be passed into a law, believing that it is founded on justice and equity.

And Your Petitioners, as in duty bound, will ever pray.

(Signed) Simon McNabb, Leonard W. Meyers, Gilbert Harris, George W. Meyers, Stephen Gilbert, Owen Phonlin, and ten other Petitioners.

That your Petitioner begs leave to state to Your Honorable Bodies that he possesses a new invented method of carrying on the distilling business to a greater degree of perfection than heretofore experienced, by the power of steam.

Your Petitioner can also, by steam, make grist mills and saw mills do business to as much advantage as if effected by water.

He also can, by the power of steam, improve chemistry, and supply various branches for domestic utility, equal to what the power of water can effect. He therefore begs leave to submit with great deference, this, his useful discovery to your consideration, and to solicit an exclusive right to this his discovery for the period of seven years, secured to him in such manner as to Your Honorable Bodies in your wisdom shall seem meet.

And Your Petitioner, as in duty bound, will ever pray.

York, 1st March, 1811.

(Signed) Almarin James.

He hereafter submits his prices to your consideration, viz.:

For the benefit of a Grist Mill, \$35.

For the benefit of a Saw-Mill \$35

For the benefit of Distilleries, \$25.

And every kind of machinery going by water in equal proportion.

These are to certify that I have seen in operation upon a small scale the contrivance for distillery in wooden vessels by steam, introduced into this Province by Almarin James, and that it appeared completely to answer the purpose.

York, 1st February, 1811.

(Signed) Richard Cartwright.

Home District, York, 26th Feby., 1811.

I hereby certify that the bearer, Almarin James of the Town of Kingston, Midland District, has this day come before me and taken the Oath of allegiance according to law.

(Signed) W. Allen, J. P.

Whereas Almarin James, a citizen of the United States hath alleged that he has invented a new and useful improvement, being a steam still, which improvement has not been known before his application, and we, the undersigners, are well acquainted with the said James, and do verily believe him, the said James, to be the true inventor thereof.

Whitestone, January 27th, 1811.

(Signed) Levi Rice, David Tucker, William Simons, Daniel Ferguson, James Patterson, Reuben Ferguson, Joseph Ferguson, William Fields, Aaron Baby.

I do hereby certify that I was present at an experiment made by Almarin James on new invented stills, and, as far as I can judge, will answer a good purpose, and save the distiller a great deal of money in setting his business in operation.

As witness my hand, at Kingston, this 12th day of February, 1811.

Mr Rogers, from the Select Committee, to whom was referred the Provincial Public Accounts, reported the proceedings of the Committee thereon.

He read the Report in his place, and then delivered the same in at the Table, where it was again read by the Clerk, and is as follows:

REPORT OF THE SELECT COMMITTEE appointed to take into their consideration the Public Accounts of this Province, the Third Session of the Fifth Provincial Parliament.

The Committee upon examining the Accounts Nos. 10 and 17 find, that all the payments that have been made are by proper authority, and that there remained in the Receiver-General's hands the 31st December, 1810, a balance of £5096 1 9

Upon examining the account No. 14 we find that there was outstanding the 31st December, 1810, on duties collected on Shop, Innkeepers' and Still Licenses, issued between 5th January, 1810, and 5th January, 1811, as far as the accounts have been received 783 3 2¼

It appears by the account No. 8 that there was outstanding 31st December, 1810, of duties collected on goods imported from the United States, between 1st January and 31st December, 1810, as far as accounts have come to hand, the sum of 474 19 2½

It also appears by the account No. 7 that there was outstanding the 31st December, 1810, of duties collected on Licenses issued to Hawkers, Pedlars and Petty Chapman, for the year ending 5th April, 1811, as far as the accounts have come to hand.... 232 0 6

There is due from Colin McNabb, late Collector at Niagara since 1802 87 0 10¼

The amount of the duties to be received from Lower Canada for duties collected on goods imported into this Province between 1st January and 31st December, 1810, after deducting the expense of collection will probably amount to 4353 0 0

£11026 5 6

Sums that will immediately be wanted:

The sum appropriated for roads, District of Johnstown	£200	0	0
District of Johnstown, Western District	200	0	0
Six Sheriffs, due 3rd March next, £50 each	300	0	0
	£700	0	0

Some small sums will also be soon due to several School masters.

All the Officers of the two Houses of Assembly are paid up to the 7th January, 1811, inclusive.

The balance of Lighthouse duty in the hands of the Receiver-General last year, as stated by the Committee, was £314 13 8½

There has been collected to the 31st December, 1810, as far as the accounts have come to hand, £14 9s. 10½d., of which is yet outstanding 155 17 10½

£470 11 7

The expenses of lighthouses last year:

York, to 31st December, 1809	£38	15	11		
York, to 30th June, 1810	29	7	0		
York, to 31st December, 1809	31	9	8		
Niagara, to 30th June, 1810	30	12	6		
				130	5 1

Balance in the Receiver-General's hands 340 6 6

Account of money in the Receiver-General's hands, appropriated but not applied:

To support the War, by vote	500	0	0		
To purchase the British Statutes	175	0	0		
For Public Buildings at York	2800	0	0		
				£3475	0 0

Account of money raised under British Acts of Parliament not accounted for:

On Shop and Innkeepers' Licenses issued between 5th January, 1810, and 5th January, 1811, as far as the accounts are come to hand £620 9 2 4-10

For duties on goods imported from the United States, from 1st January to 31st December, 1810, as far as the returns have been received 328 19 9

To fines and forfeitures 115 16 8¾

£1065 5 8 3-20

The Committee cannot exactly state the sum to be received from Lower Canada for duties, as they do not know what the expense of collection will amount to; they presume, however, that the amount as stated will be the sum this Province will receive nearly.

The Committee observe that the fines, etc., imposed in the several Courts are in the accounts supposed to be levied under British Acts of Parliament; they submit to the House whether they can be properly said to be so levied.

The Committee observe that some of the Collectors of Customs do not furnish their accounts as by law they are required; neither do some of them pay in the money as they are required.

Two Pounds on each tavern and shop license is supposed to be levied under a British Act of Parliament, and the money not accounted for.

All which is humbly submitted.

By Order of the Committee.

(Signed) D. MCG. ROGERS, Chairman.

Mr. Gough, one of the Select Committee appointed to examine the accounts of Commissioners of Roads in this Province, reported the proceedings of the Committee thereon, which he read in his place, and then delivered the same in at the Table, where it was again read by the Clerk, and is as follows:

Your Committee, to whom were referred the accounts of the Commissioners appointed under the several Acts of the Parliament of this Province for the amend-

ing and repairing the Public Highways and Roads, laying out and opening New Roads, and building Bridges in the several Districts thereof; also the accounts of the Commissioners for the purchase of Hemp,—beg leave to report as follows:

That they have examined the accounts of the different Districts for the money allotted for Roads in the following order. Of the money appropriated in the year 1804 warrants were only issued for the Home District, £150, and for the District of London, £250, which, being applied under the direction of the Lieutenant-Governor, by and with the advice and consent of the Executive Council, the accounts of the expenditure thereof have been audited and approved in Council.

EASTERN DISTRICT.

From this District there is no account of the expenditure of £200, appropriated in the year 1806, which was to be laid out under the directions of the Magistrates in General Quarter Sessions, and presume the same has been accounted for to them: the different sums granted for the years 1808, 1809, and 1810, appear to be duly accounted for, and there remains a balance unexpended in the hands of the Commissioners, Reverend John Strachan, Josh Anderson, and David Sheek, Esquires, £10 16s. 10¾d.

The Committee are informed that the work done in this District is insufficiently done in many parts, some of the causeways having been washed away for want of being properly covered.

DISTRICT OF JOHNSTOWN.

The Committee have the Treasurer's account of the sums paid by him in the year 1806, in compliance with the orders of the Magistrates in General Quarter Sessions, but the Treasurer has made no charge of Commission, although authorized by law to retain three per cent.

They have likewise received the Commissioner's accounts for the years 1808 and 1809, with a report of the Commissioners, of the money being properly applied: but they have no account of the expenditure of £200, appropriated for the year 1810, for which the Warrant has issued, as appears by the Inspector General's return, and remains to be accounted for by the Commissioners. £200.

MIDLAND DISTRICT.

The accounts from this District are minute in detail, accompanied with proper vouchers, verified on oath; there appears a balance due to the Honourable Richard Cartwright, one of the Commissioners

Commissioners	£7	16	8
Also an error of		9	11
Due Sir Richard Cartwright	£8	6	7

DISTRICT OF NEWCASTLE.

The Committee have received the Treasurer's account for 1806, which they conclude has been audited by the Magistrates in General Quarter Sessions, being expended under their direction.

Also the account of Alexander Fletcher, one of the Commissioners attested on oath, for the years 1808, 1809, and 1810, in whose hands a balance remains of £3. 8s. 6d.

Also the account of Elias Jones, Esquire, one of the Commissioners, accompanied with the vouchers for the expenditure of the appropriation of the years 1806, 1808 and 1809, by which there appears to be a balance in his hands of £1 11 11½

To which add short allowed by him received from the Treasurer in 1806, £19, instead of £19 17s. 6d. 17 6

£2 9 5½

Also paid him by Alexander Fletcher, Esquire, one of the Commissioners in the year 1810 123 3 4½

To be accounted for by Mr. Jones £125 12 10

The Committee have also Robert Baldwin, Esq., one of the Commissioners' account for the years 1808, 1809, and 1810, by which there appears a balance in his hands of £9 19 0

Also retained from Wilson until the work undertaken by him is completed 5 15 0

This sum not paid Leonard Soper, Esquire, but retained in Mr. Baldwin's hands, although charged in his account. Your Committee cannot but remark the impropriety of blending private transactions with Public accounts, as this charge refers to a yoke of oxen sold, which Mr. Soper states to be £13, and there is retained by Mr. Baldwin 18 2 6

His charge of commission at ten per cent., the law having made no provision for such charge, your Committee think they would not be justified in admitting it 21 5 0

£55 1 6

To be accounted for by the Commissioners £180 14 4

It has been suggested to the Committee by those residing where the money expended by Alexander Fletcher, Esquire, has been laid out, that sufficient work does not appear to be done adequate to the sums charged in his account with these remarks.

That cutting and clearing away underbrush is twice charged in the year 1809, first in the sum of £10 16s., and afterwards the additional sum of £2 10 0

Making 30 rods of causeway charged in 1809, but we apprehend was done in 1810, and included in the sum of £71 8s. 6d. that year paid sundry persons for work, and also that the causeway was made for 7s. 6d. per rod, amounting only to

£11	15	0
<hr/>		
£14	5	0

The Committee having no vouchers from Mr. Fletcher, are incompetent to ascertain the above statement to a certainty, or the correctness of Mr. Fletcher's account, his charge of £4 for a bridge on the front road in Darlington, and no bridge was built, only some timber there, the greatest part of which was got out by Statute Labour.

There also appears a discontent in this district as to the mode and time in which the persons who performed the labour were paid, when they expected to be paid in cash when the work was done, were paid in goods out of stores in York, and in some cases not until twelve months after.

HOME DISTRICT.

The Committee have received the accounts of William Allan, Esquire, Treasurer for the year 1806, approved in General Quarter Sessions, and certified by the Chairman, on which there is a balance due the Treasurer of

£0	8	2
----	---	---

Also the account of Samuel Smith, Esquire, one of the Commissioners for the expenditure of £200, appropriated in the year 1898, with vouchers, on which there is a balance due him of

DISTRICT OF NIAGARA.

The Committee have received the Treasurer's account of £150, the appropriation of the year 1806, which they conclude has been audited by the Magistrates in General Quarter Sessions.

They have also the account of Richard Hatt, Esquire, for part of the expenditures by him under the different appropriations of the years 1806, 1808, 1809, and 1810, on which there appears a balance due by him of £127 16 4

In addition thereto Mr. Hatt appears to have received from the Receiver General, by the Inspector General's Schedule, the full appropriation of the year 1810, being £250, and he only gives credit for £150, short 100 0 0

£227 16 4

He has also omitted to charge paid Samuel Street, Esquire, another of the Commissioners, and admitted in Mr. Street's account 50 0 0

To be accounted for by Mr. Hatt £177 16 4

Paid William Crooks on part of the road not expended, as appears per Joseph Edwards, Esquire's letter of the 17th January, 1811, to the Inspector General, to be accounted for.. 30 0 0

Also paid Thomas Dickson and Thomas Clark, not expended, as appears per do., and to be accounted for 20 0 0

Balance due on Samuel Street's account for the years 1809 and 1810 60 4 10½

Balance in Joseph Edwards, Esquire's, hands for the year 1809 153 2 9

To be accounted for by the Commissioners £441 3 11½

In Mr. Edwards' account is the charge of £3 0s. 5d. for expenses coming to York to receive the money in the year 1809. They suggest to the House the propriety of such a charge, more especially as so large a part thereof remains unexpended in his hands since June, 1809.

DISTRICT OF LONDON.

The Committee have received the account of the Treasurer, also of the Commissioners of the application of the appropriation of £300 for the year 1806, certified and approved in General Quarter Sessions, on which there is a balance due the Commissioners, Daniel Springer and Archibald McMillan, of £2 16s. 4½d.

Also the account of John Yeigh, one of the Commissioners for the year 1808, for the expenditure of £200, appropriated for that year, but unaccompanied by any vouchers.

Also Daniel Springer and Thomas Welsh, Commissioners, their account for the expenditure of £200, appropriated for the year 1809, but unaccompanied with any voucher. They have received no account from Robert Nichol of the application of £300, appropriated for the year 1810, and remains to be accounted for by him, £300.

In the foregoing accounts your Committee find the following sums charged by the respective Commissioners for personal attendance and rations, expenses of bringing the money from York, and risk, advertising and taking in proposals, procuring a compass, etc., for which there is no provision made by law. The Committee submit to the House whether they ought to be admitted, viz.:—

Archibald McMillan, 1806	£6	7	6
James Burdick, 1806	5	8	9
Daniel Springer, 1806	15	15	0
Thomas Horner and Edward Watson, 1806	3	12	6
John Yeigh, 1808	14	0	0
Daniel Springer, 1809	13	6	3
Thomas Welsh, 1809	12	5	0
	<hr/>		
	£70	15	0

Exclusive thereof there is charged for surveying the roads during those years, £35. 5s. 11¼d.

WESTERN DISTRICT.

The Committee have the Treasurer's account for the year 1806, also the vouchers for the expenditure £250, appropriated for that year.

Also the account of John McGregor, Esquire, one of the Commissioners, with the vouchers for the expenditures of the moneys appropriated for the years 1808, 1809, and 1810, on which there appears to be due by him

£194	19	3
To which add commission he charges, not provided by law..	16	10 0
	<hr/>	
	£211	9 3

Mr. McGregor also states that the axes, spades, &c., charged in his account are in his store, to remain till further occasion for them on the public roads.

Recapitulation of the different sums to be accounted for by the Commissioners of the respective districts, viz.:

Eastern	£74	16	10	3-4
Johnstown	200	0	0	
Newcastle	180	14	4	
Home	468	15	0	
Niagara	441	3	11½	
London (exclusive of personal services if disallowed)	300	0	0	
Western	211	9	3	
	<hr/>			
	£1876	19	5¼	
Due the Midland	£8	6	7	
“ Home	11	11		
“ London	2	16	4¼	
	<hr/>			
		11	14	10¼
	<hr/>			
Total	£1865	4	7	

Although there is so large a sum unaccounted for by reason of some of the accounts not being returned, yet there remains a large sum still to be expended, and the Committee cannot but express their regret that more zeal and exertion, and a more rigid economy has not been exhibited to effect the beneficent intentions of the Legislature.

All which your Committee submit to this Honorable House.

(Signed) Tho's. B. Gough, M. Elliott, David Secord, J. B. Baby, Tho's. Fraser.

Read, the Petition of sundry inhabitants of the Home District, which is as follows:—

To the Honorable House of Assembly of the Province of Upper Canada.

The Petition of the Subscribers, Inhabitants of the Townships of York, Etobicoke, Trafalgar, Toronto and Nelson.

Most humbly sheweth,

That Your Petitioners, as well as all other of His Majesty's subjects who travel the road leading from York to the western parts of this Province, are frequently put to very great inconveniences and danger, from the want of bridges across the Rivers Humber and Credit, particularly in the early part of the winter, and in the spring of the year, at which periods the ice is frequently in such a state as neither to admit of persons crossing on it or in boats.

That Your Petitioners would be very much benefited by the building of bridges across the said rivers near their mouths.

Therefore, Your Petitioners pray that Your Honorable House will be pleased to join in granting such a sum of money as will be necessary for that purpose.

And Your Petitioners, as in duty bound, will ever pray.

(Signed), Richard Beasley, John Emery, John Smith, John Mir. A. Cowell, Thos. Henton and eighty-five other petitioners.

Also read, the Petition of William Allan, Esq., one of the Commissioners for the purchasing of hemp, which is as follows:

To the Honorable the House of Assembly of the Province of Upper Canada, &c., &c., &c.

The Petition of William Allan of York, one of the Commissioners appointed by His Excellency the Lieutenant-Governor for the purchase of hemp, and every part thereof.

Humbly Sheweth,

That Your Petitioner had the honor of being named as Commissioner for the purchase of hemp by the Late Lieutenant Governor, after the passing of the Act in 1804, and did continue to purchase and export the same, according to the best of his judgment, without making any charge for storage or commission till 1809; but on seeing at that period the account of one of the other Commissioners, wherein storage was charged at 50 per bundle, Your Petitioner thought, of course, that although the law did not provide for any allowance of commission, yet it was not contemplated by the Honorable House of Assembly that the Commissioners should take so much trouble, and run so great risk, without some allowance. Upon which Your Petitioner presumed to charge the said Commission. He, therefore, prays that the wisdom of the House will take into consideration and admit of the said Commission, charged previous to the passing of the late Act.

And Your Petitioner, as in duty bound, will ever pray, &c., &c., &c.

To the Honorable the Commons House of Assembly, in Parliament assembled.

The Petition of the Subscribers, inhabitants of the County of Prescott, Eastern District, and Province of Upper Canada.

Humbly Sheweth,

That Your Memorialists beg leave to represent that they have long been settled in this County, and that from its situation on the Rapids of the Grand or Ottawa River they have suffered many and great inconveniences for want of a road in front of the Township of Hawksborough.

Your Memorialists further represent that many valuable settlers, after having passed several years above those rapids, seeing no prospect of having a sufficient road to transmit their produce by land, have actually removed below, and that the heavy expense and risk attendant on ascending the rapids have deterred many from moving to this country.

Your Memorialists further represent that having all these difficulties to encounter, that being cut off from the settlements in the other parts of the District and Province, except such communication as is kept open by individual exertion, the Statute Labour being insufficient to make roads from house to house, on account of the chief part of the lands being held by non-residents,—

Your Petitioners would therefore beg that Your Honorable House will be pleased to take their situation into consideration, and grant such a sum of money as they in their wisdom may think proper to be appropriated to the making a good cart road across the front of the Township of Hawksborough.

And Your Memorialists, as in duty bound, will ever pray.

Resolved, That it is the opinion of this Committee that the Commissioners for the Eastern District have not properly executed the trust reposed in them, by an injudicious application of the moneys committed to them for the purpose of amending and repairing the Highways in the said District.

Resolved, That it is the opinion of this Committee that the money appropriated by law for the District of Johnstown for 1808 and 1809 has been properly applied by the Commissioners of Highways for that District, and that the money appropriated in 1810 has not yet been expended.

Resolved, that it is the opinion of this Committee that the Commissioners of Highways in the Midland District have with propriety executed the trust reposed in them by the Legislature, and they highly approve of the regularity that appears in the accounts received from that District.

Resolved, that it is the opinion of this Committee that Charles Jones, Esquire, Commissioner of Highways in the District of Newcastle has with propriety accounted for the money that has been intrusted to him to lay out on the roads for the years 1808 and 1809, all the charges being accompanied by proper vouchers; and they presume the money now in his hands will be properly accounted for hereafter.

Resolved, that it is the opinion of this Committee, that the Commissioners of Roads appointed for the Western part of the District of Newcastle have misapplied the money committed to their charge for the amending and repairing the Public Highways and Roads in that part of the District, and that great dissatisfaction prevails on account of the improper conduct of the said Commissioners.

Resolved, that it is the opinion of this Committee, that the Commissioners for the Home District have properly executed their duty for the years 1806, 1807, 1808 and 1809, and that all the sums received by them up to that time appear to

be duly accounted for. They presume that the sum granted for 1810 will hereafter be properly applied and accounted for.

Resolved, that it is the opinion of this Committee that the Acting Commissioners of Highways appointed for the District of Niagara have neglected the trust reposed in them; that the sum of Four Hundred and Forty One Pounds, Three Shillings and Elevenpence Halfpenny remains in their hands unaccounted for, and that no vouchers have been produced in confirmation of the sums said to be expended by the said Commissioners.

Resolved, that it is the opinion of this Committee that of the sum of Fifty Pounds, Provincial Currency, granted in the year 1810 for the road from Buchner's Bridge in Willoughby, to William Steele's in Humberstone, there has only been the sum of Thirty Pounds and One Shilling, New York Currency, expended on that Road, agreeable to the intention of the Legislature,

Resolved, that it is the opinion of this Committee that the Commissioners of Highways for the London District have abused their Office by the misapplication of the moneys committed to their care, and that Three Hundred Pounds rests in the hands of Mr. R. Nichols, a Commissioner, no part of which appears to have been applied to public uses.

Resolved, that it appears that the Commissioners of Highways in the Western District have faithfully executed the trust reposed in them by the Legislature, and have properly applied the sums intrusted to them.

Capt. Fraser moved, seconded by Mr. McNabb, that the sixth Rule of the House be dispensed with so far as it relates to the reading of the Petition of John Beikie, Esquire, and that the said Petition be now read.

The said Rule was accordingly dispensed with, and the Petition of John Beikie was then read, and is as follows:—

To the Honorable the Speaker and the Members of the Commons House of Assembly.

The Memorial of John Beikie,
Respectfully Sheweth,

That Your Memorialist performed the duty of Clerk, during the year 1810, to the Commissioners appointed to carry into effect an Act of the Parliament of this Province, passed in the forty-eighth year of His Majesty's Reign, intituled "An Act to continue an Act passed in the forty-fifth year of His Majesty's Reign, intituled 'An Act to afford relief to those persons who may be entitled to claim lands in this Province as Heirs or Devisees of the Nominees of the Crown, in cases where no Patent hath issued for such lands, and further to extend the benefits of the said Act.'"

That Your Memorialist has been allowed a small compensation for services to the 31st December, 1809, and therefore prays that his case may be taken into consideration for the year 1810, and that such allowance may be made to him as the House shall think meet.

And Your Memorialist will ever pray.
9th March, 1811.

(Signed) JOHN BEIKIE.

Mr. Gough then moved, seconded by Capt. Fraser, that the petition of John Beikie, Esquire, be referred to the Committee on Contingent Accounts, which was ordered accordingly.

Mr. Speaker,—

I am commanded by His Excellency the Lieutenant Governor to acquaint this Honorable House that it is His Excellency's pleasure that the Members thereof do forthwith attend upon him in the Legislative Council Chamber.

Accordingly, Mr. Speaker, with the House, went up to attend His Excellency; when he was pleased to give, in His Majesty's name, the Royal assent to the following Public and Private Bills:

An Act to amend an Act passed in the forty-eighth year of His Majesty's reign, intituled "An Act to explain, amend and reduce to one Act of Parliament the several laws now in being for the raising and training the Militia of this Province."

An Act to amend the process of the District Courts, and also further to regulate the proceedings of Sheriffs, in the sale of goods and chattels taken by them in execution.

An Act to repeal an Ordinance of the Province of Quebec, passed in the seventeenth year of His Majesty's reign, intituled, "An Ordinance for ascertaining

Damages on Protested Bills of Exchange, and fixing the rate of interest in the Province of Quebec," also to ascertain the damages on Protested Bills of Exchange, and fixing the Rate of Interest in this Province.

An Act to extend Personal Arrest to the sum of Forty Shillings, and otherwise to regulate the practice in cases of personal arrest.

Mr. Speaker then said:—May it please Your Excellency to approve of the five Bills which the Assembly, with the concurrence of the Legislative Council, have passed in aid of His Majesty, which are as follows:

An Act for applying a certain sum of money therein mentioned to make good certain moneys issued and advanced by His Majesty through the Lieutenant-Governor in pursuance of an Address of this House.

An Act to repeal an Act passed in the forty-seventh year of His Majesty's Reign, intituled "An Act to repeal the several Acts now in force in this Province, relative to Rates and Assessments, and giving the several valuations at which each and every particular of such property shall be rated and assessed," and to make further provision for the same.

An Act to amend and continue for a limited time an Act passed in the forty-ninth year of His Majesty's Reign, intituled "An Act for continuing for a limited time the Provisional Agreement entered into between this Province and Lower Canada, at Montreal, on the fifth day of July, one thousand eight hundred and four, relative to Duties, also for continuing for a limited time the several Acts of the Parliament of this Province now in force, relating thereto."

An Act to repeal an Act passed in the forty-seventh year of His Majesty's Reign, intituled "An Act for granting to His Majesty's Duties on Licences to Hawkers, Pedlars, and Petty Chapmen, and other trading persons therein mentioned," and further for granting to His Majesty Duties on Licences to Hawkers, Pedlars, and Petty Chapmen, and other trading persons therein mentioned.

An Act for granting to His Majesty a certain sum of money out of the funds applicable to the use of this Province, to defray the expense of amending and opening the Public Highways and Roads, and building of Bridges in the several districts thereof.

To which five Bills His Excellency, the Lieutenant-Governor, was pleased to give the Royal assent in His Majesty's name.

And then His Excellency was pleased to make the following Speech to both Houses:

Honorable Gentlemen of the Legislative Council, and Gentlemen of the House of Assembly:—

In closing this Session of the Legislature I am happy in expressing the sense I entertain of the diligence and attention with which you have conducted the various objects of public concern that have come under your notice.

It is with pleasure I observe that your liberality is continued, and further extended, to the opening and amending of Roads and the Building of Bridges; as it is by a facility of communication, and of intercourse, that the interest of agriculture and commerce may be effectually promoted, and the industrial settler enabled to receive his merited reward.

The progressive state of improvement in this Province presents us with the most flattering prospects of success, and while it affords convincing proofs of what patient industry can accomplish, holds forth, also, a well-grounded hope, that by the fruits of our labour and the fertility of our soil we shall be enabled not only to insure plenty to ourselves, but, through the intervention of commerce, to become a valuable Colony to our Parent State.

The other laws which you have enacted, and to which I have now given the Royal assent merit also my approbation. It only remains for me to recommend that you will strengthen the laws of your country by your influence and example, and that added to your public exertions in this place, you will, as individuals, promote good order, industry and loyalty among your fellow subjects, as it is only by such means that we can expect or hope for the continuance of that comfort, security and liberty, which we, under the protection of our Parent State, and under the best of Kings, have hitherto enjoyed.

13th March, 1811.

After which, the Honorable Speaker of the Legislative Council said:—It is His Excellency the Lieutenant-Governor's will and pleasure that this Provincial Parliament be prorogued until Wednesday, the seventeenth day of April next, to be then here held; and the Provincial Parliament is accordingly prorogued until Wednesday, the seventeenth day of April next.

[I hereby certify that the above and what is written on the foregoing pages is a true transcript of the Journal of the House of Assembly in Upper Canada, being the Third Session of the Fifth Provincial Parliament, assembled in the Town of York, on Friday, the first day of February last, agreeably to the Proclamation of His Excellency, Francis Gore, Esquire, Lieutenant-Governor of the Province of Upper Canada, &c., &c., &c.; and prorogued by His Excellency on Wednesday, the thirteenth day of March last.

Clerk of Assembly's Office, York, 15th May, 1811.
